

PROTESTANT POLITICAL PARTIES

PAUL FREDSTON

Protestant Political Parties A Global Survey

Jeffrey Haynes

Protestant Political Parties A Global Survey:

Protestant Political Parties Paul Freston, 2017-03-02 The recent global expansion of Protestant Christianity and the increase in multiparty democracies has led to the multiplication of Protestant political parties One cannot talk of Protestant parties today without mentioning countries as diverse as Norway Latvia New Zealand Indonesia Zambia and Nicaragua Whilst the well established parties of the Netherlands and Scandinavia have long been studied Paul Freston's groundbreaking book is the first global survey of this phenomenon After looking at the traditional Protestant heartlands of Europe and the English speaking world Freston traces the spread of the Protestant party model to post communist countries the Pacific the Muslim world southern Africa and Latin America He examines the circumstances favouring such parties and the political projects they represent The conclusion analyses the diversity of Protestant parties due to different interpretations of Christian politics and varied contexts This unique book will interest specialists and non specialists across disciplines and in many parts of the world The Cambridge Companion to Pentecostalism Cecil M. Robeck, Jr, Amos Yong, 2014-08-11 Pentecostalism is one of the fastest growing religious movements in the world Groups in the United States dominated early Pentecostal histories but recent global manifestations have expanded and complicated the definition of Pentecostalism This volume provides a nuanced overview of Pentecostalism's various manifestations and explores what it means to be Pentecostal from the perspectives of both insiders and outsiders Leading scholars in the field use a multidisciplinary approach to analyze the historical economic political anthropological sociological and theological aspects of the movement They address controversies such as the Oneness Trinity controversy introduce new theories and chart trajectories for future research The Cambridge Companion to Pentecostalism will enable beginners to familiarize themselves with the important issues and debates surrounding the global movement while also offering experienced scholars a valuable handbook for reference **Spirit and Power** Donald E. Miller, Kimon H. Sargeant, Richard Flory, 2013-08-15 An exploration of the global growth and social and political impact of Pentecostalism **Religion and Politics in Europe, the Middle East and North Africa** Jeffrey Haynes, 2009-10-16 This book examines the political activities of selected religious actors in Christian Muslim and Judaist contexts in Europe and the Middle East It explores the challenges these religious actors face in terms of citizenship democracy and secularisation **An Introduction to International Relations and Religion** Jeffrey Haynes, 2014-04-23 Not so very long ago it seemed reasonable to assert that the influence of religion on global politics was on the wane As the Western world became increasingly secular and the process of globalisation deepened it seemed inevitable on the surface at least that the voice of religion was to be heard softly if it was to be heard at all This has now changed and changed perhaps irrevocably As Jeff Haynes argues in this thought provoking and important new book various religious actors are now significantly involved in international relations and have become a crucial influence on policy in a post Westphalian world International Relations and Religion guides the reader through the complex issues at the heart of this

topic with clarity and insight This updated second edition starts with a close reading of the many theoretical and analytical concepts notably Huntington and the clash of civilisations that have grown up around this area and then concludes with a summary of the issues under discussion and attempts to put into context what it means to live in a world that is increasingly shaped by a whole host of diverse religious groups Essential reading for students of International Relations and Politics

Evangelical Christianity and Democracy in Latin America Paul Freston, 2008-04-11 In Latin America evangelical Protestantism poses an increasing challenge to Catholicism's long established religious hegemony At the same time the region is among the most generally democratic outside the West despite often being labeled as underdeveloped Scholars disagree whether Latin American Protestantism as a fast growing and predominantly lower class phenomenon will encourage a political culture that is repressive and authoritarian or if it will have democratizing effects Drawing from a range of sources *Evangelical Christianity and Democracy in Latin America* provides case studies of five countries Brazil Peru Mexico Guatemala and Nicaragua The contributors mainly scholars based in Latin America bring first hand knowledge to their chapters The result is a groundbreaking work that explores the relationship between Latin American evangelicalism and politics its influences manifestations and prospects for the future *Evangelical Christianity and Democracy in Latin America* is one of four volumes in the series *Evangelical Christianity and Democracy in the Global South* which seeks to answer the question What happens when a revivalist religion based on scriptural orthodoxy participates in the volatile politics of the Third World At a time when the global political impact of another revivalist and scriptural religion Islam fuels vexed debate among analysts the world over these volumes offer an unusual comparative perspective on a critical issue the often combustible interaction of resurgent religion and the developing world's unstable politics

