Carlos A. Llorens, 2024-01-18 You are in possession of one of humanity's most ever jealously guarded treasures This knowledge has been passed down not through written words but verbally through the ages Since ancient times men have insatiably searched for answers and during the early days of our consciousness on this planet we had a much purer mind and body which allowed us to discern things better with more agility and clarity during which we were able to gain awareness of how certain things work especially how we interact with ourselves and our environment The discoveries were amazing divine and magical to be conservative Those discoveries changed the course of humanity forever The knowledge was so powerful that it was never written in an effort to ensure that only a few would receive it verbally At a certain point these jealously guarded secrets were controlled by secret societies whose societies are composed of the most powerful individuals on earth called the elite class and the minority who believes that everyone should have access to this knowledge they decided to share it and now you have in your hands something very difficult to describe its true value With this knowledge if you apply it you

have the power to transform your life forever Discover your inborn inherited Divine secret abilities within you With this knowledge and its power may you never be the same KT Respectfully and with true and honest love for your success Carlos A Llorens Estas en posesion de uno de los tesoros celosamente guardados de los humanos Este conocimiento ha sido transmitido no escrito sino verbalmente a traves de los siglos Desde la antigüedad los hombres han buscado insaciablemente respuestas y durante los primeros tiempos de nuestra conciencia en este planeta teniamos una mente y un cuerpo mucho mas puros lo que nos permitio discernir mejor las cosas con mas agilidad y claridad durante los cuales pudimos obtener la conciencia de como funcionan ciertas cosa especialmente como interactuamos con nosotros mismos y nuestro entorno los descubrimientos fueron asombrosos divinos y magicos para ser conservadores esos descubrimientos cambiaron el curso de la humanidad para siempre Esos descubrimientos permitieron a los primeros hombres iluminados ejercitar algunas de nuestras santas habilidades dotadas y lograr algunos de los mayores logros jamas conocidos por la humanidad el conocimiento era tan poderoso que nunca fue escrito en el esfuerzo de asegurar que solo aquellos que demostraron poseer los requisitos previos los recibirian verbalmente a traves de un proceso de tutoria En cierto punto esos secretos celosamente guardados fueron controlados a traves de lo que hoy conocemos como Sociedades Secretas cuyas Sociedades estan compuestas por los individuos mas poderosos de la tierra llamada la clase elite esta clase se divide en dos partes la mayoria la cual cree que el resto de la poblacion debe trabajar para ellos ya que saben como manejar el planeta y la minoria que cree que todos deben tener acceso a este conocimiento gracias a su amor por la humanidad decision y voluntad de compartir este conocimiento ahora tienen en sus manos algo muy dificil de describir su verdadero valor Con este conocimiento y si lo aplicas tienes el poder de transformar tu vida para siempre Descubriras los secretos de tus habilidades heredadas nacidas dentro de ti De K T Con este conocimiento y su poder que nunca seas el mismo Respetuosamente con amor verdadero y honesto por su exito Carlos A Llorens Bulletin American Association for International Conciliation. Mexico is a fertile terrain for conspiracy theories due to its complex social environment and its proximity to the United States which not only made it a strategic platform during the Cold War but also today's land of bad hombres that according to Donald Trump should be fended off with a wall Conspiracy theories are always narrative in nature telling us about the state of the world and the actors behind such states of affairs This narrativity tends to be so enthralling that they have increasingly become the substance of entertainment and even politics This volume analyses Mexican conspiracy narratives explaining how they produce meaning in a variety of different social and political contexts This book will be of interest to researchers of conspiracy theories crime and its representations Mexican politics and society and US Latin American relations La pesca DIFERENTE Rev.
