Reading Political Philosophy Nigel Warburton, Jonathan E. Pike, Derek Matravers, 2000 A clear an thorough introduction to political philosophy and political thought introducing the reader to major political thinkers and complementary secondary Reading Political Philosophy Nigel Warburton, Jonathan E. Pike, Derek Matravers, 2000 A clear an thorough introduction to political philosophy and political thought introducing the reader to major political thinkers and complementary secondary readings A Practical Introduction to Mental Health Ethics Grahame Smith, 2016-11-22 As a mental health nurse possessing an ethical sensibility and developing ethical reasoning is vital This book is a practical introduction to the skills and knowledge the mental health nurse is professionally required to develop in their journey towards effectively managing complex ethical decisions Written with the training mental health nurse in mind this book is a clear and concise guide on how to approach common ethically complex situations mental health nurses will eventually find themselves faced with It includes textboxes which take the reader into a real world scenario to help them explore the moral and ethical issues discussed throughout the chapter To ensure professional currency the content of this book is mapped to the Nursing and Midwifery Council's pre registration education standards of 2010 and uses a scenario based approach in order to provide a pragmatic and robust resource A Practical Introduction to Mental Health Ethics is essential reading for pre registration mental health nursing students while also being of value to registered mental health nurses working in ethically challenged areas such as dementia care psychiatric intensive care units Philosophy: The Basics Nigel Warburton, 2013-08-22 Philosophy The Basics gently eases the reader into the world of philosophy Each chapter considers a key area of philosophy explaining and exploring the ways in which philosophy addresses key questions **Political Survival in Turkey** Caglar Ezikoglu, 2021-02-15 This book aims at exploring the logic of political survival in Turkish politics studying the case of the AKP and using evidence from elite interviews party documents public speeches and developments and changes for exploring AKP s political survival in the chapters These evidences indicate that there are four independent variables of dependent variable which is AKP s political survival the legitimization of AKP s conservatism 2002 2007 AKP's power struggle with Kemalist elites 2007 2011 AKP's populism and authoritarianism 2011 2014 and the instrumentalization of Islamism and nationalism under Erdogan's leadership 2014 2018 within the AKP's four terms In other words this research offers a cause and effect mechanism between the four different policy approaches of the AKP s four periods and the AKP's political survival Indeed the AKP has been the most successful political party at the point of ensuring political survival throughout its 16 year rule In the literature there are few studies analyzing the 16 year rule of AKP government integrally As a result of this limitation the original contribution of this research is that it offers a holistic approach of the AKP government between 2002 and 2018 with using the concept of political survival which is not explored for the AKP case in the literature Philosophy: The Classics Nigel Warburton, 2014-02-03 Now in its fourth edition

Philosophy The Classics is a brisk and invigorating tour through the great books of western philosophy In his exemplary clear style Nigel Warburton introduces and assesses thirty two philosophical classics from Plato's Republic to Rawls A Theory of Justice The fourth edition includes new material on Montaigne Essays Thomas Paine Rights of Man R G Collingwood The Principles of Art Karl Popper The Open Society and Its Enemies Thomas Kuhn The Structure of Scientific Revolutions With a glossary and suggestions for further reading at the end of each chapter this is an ideal starting point for anyone interested in **The Impact of Humanism** Margaret Lucille Kekewich, 2000-01-01 These are explored through a philosophy reassessment of the role of humanism with case studies in music Josquin Desprez moral philosophy Valla Castiglione Erasmus More and political thought Machiavelli This book is the first in a series of three specifically designed for the Open University course The Renaissance in Europe A Cultural Enquiry The series is designed to appeal both to the general reader and to those studying undergraduate arts courses in the period BOOK JACKET **Renaissance? Perceptions of** Continuity and Discontinuity in Europe, c.1300- c.1550, 2010-09-24 At least since the publication of Burckhardt s seminal study the Renaissance has commonly been understood in terms of discontinuities Seen as