The Grand Designer: Discovering the Quantum Mind Matrix of the Universe graham smetham,2010-10-31 A thorough investigation of the implications of quantum theory for the Philosophy of Religion This book shows that Stephen Hawking is incorrect when he says that modern physics disproves God In fact his own book *The Grand Design* requires the existence of an infinite Cosmic Mind The Grand Designer **THE SUN CREATION THEORY presents the Creation of the Universe** R.L. Dwyer,2014-08-28 THE SUN CREATION THEORY presents the Creation of the Universe will introduce a new and alternative scientific view for the genesis of the Universe which is currently stated as the Big Bang Theory with its fiery explosion of a primordial atom Instead the Sun Creation Theory depicts that the beginning of the cosmos was achieved with the creation of the absolute First Sun of the Universe This is considered the most important event of all time from which all else will follow Also presented is a totally new concept that Suns birth Suns birth Planets and Planets birth Moons all accomplished in a very natural sequence of events The long debated accretion theory for these formations can now be set aside At last a logical explanation can be given as to why all Planets are beholding to their Parent Sun and why Moons are beholding to their Parent Planet Finally the author states that while studying the subject of LIGHT as it pertains to radiation from the trillions upon trillions of Suns in the Universe It is my belief that I may have inadvertently stumbled onto the cause of Dark Matter in the Universe A totally new theory is being outlined which is the first of its kind It will require much new thinking by the scientific community before a decision can be made as to its merits This is the way of science **The Publishers' Trade List Annual** ,1985 **THE TRUTH OF THE ORIGIN OF THE UNIVERSE** Sabrie Soloman,2024-06-12 In a world filled with scientific explanations and theories it can be easy to lose sight of the ultimate truth of our existence The truth is that the universe with all its intricate complexities did not come into being by mere chance or a random explosion It was carefully designed and orchestrated by a higher power a Creator who holds everything together When we look up at the night sky and see the countless stars and galaxies stretching out into infinity we cannot help but be in awe of the sheer magnitude and beauty of it all The heavens declare the glory of God as it says in the Bible and remind us of the greatness of the one who made it all The theory of the Big Bang which posits that the universe began as a singular point and expanded over billions of years is a flawed explanation for the origin of the universe It fails to account for the

intricate design and order that we see in the cosmos as well as the existence of life on earth The marvel of our planet Earth with its perfect conditions for sustaining life points to a Creator who had a purpose and a plan in mind when he made it The countless galaxies and stars that we observe in the universe are a testament to the power and creativity of God They show us that we are part of a vast and wondrous creation one that was made by an intelligent designer who had a vision for it all The theory of evolution put forth by Charles Darwin is another flawed explanation for the diversity of life on earth It fails to explain the intricate complexities of living organisms and their unique design as well as the existence of the human soul It is clear that we are not the product of blind chance or random mutations but rather the handiwork of a loving and powerful Creator The truth of the origin of the universe points to a Creator who holds everything together and has a purpose and a plan for it all God stretches out the heavens and allows light to reach us here on earth showing us his care and provision for his creation We are not the product of random chance or blind evolution but rather the cherished creation of a loving God who made us in his image Let us never forget the marvel and wonder of the universe and the greatness of the one who made it all
