## Reading The Tarot:

*Tarot: No Questions Asked* Theresa Reed, 2020 Tap into your sixth sense and become a better more confident tarot reader Most all tarot books present card by card interpretations as well as an instruction on how to read spreads This book takes the next logical step inward by presenting the art of reading in a workbook format and helps you learn to interpret the cards intuitively The book falls into two parts The first part concerns learning about the cards and includes exercises for each card that teaches you to trust your interpretation of the card The second part helps you develop that ability a skill that Reed calls intuition All the exercises stories card meanings and techniques really serve one purpose to go beyond learning Tarot to living it It s not enough to memorize the meanings of the cards and you can t do a reading with a workbook at your side forever In order to deliver a meaningful accurate tarot reading you need to hone your intuition Without a comfortable connection to your sixth sense the tarot readings lack finesse and becomes nothing more than cookie cutter interpretations When you re fluent in your intuition you can develop better readings and unique interpretations for each person In this book Reed teaches by example She presents the basics of intuitive tarot reading reading without any questions any backstory anything to go on This book is filled with exercises to hone your intuition and sharpen your interpretation skills *Tarot Card Reading (for Beginners)* Kathleen Adenauer, 2014-08-12 If you want to learn how to read Tarot Cards then this book is for you Many people have incorrectly categorized Tarot Card reading along with other occult fortune telling techniques such as Ouija boards crystal balls palm readings tea leaves and so forth However this could not be further from the truth Tarot is a divination system that is used to reveal possible outcomes and influences in someone s life or particular situation and readings are most helpful if used as a platform of guidance to help inform whether or not a person is on the right path or should change course For example a tarot reading could give you a glimpse of events to assist in seeing whether there is impending danger or if you are on a path to self destruction Therefore although tarot card readings don t reveal specifically what s in store for the future they can certainly help to open your eyes and make more informed decisions For those wanting to learn how to read Tarot Cards this book serves as a fantastic starting point Let s begin *Tarot Made Easy* Kim Arnold, 2018-10-23 A fascinating book that reveals the ancient craft of tarot and offers detailed guidance on how to conduct tarot readings of your own This book teaches the reader how to connect with the time honoured wisdom and spiritual power of the tarot and make major decisions just by turning a card Author and tarot expert Kim Arnold teaches using the Rider Waite tarot which is acknowledged as the classic deck to begin understanding this ancient system An ideal guide for first time users of tarot cards this book includes advice on Choosing the right deck for you Interpreting each of the 22 Major Arcana and 56 Minor Arcana cards A variety of different spreads and techniques for weaving together the cards when you do a reading for yourself and others Ways to meditate on the cards and go deeper into their messages This title was previously published within the Hay House Basics series *Tarot Cards for Beginners (Large Print Edition)* Eva Gibson, 2024-03-07
