Protest Power And Change An Encyclopedia Of Nonviolent Action From Act Up To Womens Suffrage:

Protest, Power, and Change Christopher Kruegler, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company

A Theory of Nonviolent Action Stellan Vinthagen, 2015-11-15 In this ground breaking and much needed book Stellan Vinthagen provides the first major systematic attempt to develop a theory of nonviolent action since Gene Sharp's seminal *The Politics of Nonviolent Action* in 1973 Employing a rich collection of historical and contemporary social movements from various parts of the world as examples from the civil rights movement in America to anti Apartheid protestors in South Africa to Gandhi and his followers in India and addressing core theoretical issues concerning nonviolent action in an innovative penetrating way Vinthagen argues for a repertoire of nonviolence that combines resistance and construction Contrary to earlier research this repertoire consisting of dialogue facilitation normative regulation power breaking and utopian enactment is shown to be both multidimensional and contradictory creating difficult contradictions within nonviolence while simultaneously providing its creative and transformative force An important contribution in the field

A Theory of Nonviolent Action is essential for anyone involved with nonviolent action who wants to think about what they are doing

Psychology of Liberation Maritza Montero, Christopher C. Sonn, 2009-04-28 Since the mid 1980s the psychology of liberation movement has been a catalyst for collective and individual change in communities throughout Latin America and beyond and recent political developments are making its powerful transformative ideas more relevant than ever before

Psychology of Liberation Theory and Applications updates the activist frameworks developed by Ignacio Martin Baro and Paulo Freire with compelling stories from the frontlines of conflict in the developing and developed worlds as social science and psychological practice are allied with struggles for peace justice and equality In these chapters liberation is presented as both an ongoing process and a core dimension of wellbeing entailing the reconstruction of social identity and the transformation of all parties involved both oppressed and oppressors It also expands the social consciousness of professionals bringing more profound meaning to practice and enhancing related areas such as peace psychology as shown in articles such as these Philippines the role of liberation movements in the transition to democracy Venezuela liberation psychology as a therapeutic intervention with street youth South Africa the movement for representational knowledge Muslim world religion the state and the gendering of human rights Ireland linking personal and political development Australia addressing issues of racism identity and immigration Colombia building cultures of peace from the devastation of war

Psychology of Liberation demonstrates the commitment to overcome social injustices and oppression The book is a critical resource for social and community psychologists as well as policy analysts It can also be used as a text for graduate courses in psychology sociology social work and community studies

Democratic Protests and New Forms of Collective Action Liana Maria Daher, 2023-11-29 Following a dialogic and interdisciplinary approach this book highlights changes in the concept and action of disobedience presenting a theoretical framework and applied case studies Disobedience has traditionally been played out

through collective actions and protests which configure and propose alternative social scenarios to the status quo Today in a changing socio historical context disobedience represents a mode of political participation and a form of an active citizenship attempt to correct authoritarian drifts Furthermore it often highlights social problems and morally controversial issues Disobedience is not only a right granted to the individual within democratic systems and or duty imposed in the interest of society in a pro social sense i e defense of human rights and a tendency towards equalization but it also became an alternative process often symbolic of construction of reality The book focuses on a reconstructing the concept of social disobedience and the field s state of the art from an innovative contemporary theoretical and conceptual perspective and b analyzing its phenomenology within a specific territorial horizon with the objective of uncovering social and pro social aspects related to today s forms of disobedience The book therefore will appeal to students scholars and researchers of contemporary political theory political science democratization studies social movement studies criminology legal theory and moral philosophy

Power and Protest Lisa Leitz, 2021-03-02 Examining how marginalized groups use their identities resources cultural traditions violence and non violence to assert power and exert pressure this volume shines a light on the interaction of these groups with governments international organizations businesses and universities

Nonviolent Social Movements Stephen Zunes, Sarah Beth Asher, Lester Kurtz, 1991-01-16 Nonviolent Social Movements is the first book to offer a truly global overview of the dramatic growth of popular nonviolent struggles in recent years

Reclaiming the Great World House Vicki L. Crawford, Lewis V. Baldwin, 2019-10-05 The burgeoning terrain of Martin Luther King Jr studies is leading to a new appreciation of his thought and its meaningfulness for the emergence and shaping of the twenty first century world This volume brings together an impressive array of scholars from various backgrounds and disciplines to explore the global significance of King then now and in the future Employing King s metaphor of the great world house the major focus is on King s appraisal of the global human struggle in the 1950s and 1960s his relevance for today s world and how future generations might constructively apply or appropriate his key ideas and values in addressing racism poverty and economic injustice militarism sexism homophobia the environmental crisis globalization and other challenges confronting humanity today The contributors treat King in context and beyond context taking seriously the historical King while also exploring how his name activities contributions and legacy are still associated with a globalized rights culture

Human Rights, Human Dignity, and Cosmopolitan Ideals Matthias Lutz-Bachmann, Amos Nascimento, 2016-05-13 This book makes a significant contribution to the on going international dialogue on the meaning of concepts such as human rights humanity and cosmopolitanism The authors propose a new agenda for research into a Critical Theory of Human Rights Each chapter pursues three goals to reconstruct modern philosophical theories that have contributed to our views on human rights to highlight the importance of humanity and human dignity as a complementary dimension to liberal rights and finally to integrate these issues more directly in contemporary discussions about cosmopolitanism The authors not only present

multicultural perspectives on how to rethink political and international theory in terms of the normativity of human rights but also promote an international dialogue on the prospects for a critical theory of human rights discourses in the 21st century

Nonviolent Struggle Sharon Erickson Nepstad, 2015-09-01 Nonviolent Struggle provides a comprehensive introduction to civil resistance studies Through a wide array of historical examples Sharon Nepstad explains key concepts and debates illustrates different categories of nonviolent action describes the strategies and dynamics of nonviolent struggles and summarizes the most recent empirical research in the field This book offers a succinct coverage of the philosophy and strategy of nonviolent resistance

Responses to Nonviolent Campaigns Majken Jul Sørensen, 2015-08-09 This booklet introduces a model that can be used to analyse responses to a variety of civil resistance campaigns whether they are aimed at overthrowing dictatorships ending occupations or are social movements in democracies The model includes five main types of response with several subcategories from Introduction page 3