a radical departure from the intellectual and cultural norms of the Middle Ages it has often been associated with the revival of classical Antiquity and the transformation of the arts and has been viewed primarily as an Italian phenomenon In keeping with recent revisionist trends however the essays in this volume explore moments of profound intellectual artistic and geographical continuity which challenge preconceptions of the Renaissance Examining themes such as Shakespearian tragedy Michelangelo s mythologies Johannes Tinctoris view of music the advent of printing Burgundian book collections and Bohemian renovatio this volume casts a revealing new light on the Renaissance Contributors include Kl ra Bene ovsk Robert Black Stephen Bowd Matteo Burioni Ingrid Ciulisov Johannes Grave Luke Houghton Robin Kirkpatrick Alexander Lee Diotima Liantini Andrew Pettegree Rhys W Roark Maria Ruvoldt Jeffrey Chipps Smith Robin Sowerby George Steiris Rob C Wegman and Hanno Wijsman An **Analysis of Niccolo Machiavelli's The Prince** Riley Quinn, Ben Worthy, 2017-07-05 How should rulers rule What is the nature of power These questions had already been asked when Niccol Machiavelli wrote The Prince in 1513 But what made his thinking on the topic different was his ability to interpret evidence to look at old issues and find new meaning within them Many of Machiavelli's contemporaries thought that God would make sure morality was rewarded To these people it was inevitable that ethical individuals would enjoy success in this world and attain paradise in the next Machiavelli was not so sure He used the evidence of history to prove that people who can lie cheat and murder tend to succeed Machiavelli concluded that three main factors affect a political leader's success or failure In doing so he reached an entirely new understanding of the meaning of his evidence Machiavelli argued that behaving in a moral way actually hinders a ruler If everyone acted morally he reasoned then morals would not be a disadvantage But in a world in which leaders are willing to be ruthless a moral leader would make both themselves and their state vulnerable Machiavelli's novel interpretation posits

that morals can make a leader hesitate and this could cost them and the citizens they are responsible for everything Perspectives on Political Philosophy: Machiavelli through Marx James V. Downton, David K. Hart, 1971 Life David Roden, 2014-10-10 We imagine posthumans as humans made superhumanly intelligent or resilient by future advances in nanotechnology biotechnology information technology and cognitive science Many argue that these enhanced people might live better lives others fear that tinkering with our nature will undermine our sense of our own humanity Whoever is right it is assumed that our technological successor will be an upgraded or degraded version of us Human 2 0 Posthuman Life argues that the enhancement debate projects a human face onto an empty screen We do not know what will happen and not being posthuman cannot anticipate how posthumans will assess the world If a posthuman future will not necessarily be informed by our kind of subjectivity or morality the limits of our current knowledge must inform any ethical or political assessment of that future Posthuman Life develops a critical metaphysics of posthuman succession and argues that only a truly speculative posthumanism can support an ethics that meets the challenge of the transformative potential of Philosophy Imprisoned Sarah Tyson, Joshua M. Hall, 2014-07-30 Western philosophy s relationship with technology prisons stretches from Plato's own incarceration to the modern era of mass incarceration Philosophy Imprisoned The Love of Wisdom in the Age of Mass Incarceration draws together a broad range of philosophical thinkers from both inside and outside prison walls in the United States and beyond who draw on a variety of critical perspectives including phenomenology deconstruction and feminist theory and historical and contemporary figures in philosophy including Kant Hegel Foucault and Angela Davis to think about prisons in this new historical era All of these contributors have experiences within prison walls some are or have been incarcerated some have taught or are teaching in prisons and all have been students of both philosophy and the carceral system The powerful testimonials and theoretical arguments are appropriate reading not only for philosophers and prison theorists generally but also for prison reformers and abolitionists The Prince Riley Ouinn, Ben Worthy, 2017-07-05 Though written more than 500 years ago Niccol Machiavelli s The Prince is still both widely read and very influential Readers turn to it for its direct advice on the question of how to attain and retain power Contemporary Politics of Communitarianism Imad Salamey, Andrew T.W.
