Psychic Awakening The Power Within You:

Psychic Carole Kennedy,1988 A manual designed to develop the reader s psychic powers begins with an evaluation of the skills already possessed and a guide to methods available to increase these innate hidden powers **The Power Within You** Rittik Chandra,2013-11-26 There is a power lying hidden in man by the use of which he can rise to higher and better things There is in man a greater Self that transcends the finite self of the sense man even as the mountain towers above the plain This book will help men and women to bring their inward powers of mind and spirit into expression wisely and in harmony with universal law to build up character and to find within themselves that wondrous Self which is their real self and which when found reveals to them that they are literally and truly sons of God and daughters of the Most High There is no way whereby the discipline of life can be avoided There is no means by which fate can be tricked nor cunning device by which the great cosmic plan can be evaded Each life must meet its own troubles and difficulties each soul must pass through its deep waters every heart must encounter sorrow and grief But none need be overwhelmed in the great conflicts of life for one who has learned the great secret of his identity with the Universal life and Power dwells in an impregnable city built upon and into the Rock of Truth against which the storms of life beat in vain While this book does not offer any vain promises of an easy life for if this were possible it would be the greatest of all disasters but rather endeavours to show how to become so strong that life looks almost easy by comparison the life or fate does not change or become easier but the individual alters and becomes stronger yet it does show the reader how to avoid making his life more difficult than it need be Most people s lives would be less filled with trouble and suffering if they took life in the right spirit and acted in harmony with Universal Law It is hoped that this book may help many to come into harmony with life s law and purpose and thus avoid much needless suffering to find the Greater Self within which discovery brings with it a realization of absolute security to bring into expression and wisely use their inner spiritual and mental forces and thus enter a life of overcoming and almost boundless power Spiritual Awakening Oziris M. Stoltz,2012-03-22 The wisdom that the 2012 code can inspire in us is to look directly at our lives right here and now What are our spiritual guiding principles How can we live in greater harmony with all our personal relations How can we embody genuine compassion How can we become increasingly aware and self reflective How can we deepen our humility How can we share our talents and gifts as a way to influence our culture and help manifest the new paradigm How can we be of service to life and positively contribute to the whole How can we cultivate a balance of being and doing receptivity and action On this diverse planet we all have different strengths different abilities different callings Rather than looking to the world to show us our path we need to look deep within our spiritual being and listen to our inner sense of how to navigate these times of the great unknown It is essential we learn to hear the voice of our inner wisdom our spiritual self No one can give us wisdom it is within all of us born of our own direct experience We each have our own direct connection to our spirit and we must keep learning how to hear our divine intuitive directives whispering within

This ability to hear the voice of our inner guidance is the most practical skill we can cultivate in these times. It is what will inform us to how to synchronize in the right place at the right time.

Manifestations of Masculine Magnificence Teresa N. Washington, 2014-02-25 *Manifestations of Masculine Magnificence* Divinity in Africana Life Lyrics and Literature is a remarkable study and the first of its kind. Teresa N. Washington eschews popular culture's pimp myths and thug sagas and traces the Africana man's power, creativity, and consciousness to his inherent divinity. *Manifestations of Masculine Magnificence* takes the reader to the source of power with an analysis of African Divinities and divine technologies. Washington explores the permanence and proliferation of African Gods from oppressive plantations to the empowering proclamations of such leaders as W. D. Fard, Marcus Garvey, Father Divine, and Allah the Father. Washington analyzes the summonses to and from the Gods that resonate in the music of such artists as Erykah Badu, The RZA, Sun Ra, X Clan, and Rakim. Using literary analysis as a prism to display the diversity of Africana divinity, Washington reveals the literature of such writers as August Wilson, Walter Mosley, Toni Morrison, Ngugi wa Thiong'o, and Ishmael Reed to be three-way mirrors that eternally reflect and project the Gods, their myriad powers, and their weighty responsibilities. *Manifestations of Masculine Magnificence* will prove indispensable to independent scholars as well as scholars of Comparative Literature, Hip Hop Studies, Gender Studies, Africana Studies, Literary Criticism, and Religious Studies.

The Spiritual Awakening Guide Mary Mueller Shutan, 2015-08-11 The first modern comprehensive resource on spiritual awakenings, this pragmatic, clear guide covers everything from the first step on a spiritual journey to enlightenment and the different types of spiritual awakenings from mild to dramatic we may go through. Using the concept of the twelve layers that cover an awakened state, Mary Mueller Shutan addresses every step of the spiritual journey, starting with the Self and showing how family, ancestral, past lives, karmic, archetypal, and other larger layers such as societal, cultural, global, and cosmic energies condition us to sleep and obscure our realization of an awakened state. Instructions for how to navigate through each of these layers and how to recognize where we are in our spiritual journey are included, each step of the way along with common physical, emotional, and spiritual symptoms that may be experienced. By addressing post-awakening states, oneness, dark nights of the soul, ego death, near death, and severe illness, psychic abilities, addictions, dietary changes, the God self, personal and collective shadow, and psychosis vs. awakening, we understand the experiences we may go through while struggling with spiritual awakenings. This practical book opens new understandings of how to live in the world while going through an awakening process and offers the revolutionary idea that we are meant to be humans to have a physical body with physical, sensate experiences and emotions. We are meant to live in the world and be a part of it even as fully awakened individuals. This guide proposes a look at the possibility of leading a grounded, earth-bound life of work, family, friends, and other experiences in an awakened state.
