

THE READING WOMAN

Even today, when I read, I notice with pleasure when an author has chosen a particular word, a particular place, for the picture it will convey to the reader.

—Ruth Bader Ginsburg, *My Own Words*

Artists have long been inspired by the intimate love affairs between women and literature. Be it on the deck of a swimming pool, on the subway, or in their own library, reading women remain an inspirational muse for creators, classic to contemporary. The characters depicted in the months of this calendar come from all over the globe and range centuries in origin; perhaps the only thing they have in common is their dedication to the written word. Twelve scenes, paired with quotes from women about the importance and joy of reading, are reproduced in this calendar.
