

Psychiatric Interviews With Children

Claudio Cepeda, Lucille Gotanco

Psychiatric Interviews With Children:

Psychiatric Interview of Children and Adolescents Claudio Cepeda, M.D., Lucille Gotanco, M.D., 2016-10-17 Eliciting useful information from young patients and their families is both a skill and an art and Psychiatric Interview of Children and Adolescents an exceptionally practical and comprehensive guide enables mental health clinicians and trainees to first improve their interviewing skills and then organize and integrate the information derived from the interview to construct an effective treatment program This book building on the success of its predecessor Clinical Manual of Psychiatric Interview of Children and Adolescents offers updated and revised material as well as expanded coverage that includes new findings and addresses emerging issues in the field For example a new chapter focusing on the psychiatric evaluation of preschoolers and very young children has been added and the section on bullying in the chapter on abuse has been expanded to include cyber bullying Clinical vignettes illustrate important concepts and techniques providing a real world component that readers will find both fascinating and instructive and the key points at the end of each chapter and numerous quick reference tables facilitate consolidation of learning Easy to read yet rigorous in its clinical focus Psychiatric Interview of Children and Adolescents provides a solid foundation and expert guidance for clinicians evaluating and treating this critically important population

Clinical Manual for the Psychiatric Interview of Children and Adolescents Claudio Cepeda, Lucille Gotanco, 2016-10-17 The psychiatric interview is the foundation of the psychotherapeutic process and is critically important to establish trust elicit useful responses assess patient behavior and psychopathology and establish treatment goals and plans Building on the success of its predecessor a highly regarded guide to interviewing young patients and their families Psychiatric Interview of Children and Adolescents has been thoroughly updated and painstakingly revised to address emerging issues and evolving treatment strategies in an accessible down to earth and comprehensive style and structure The book retains its comprehensive coverage of the principles of interviewing use of the AMSIT model for mental status examinations and evaluation of both internalizing and externalizing symptoms as well as its coverage of neuropsychiatric assessment psychiatric formulation comorbidities resistances and countertransference Additional features either notable or new to this book include The importance of diagnostic and therapeutic engagement in establishing trust with the patient and family and techniques for forging a positive emotional connection which the authors view as an essential responsibility for the clinician and a linchpin of successful practice A new chapter on the psychiatric evaluation of preschoolers and very young children which recognizes that assessment cannot be conducted based solely on adult report and which presents the multiples model multiple sessions multiple informants multiple experts multiple modes of assessment multicultural approach and multiaxial emphasis Expanded coverage of bullying including cyber bullying which has a pervasive and potentially pernicious effect on young people steeped in social media Recognition both throughout the book and in a separate chapter on family assessment that behavior problems in a child or young adult cannot be understood without the relational context of

the family and that any family member's problems are best understood as manifestations of dysfunctions within the broader family unit. Expanded coverage of the factors and issues involved in evaluating children and adolescents from special populations including those with neurodevelopmental disorders or intellectual disabilities, those who are disadvantaged, displaced, or victims of discrimination, and those with posttraumatic stress disorder related to terrorism or burn trauma. The book's instructional aims are enhanced by the use of carefully chosen and compellingly crafted clinical vignettes that illustrate vital concepts and techniques, and key points at the end of each chapter help the reader identify and remember the most important material. **Psychiatric Interview of Children and Adolescents** will help clinicians master the skills and attain the insight they require to accurately assess and effectively treat this most vulnerable of patient populations.

Psychiatric Interviews with Children Helen Leland Witmer, 1948
Handbook of Clinical Interviewing With Children Michel Hersen, Jay C. Thomas, 2007-08-08
The *Handbook of Clinical Interviewing with Children* is one of three interrelated handbooks on the topic of interviewing for specific populations. It presents a combination of theory and practice plus concern with diagnostic entities for readers who work or one day will work with children and their parents and teachers in clinical settings. The volume begins with general issues, structured versus unstructured interview strategies, developmental issues when working with children, writing up the intake interview, etc., moves to a section on major disorders with special relevance for child populations, conduct disorders, attention deficit hyperactivity disorder, learning disorders, etc., and concludes with a section addressing special populations.

Concise Guide to the Psychiatric Interview of Children and Adolescents Claudio Cepeda, 2000
This book provides residents and veteran practitioners with the skills to conduct effective interviews for the Mental Status Examination of children and adolescents. It discusses general aspects of interviewing, phases of the diagnostic interview, and strategies and considerations regarding different situations in the interviewing process.
Interviewing Children and Adolescents, Second Edition James Morrison, Kathryn Flegel, 2016-09-02
This instructive clinical resource has given thousands of clinicians and students essential skills for evaluating infants through adolescents with any type of mental health issue. Principles for conducting age-appropriate clinical interviews with children of varying ages and their parents, including the use of toys, drawing, dolls, and other forms of play, are illustrated with annotated sample transcripts. The book provides crucial information for accurately diagnosing a wide range of mental and behavioral disorders. User-friendly features include concise explanations of diagnostic criteria, coding notes, interview pointers for specific disorders, vivid vignettes, and a sample written report. New to This Edition: Current terminology, codes, and diagnostic criteria integrated throughout the case examples and disorder-specific discussions. Features both DSM-5 and ICD-10-CM codes. Essential Features: prototypes that encapsulate the symptoms and other diagnostic elements of each disorder. Reproducible tool: Questionnaire for Parents that can be downloaded and printed for repeated use. Additional disorders and vignettes.

Clinical Manual for the Psychiatric Interview of Children and Adolescents Claudio Cepeda, 2010
This manual shows how

to focus the exploration of common psychiatric syndromes while offering guidance in such matters as general principles of interviewing use of the AMSIT in mental status examinations and evaluation of both internalizing and externalizing symptoms

Psychiatric Interviews with Children ,1956 The Clinical Interview of the Child Stanley I. Greenspan,Nancy Thorndike Greenspan,1991 Using 18 case studies this book lays the foundation for conducting the spontaneous unstructured interview with the child It aims to show clinicians how to create a comfortable environment that will encourage expression and how to systematically observe multiple dimensions of functioning **Handbook of Clinical Assessment of Children and Adolescents** Clarice Kestenbaum,Daniel T. Williams,1992-05 This essential reference book is must reading for mental health professionals who assess and treat children and adolescents Comprehensive detailed clearly written and innovative it presents the approaches of the leading clinicians in their fields

Psychiatric Interviews With Children Introduction

In today's digital age, the availability of Psychiatric Interviews With Children books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Psychiatric Interviews With Children books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Psychiatric Interviews With Children books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Psychiatric Interviews With Children versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Psychiatric Interviews With Children books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Psychiatric Interviews With Children books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Psychiatric Interviews With Children books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works

and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Psychiatric Interviews With Children books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Psychiatric Interviews With Children books and manuals for download and embark on your journey of knowledge?

FAQs About Psychiatric Interviews With Children Books