Facing West David R. Swartz, 2020-04-09 In 1974 nearly 3 000 evangelicals from 150 nations met at the Lausanne Congress on World Evangelization Amidst this cosmopolitan setting and in front of the most important white evangelical leaders of the United States members of the Latin American Theological Fraternity spoke out against the American Church Fiery speeches by Ecuadorian Ren Padilla and Peruvian Samuel Escobar revealed a global weariness with what they described as an American style of coldly efficient mission wedded to a myopic right leaning politics Their bold critiques electrified Christians from around the world The dramatic growth of Christianity around the world in the last century has shifted the balance of power within the faith away from traditional strongholds in Europe and the United States To be sure evangelical populists who voted for Donald Trump have resisted certain global pressures and Western missionaries have carried Christian Americanism abroad But the line of influence has also run the other way David R Swartz demonstrates that evangelicals in the Global South spoke back to American evangelicals on matters of race imperialism theology sexuality and social justice From the left they pushed for racial egalitarianism ecumenism and more substantial development efforts From the right they advocated for a conservative sexual ethic grounded in postcolonial logic As Christian immigration to the United States burgeoned in the

wake of the Immigration Act of 1965 global evangelicals forced many American Christians to think more critically about their own assumptions The United States is just one node of a sprawling global network that includes Korea India Switzerland the Philippines Guatemala Uganda and Thailand Telling stories of resistance accommodation and cooperation Swartz shows that evangelical networks not only go out to but also come from the ends of the earth The Ecumenical Movement and the Making of the European Community Lucian Leuștean,2014 A study that assesses the political history of religious dialogue in the European Community detailing close relations between churchmen and high ranking officials in European institutions immediately after the 1950 Schuman Declaration *Christianity and Democracy Today* David P. Gushee,Paul Silas Peterson,2025-03-05 This volume explores Christianity's relationship with democracy in a global perspective How are the various democratic ideals being addressed by influential Christian intellectuals theologians ethicists churches and church leaders around the world today The contributors reflect on the status of the democratic idea in the churches theological academy and public religious life in a variety of social and political contexts They consider how the democratic idea can be cultivated in Christian communities and intellectual traditions with a view to contemporary challenges This book will be of particular interest to scholars of religion theology and political science **Evangelical Christianity and Democracy in Asia** David Halloran Lumsdaine,2009 Although a minority of the Asian population Protestants in Asia are a fast growing group What are the political implications of this evangelical Christianity In some cases religion has enabled poor and marginalized people to gain greater prosperity self confidence and civic skills and more open minded and democratic societies But does religion have the kind of cultural currency needed to generate political changes in governments such as China's Evangelical Christianity and Democracy in Asia provides six case studies on China Western India Northeast India Indonesia South Korea and the Philippines The contributors mainly younger scholars based in Asia bring first hand knowledge to their chapters The result is a groundbreaking work indispensable to everyone concerned with the future of the region Evangelical Christianity and Democracy in Asia is one of four volumes in the series Evangelical Christianity and Democracy in the Global South and grew from a Pew funded study that sought to answer the question What happens when a revivalist religion based on scriptural orthodoxy participates in the volatile politics of the Third World At a time when the global political impact of another revivalist and scriptural religion Islam fuels debate these volumes offer an unusual comparative perspective

As recognized, adventure as without difficulty as experience virtually lesson, amusement, as capably as deal can be gotten by just checking out a book **Protestant Political Parties A Global Survey** then it is not directly done, you could say you will even more in this area this life, around the world.

We allow you this proper as skillfully as simple way to get those all. We offer Protestant Political Parties A Global Survey and numerous ebook collections from fictions to scientific research in any way. accompanied by them is this Protestant Political Parties A Global Survey that can be your partner.
