Research Methods For Nurses And The Caring Professions

Pamela Abbott,Roger Sapsford,1998-05-16 Praise for the first edition of Research into Practice and Research Methods for Nurses and the Caring Professions These books provide a good introduction for the uninitiated to reading and doing research Abbott and Sapsford provide a clearly written and accessible introduction to social research One of their aims is to demystify research and in this they succeed admirably After reading the text and the articles in the reader and working through the various research exercises readers should have a clear appreciation of how to evaluate other people's research and how to begin their own David Field Journal of Palliative Medicine This book now substantially revised in its second edition is about the appreciation evaluation and conduct of social research Aimed at nurses social workers community workers and others in the caring professions the book is particularly focused on research which evaluates and contributes to professional practice The authors have provided many short practical exercises in the text and the examples are drawn mostly from projects carried out by one or two people rather than large research teams The clear accessible style will make this the ideal introductory text for those undertaking or studying research for the first time The book may be used in conjunction with Research into Practice Open University Press a reader of useful examples selected by the same authors [National Library of Medicine Current Catalog](#) National Library of Medicine (U.S.), [The Sociology of Healthcare](#) Alan Clarke,2013-09-13 The Sociology of Healthcare Second Edition explores the impact of current social changes on health illness and healthcare and provides an overview of the fundamental concerns in these areas This new edition features a brand new chapter entitled End of Life which will help health and social care workers to respond with confidence to one of the most difficult and challenging areas of care The End of Life chapter includes information on changing attitudes to death theories of death and dying and palliative care All chapters have been thoroughly updated to address diversity issues such as gender ethnicity and disability In addition expanded and updated chapters include Childhood and Adolescence and Health Inequalities The text is further enhanced through the use of case studies that relate theory to professional practice and discussion questions to aid understanding Links to websites direct the reader to further information on health social wellbeing and government policies This book is essential reading for all students of healthcare including nursing medicine midwifery and health studies and for those studying healthcare as part of sociology social care and social policy degrees In an age when health policy follows an individualist model of personal responsibility this book by Alan Clarke demonstrates with a vast array of evidence just how much there is such a thing as society An excellent overall book Dr Stephen Cowden Senior Lecturer in Social Work Coventry University *Professional Interpersonal Skills for Nurses* Carolyn Kagan,Josie Evans,2013-11-11 [Current Catalog](#) National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 **Patient Participation In Health Care Consultations: Qualitative Perspectives** Collins, Sarah,Britten, Nicky,Ruusuvuori, Johanna,2007-04-01 How

does patient participation work in practice What does it look like when it happens How can it be researched and how can it be taught This comprehensive book provides answers to these questions by exploring interconnections between theory research and practice It draws on different disciplinary perspectives in the health and social sciences and invites comparisons between different health care settings The research content of each chapter is accompanied by ideas for its educational and practical application Real examples invite comparison with academic research and health professionals experience Patient Participation in Health Care Consultations takes a multidisciplinary approach and is key reading for students and academics in health and social sciences and for practising health care professionals It will also be of interest to patients carers and policy makers **BOOK JACKET** **Anthology on Caring** Peggy L. Chinn,1991 The chapters in this Anthology on Caring in the words of editor Peggy L Chinn PhD RN FAAN express the idea the ideal and the practice of caring This collection of articles presents many views of the caring phenomenon in nursing Chapters such as The Importance of Knowing What to Care About and Caring for the Environment underscore the importance of caring to healthy living Read about culture specific care in close knit societies such as the Old Order Amish Rediscover why social activism is necessary in Health Promotion Caring and Nursing These essays will remind us as nurses to care for ourselves and the people around us

Midwifery Practice Jo Alexander,Valerie Levy,Sarah Roch,1993-11-11 This latest volume in the immensely popular Midwifery Practice Series deals with a further set of important issues this time drawn from all three stages of care during pregnancy The chapter structure adopted in the first three books is retained and as before presentation of a broad ranging survey and analysis of key research literature placed in the context of clinical practice is the guiding philosophy behind the whole book **Gerontology** D. B. Bromley,2024-05-10 Originally published in 1984 Gerontology Social and Behavioural Perspectives presents a selection of the contributions from the annual British Society of Gerontology conference held at the University of Liverpool in 1983 Issues covered include services for the elderly and their effectiveness policy issues and privatisation women and ageing cross cultural comparisons approaches to dementia and the topics of reminiscence attitudes education retirement visiting and research utilisation
