

“Hot and beautiful and satisfying.”

“A classic of feminist literary criticism.”

In *Psyche As Hero* Lee R. Edwards reviews seventeen British and American novels, five by men, from Hardy to James, and twelve by women, from Austen and Woolf to Lessing, Chopin, Sayers, Morrison, and Kingston.

“Edwards has . . . written the kind of book which Elaine Showalter identifies as the next step in feminist criticism: one that takes a holistic approach to the works of both men and women authors.”—Mary Anne Ferguson, *The Women's Review of Books*

“Hot and beautiful and satisfying . . . the female heroic concept at its most varied and subversive . . .”—Arielle Emmett, *Los Angeles Times*

“*Psyche As Hero* takes its place with the work of Moers, Showalter, Gilbert and Gubar—a classic of feminist literary criticism, perhaps the most imaginative of all of them in its choice of texts.”—Phyllis Rose, Wesleyan University

“[A] refreshing mix of tried and true works with the still uncanonized . . . should be read by all those interested in teaching literature by and about women.”—Nina Baym, *American Literature*

“In a wonderfully imaginative juxtaposition of texts she turns our notions of some ‘feminist’ classics topsy-turvy.”—Joan Philpott, *Ms.*

“*Psyche As Hero* is a work of scholarship, of art, and of vision. It radiates intelligence.”
—Catharine P. Stimpson, Rutgers University

Psyche as Hero Lee R. Edwards, 1987 Psyche As Hero Lee R. Edwards, 1984-01-01 *Heroines of Popular Culture* Pat Browne, 1987 From life and literature come the heroines of this volume The essays demonstrate that women can fit the role of hero as defined by Joseph Campbell A hero ventures forth from the world of common day into a region of supernatural wonder fabulous forces are there encountered and a decisive victory is won the hero comes back from this mysterious adventure with the power to bestow boons on his fellow man Contributors to this volume cover a wide range of heroic women

Heroes and Heroism in British Fiction Since 1800 Barbara Korte, Stefanie Lethbridge, 2016-11-09 This book is about the manifestations and explorations of the heroic in narrative literature since around 1800 It traces the most important stages of this representation but also includes strands that have been marginalised or silenced in a dominant masculine and higher class framework the studies include explorations of female versions of the heroic and they consider working class and ethnic perspectives The chapters in this volume each focus on a prominent conjuncture of texts histories and approaches to the heroic Taken together they present an overview of the literary heroic in fiction since the late eighteenth century **Female Heroism in the Pastoral** Gail David, 2020-07-09 The past decade has given us explorations of such forms as the Bildungsroman the Künstlerroman the utopian and Gothic novel as women have written them studies are even now emerging of the female authored elegy sonnet sequence and other pure and mixed poetic modes Women's work in non fiction prose and in the dramatic genres is being resurrected and reassessed At the same time feminist critics continue to deconstruct women as signs in patriarchal literary forms explaining the effect of male gender on structures of signification the narrative and stylistic codes of genre This series welcomes such studies encouraging as well accounts of sexuality and textual inheritance the influence of female authorship on the evolution of a genre or the creation of a new genre and challenges to genre theory from a gender perspective **The Feminization of Quest-Romance** Dana A. Heller, 2014-03-19 What happens when a woman dares to imagine herself a hero Questing she sets out for unknown regions Lighting a torch she elicits from the darkness stories never told or heard before The woman hero sails against the tides of great legends that recount the adventures of heroic men legends deemed universal timeless and essential to our understanding of the natural order that holds us and completes us in its spiral Yet these myths and rituals do not fulfill her need for an empowering self image nor do they grant her the mobility she requires to imagine enact and represent her quest for authentic self knowledge The Feminization of Quest Romance proposes that a female quest is a revolutionary step in both literary and cultural terms Indeed despite the difficulty that women writers face in challenging myths rituals psychological theories and literary conventions deemed universal by a culture that exalts masculine ideals and universalizes male experience a number of revolutionary texts have come into existence in the second half of the twentieth century by such American women writers as Jean Stafford Mary McCarthy Anne Moody Marilynne Robinson and Mona Simpson all of them working to redefine the

literary portrayal of American women's quests. They work in part by presenting questing female characters who refuse to accept the roles accorded them by restrictive social norms even if it means sacrificing themselves in the name of rebellion. In later texts, female heroes survive their lightning-out experiences to explore diverse alternatives to the limiting roles that have circumscribed female development. This study of *The Mountain Lion*, *Memories of a Catholic Girlhood*, *Coming of Age* in Mississippi, *Housekeeping*, and *Anywhere but Here* identifies transformations of the quest romance that support a viable theory of female development and offer literary patterns that challenge the male monopoly on transformative knowledge and heroic action.

Modeling Minority Women Reshmi J. Hebbar, 2013-10-11. This powerful study reconceptualizes ideas of ethnic literature while investigating the construction of ethnic heroines, shifting the focus away from cultural politics and considering instead narrative or poetic qualities which involve surprising relationships between Anglo-American women's writing and fiction produced by Asian American and African American women authors.

Art of Darkness Anne Williams, 2009-02-15. *Art of Darkness* is an ambitious attempt to describe the principles governing Gothic literature, ranging across five centuries of fiction, drama, and verse, including tales as diverse as Horace Walpole's *The Castle of Otranto*, Shelley's *Frankenstein*, Coleridge's *The Rime of the Ancient Mariner*, and Freud's *The Mysteries of Enlightenment*. Anne Williams proposes three new premises: that Gothic is poetic, not novelistic in nature; that there are two parallel Gothic traditions, Male and Female; and that the Gothic and the Romantic represent a single literary tradition. Building on the psychoanalytic and feminist theory of Julia Kristeva, Williams argues that Gothic conventions such as the haunted castle and the family curse signify the fall of the patriarchal family. Gothic is therefore poetic in Kristeva's sense because it reveals those others most often identified with the female. Williams identifies distinct Male and Female Gothic traditions. In the Male plot, the protagonist faces a cruel, violent, and supernatural world without hope of salvation. The Female plot, by contrast, asserts the power of the mind to comprehend a world which, though mysterious, is ultimately sensible. By showing how Coleridge and Keats used both Male and Female Gothic, Williams challenges accepted notions about gender and authorship among the Romantics. Lucidly and gracefully written, *Art of Darkness* alters our understanding of the Gothic tradition of Romanticism and of the relations between gender and genre in literary history.

Zora Neale Hurston's *Their Eyes Were Watching God* Cheryl A. Wall, 2000. This casebook collects the most widely cited and influential essays published on Hurston's classic novel over the last quarter of the 20th century.

Allegories of Writing Bruce Clarke, Paul Whitfield Horn, Professor of Literature and Science and Chair of the Department of English, Bruce Clarke, 1995-01-01. This is a theoretical study of human metamorphosis in Western literature.
