Provincial America, 1600-1763 Bradley Chapin, 1966 Collection of primary materials for first 163 years of American history *Provincial America, 1600-1763* Evarts Boutell Greene, 1966 **Sources in American History: Provincial America, 1600-1763, edited by B. Chapin** George Harmon Knoles, 1965 Sources in American History Vol 1 Provincial America, 1600-1763 Bradley Chapin, 1966 **Criminal Justice in Colonial America, 1606-1660** Bradley Chapin, 2010-06-01 This study analyzes the development of criminal law during the first several generations of American life Its comparison of the substantive and procedural law among the colonies reveals the similarities and differences between the New England and the Chesapeake colonies Bradley Chapin addresses the often debated question of the reception of English law and makes estimates of the relative weight of the sources and methods of early American law A main theme of his book is that colonial legislators and judges achieved a significant reform of the English criminal law at a time when a parallel movement in England failed The analysis is made specific and concrete by statistics that show patterns of prosecutions and crime rates In addition to the exciting and convincing theme of a lost period of great creativity in American criminal law Chapin gives a wealth of detail on statutory and common law rulings noteworthy criminal cases and judicial views of how the law was to be administered He provides social and economic explanations of shifts and peculiarities in the law using carefully arranged evidence from the records His treatment of the Quaker cases in Massachusetts and the witchcraft prosecutions in New England throws new light on those frequently misunderstood episodes Chapin s book will be of interest not only to scholars working in the field but also to anyone curious about early American legal history *The Deerfield Massacre* James L. Swanson, 2024-02-27 Once it was one of the most famous events in early American history Today it has been nearly forgotten In an obscure two hundred year old museum in a little village in western Massachusetts there lies what once was the most revered but now totally forgotten relic from the history of early New England the massive tomahawk scarred door that came to symbolize the notorious Deerfield Massacre This impregnable barricade known to early Americans as The Old Indian Door constructed from double thick planks of Massachusetts oak and studded with hand wrought iron nails to repel the flailing tomahawk blades of several attacking native tribes is the sole surviving artifact from the most dramatic moment in colonial American history Leap Year February 29 1704 a cold snowy night when hundreds of native Americans and their French allies swept down upon an isolated frontier outpost and ruthlessly slaughtered its inhabitants The sacking of Deerfield led to one of the greatest sagas of adventure survival sacrifice family honor and faith ever told in North America 112 survivors including their fearless minister the Reverend John Williams were captured and led on a 300 mile forced march north into enemy territory in Canada Any captive who faltered or became too weak to continue the journey including Williams s own wife and one of his children fell under the knife or tomahawk Survivors of the march willed themselves to live and endured captivity Ransomed by the King of England s royal governor of Massachusetts the captives later returned home

to Deerfield rebuilt their town and for the rest of their lives told the incredible tale The memoir of Rev Williams The Redeemed Captive became the first bestselling book in American history and published a few years after his liberation it remains a literary classic The old Indian door is a touchstone that conjures up one of the most dramatic and inspiring stories of colonial America and now finally this legendary event is brought to vivid life by popular historian James Swanson

Children and Youth in America: 1600-1865 Robert Hamlett Bremner,1970 This book the first of three volumes that will provide the most complete documentary history of public provision for American children traces the changing attitudes of the nation toward youth during the first two and one half centuries of its history *Catalog of Copyright Entries.
