Prussian Schoolteachers

Anthony J. LaVopa

Prussian Schoolteachers:

Prussian Schoolteachers Anthony J. LaVopa, 1980 In analyzing the social and professional struggles of Prussian elementary schoolteachers from the time of Frederick the Great to the end of 1848 La Vopa focuses on the first generation of trained teachers and their emancipation movement in the Revolution of 1848 This case history explores the subjective experience of social mobility the emergence of corporate solidarity and the relationship between professional aspirations and ideological commitment Originally published in 1980 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

The Prussian Elementary Schools Thomas Alexander, 1918 **Reading and Rebellion in Catholic Germany, 1770–1914** Jeffrey T. Zalar, 2019 Interrogates the belief that the clergy defined German Catholic reading habits showing that readers frequently rebelled against their church's rules

An American Teacher's Year in a Prussian Gymnasium William S. Learned, 2016-08-26 Excerpt from *An American Teacher's Year in a Prussian Gymnasium A Report to the Carnegie Foundation for the Advancement of Teaching* For three years past an exchange of secondary school teachers has been carried on between Prussia and the United States Each autumn ten or twelve Prussian teachers come to secondary schools or colleges in the United States and a similar number of American secondary teachers go to Gymnasien in Prussia The arrangement for the assignment of American teachers to the German schools is in the hands of the Prussian Minister of Instruction The details for selection of American teachers and for the assignment of Prussian teachers are in the hands of the President of the Carnegie Foundation Secondary schools and secondary school teachers in the United States have not appreciated at its full value the opportunity thus offered to an American teacher or to an American school It is not easy for a foreign teacher to obtain a nearby view of the Prussian Gymnasium To become therefore a member of the teaching staff to be taken into the entire official and social life of the school is therefore an experience which can not fail to be of the greatest value to the ambitious teacher Such a teacher returns to his home with new enthusiasm and greatly increased capacity for usefulness There is therefore every reason why

the boards of control and the principals of high schools should make a generous provision in the case of any teacher who has the ambition and the capacity to undertake such a year's work. Similarly a school seeking to freshen its own methods of teaching will find advantages in welcoming to its corps of teachers for a year a teacher trained in the Prussian school methods. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Common School Awakening David Komline, 2020-08-24. A statue of Horace Mann erected in front of the Boston State House in 1863 declares him the Father of the American Public School System. For over a century and a half, most narratives about early American education have taken this epithet as the truth. As Mann looms over the Boston Common, so he has also loomed over discussions of early American schooling. Other scholarship has emphasized economic factors as the main reason for the emergence of public schools. *The Common School Awakening* offers a new narrative about the rise of public schools in America that counters these conceptions. In this book, David Komline explains how a broad and distinctly American religious consensus emerged in the first half of the nineteenth century, allowing people from across the religious spectrum to cooperate in systematizing and professionalizing America's schools in an effort to Christianize the country. At the height of this movement, several states introduced state-sponsored teacher training colleges and concentrated government oversight of schools in offices such as the one held by Mann. Shortly thereafter, the religious consensus that had served as the foundation for this common school system disintegrated. But the system itself remained the legacy of not just one man but of a whole network of reformers who put into motion a transatlantic and transdenominational religious movement. *The Common School Awakening: Society, Culture, and the State in Germany, 1870-1930* Geoff Eley, 1996. Bold new essays on Germany's critical Kaiserreich period. *Contrasting Models of State and School* Charles Glenn, 2011-03-31. **The New Education in the German Republic** Thomas Alexander, Beryl Parker, 1929.

Educational Review Nicholas Murray Butler, Frank Pierrepont Graves, Charles Alexander Nelson, William McAndrew, 1913. Vols 19-34 include Bibliography of education for 1899-1906, compiled by James I Wyer and others.

This book delves into Prussian Schoolteachers. Prussian Schoolteachers is a vital topic that needs to be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Prussian Schoolteachers, encompassing both the fundamentals and more intricate discussions.
