In Search of Goodness Ruth W. Grant,2011-03-15 The recent spate of books and articles reflecting on the question of evil might make one forget that the question of just what constitutes goodness is no less urgent or perplexing Everyone wants to think of him or herself as good But what does a good life look like And how do people become good Are there multiple competing possibilities for what counts as a good life all equally worthy Or is there a unified and transcendent conception of the good that should guide our judgment of the possibilities What does a good life look like when it is guided by God How is a good life involved with the lives of others And finally how good is good enough These questions are the focus of In Search of Goodness the product of a year long conversation about goodness The eight essays in this volume challenge the dichotomies that usually govern how goodness has been discussed in the past altruism versus egoism reason versus emotion or moral choice versus moral character Instead the contributors seek to expand the terms of the discussion by coming at goodness from a variety of perspectives psychological philosophic literary religious and political In each case they emphasize the lived realities and particulars of moral phenomena taking up examples and illustrations from life literature and film From Achilles and Billy Budd to Oskar Schindler and Shel Silverstein s The Giving Tree to Iris Murdoch and the citizens of Flagstaff Arizona readers will find a wealth of thought provoking insights to help them better understand this most basic but complex element of human life and happiness

Liminality in Tourism Robert S. Bristow,Ian Jenkins,2021-09-05 Liminality is not typically associated with tourism even though it can be viewed as an intrinsic element of the social cultural experiences of tourism Liminality in Tourism Spatial and Temporal Considerations

aims to build upon the tradition of liminality as expounded in social and anthropological disciplines elaborating on the theoretical principles and concepts found within certain aspects of the tourist journey and tourist product The emergence of post modern society has impelled a change in the tourist gaze towards a more experiential and adventuresome globalised experience An important aspect of the tourist phenomenon of liminality is where a transformative experience is triggered by entering a liminoid tourist space leaving the tourist permanently psychologically transformed before returning to normalised society The narrative provides a new perspective on the tourist experience with a provocative examination into the multidimensional aspects of tourism by exploring tourism within the spatial and temporal aspects of liminal landscapes Covid 19 has further changed the rubric of tourism Until the current pandemic tourism has basically been a fun experience In a post pandemic world however the tourist is now facing an unknown future which will almost certainly affect tourism liminality This book presents the reader with a wealth of examples and case studies closely illustrating the association between tourism and liminal experiences The geographical perspectives explore the more subconscious outcomes of destination and tourist product consumption The book should be a useful reader to tourism geography where the theory of liminality can be synthesized into tourist experiences The chapters in this book were originally published as a special issue of the journal Tourism Geographies

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
