Provincial Families of the Renaissance James S. Grubb, 2019-12-01 Grubb's comprehensive analysis of his subjects compelling if inconspicuous lives investigates every significant aspect of private experience during the Renaissance marriage birth death household relations work land social status and spirituality Winner of the Society for Italian Historical Studies's Howard R Marraro Prize Originally published in 1996 Historical writing on the Renaissance has usually focused on the social extremes that co existed in the great metropolitan centers on either elites or the underclass As a result the world of the middling families and provincial societies remains largely unexplored Daily experiences in the lesser cities are however no less rich and revealing than those of Florence Venice and Milan In addition writes historian James Grubb these experiences offer new perspectives from which to reassess familiar assumptions about domestic life in the fifteenth century Based on memoirs and other records left by thirteen merchant families from the Veneto cities of Verona and Vincenza *Provincial Families of the Renaissance* is an engrossing study of daily lives that have until now been overlooked by scholars Grubb examines the attitudes and experiences of families undistinguished in their modest means and local ambitions from the majority of their compatriots uncovering a detailed historical landscape rich in social obligations commercial activities and religious beliefs Grubb's comprehensive analysis of his subjects compelling if inconspicuous lives investigates every significant aspect of private experience during the Renaissance marriage birth death household relations work land social status and spirituality In reconstructing provincial life in the Veneto Grubb discovers in his subjects an independence of mind that mediated their reception of metropolitan ideologies far more than the historiography of the Renaissance might suggest These unremarkable provincials were agents of their own destiny influenced in equal measures by prevailing attitudes local customs and personal convictions James Grubb is exploring new terrain in this book Distinguished by its clarity and eloquence this is a superior work of historical writing and analysis that merits comparison with the best monographs on the social history of Renaissance Italy Gene Brucker University of California at Berkeley [A Companion to the Worlds of the Renaissance](#) Guido Ruggiero, 2008-04-15 This volume brings together some of the most exciting renaissance scholars to suggest new ways of thinking about the period and to set a new series of agendas for Renaissance scholarship Overturns the idea that it was a period of European cultural triumph and highlights the negative as well as the positive Looks at the Renaissance from a world as opposed to just European perspective Views the Renaissance from perspectives other than just the cultural elite Gender sex violence and cultural history are integrated into the analysis **The Flight of Icarus** James S. Amelang, 1998-08-01 Exploring autobiographical texts written by European urban craftsmen from the fifteenth to the eighteenth centuries this wide ranging book studies memoirs diaries family chronicles travel narratives and other forms of personal writings from Spain France Italy Germany and England In the process it considers the motivations of the authors the changing forms and emphases of artisan narratives and more generally the significance of written self expression in early

modern popular culture By analyzing reading and writing as practices laden with social meaning this work aims to illuminate the changing role of the lower classes and other groups considered marginal in the history of literature and literacy It uncovers an Icarian logic by which writing about the self and one's immediate and private world developed as a complex response to widely shared expectations regarding the cultural and political subordination of craftsmen and others relegated to the margins of public life and discourse The book also contributes to the contemporary interdisciplinary debate concerning the nature and evolution of autobiographical writing It draws upon those currents within literary studies such as feminist criticism which favor a more flexible approach to the study of first person narrative than that adopted by traditional literary critics and historians of ideas It also argues for revising the standard history of autobiography eschewing the teleological presentation of a small handful of classic texts in favor of a more nuanced trajectory in which a wide range of social actors helped shape the emerging patterns of modern self understanding and expression
