

A vibrant, crowded Indian street scene, likely during a festival or public gathering. The street is filled with people, many wearing traditional Indian attire. In the foreground, a man in a brown shirt is riding a motorcycle. To his right, a woman in a bright yellow sari is walking. Further right, a man in a pink shirt is seen from the back. The background is filled with more people, motorcycles, and colorful banners hanging from buildings. The overall atmosphere is festive and busy.

O'Donnell, 1986-09 An array of internationally noted scholars examines the process of democratization in southern Europe and Latin America They provide new interpretations of both current and historical efforts of nations to end periods of authoritarian rule and to initiate transition to democracy efforts that have met with widely varying degrees of success and failure Extensive case studies of individual countries a comparative overview and a synthesis conclusions offer important insights for political scientists students and all concerned with the prospects for democracy The historical example of Italy after Mussolini as well as the more recent cases of Greece Portugal Spain and Turkey suggest factors that may make a transition relatively secure Prospects for Democracy Andrew Arato, 1999 *China and Globalization* Doug Guthrie, 2006 China and Globalization is a compact highly readable introductory text on contemporary China and the massive changes it is presently undergoing It focuses primarily on how economic structural change is driving the processes but discusses many other issues as well politics social change reform international economics and cultural change In its quarter century long shift from communism to capitalism China has transformed from a desperately poor nation into a country possessing one of the fastest growing and largest economies in the world Doug Guthrie covers the social economic and political factors responsible for the revolutionary changes and
