Reading Seminar Xx Lacans Major Work On:

Reading Seminar XX Suzanne Barnard, Bruce Fink, 2012-02-01 This collection offers the first sustained in depth commentary on Seminar XX Encore considered the cornerstone of Lacan's work on the themes of sexual difference knowledge jouissance and love Although Seminar XX was originally popularized as Lacan's treatise on feminine sexuality these essays by some of today's foremost Lacanian scholars go beyond feminine sexuality to address Lacan's significant intertwining concern with the rupture between reality and the real produced by modern science and the implications of this rupture for subjectivity knowledge jouissance and the body The essays clarify basic concepts but for readers already familiar with Lacan they also offer sophisticated workings through of the more challenging and obscure arguments in Encore both by tracing their historical development across Lacan's *œuvre* and by demonstrating their relation to particular philosophical theological mathematical and scientific concepts They cover much of the terrain necessary for understanding sexual difference not in terms of chromosomes body parts choice of sexual partner or varieties of sexual practice but in terms of one's position vis vis the Other and the kind of jouissance one is able to obtain In so doing they make significant interventions in the debates regarding sex gender and sexuality in feminist theory philosophy queer theory and cultural studies

Fashion and Psychoanalysis Alison Bancroft, 2012-02-28 There is an increasing trend within both the study of visual culture and fashion itself to restore fashion to an aesthetic role one that moves beyond its commercial success as a global industry and places fashion within a nexus of art the body and femininity This emphasis aims to separate fashion from mere clothing and illustrate its cultural power as an integral aspect of modern life In this innovative new book Alison Bancroft re-examines significant moments in twentieth century fashion history through the focal lens of psychoanalytic theory Her discussion centres on studies of fashion photography haute couture queer dressing and fashion art in an attempt to shed new light on these key issues According to Bancroft problems of subjectivity are played out through fashion in the

public arena and not just in the dark unknowable unconscious mind The question of what can be said and what can only be experienced and how these two issues may be reconciled become questions that fashion addresses on an almost daily basis Psychoanalysis has been profoundly influential in the arts thanks to its capacity to add layers of meaning to things that without it would remain obtuse and intractable It has proved crucial to the development of film studies art theory and literary criticism What it has not yet been brought into dialogue with in great depth is fashion By interpreting fashion within a psychoanalytic frame Bancroft illustrates how fashion articulates some of the essential and sometimes frightening truths about the body femininity and the self

Psychoanalysis is an Antiphilosophy Justin Clemens, 2013-05-13 Love hate slavery torture addiction and death as this book shows only psychoanalysis can speak well of such matters Psychoanalysis was the most important intellectual development of the 20th century which left no practice from psychiatry to philosophy to politics untouched Yet it was also in many ways an untouchable project caught between science and poetry medicine and hermeneutics This unsettled unsettling status has recently induced the philosopher Alain Badiou to characterise psychoanalysis as an antiphilosophy that is as a practice that issues the strongest possible challenges to thought Justin Clemens takes up the challenge of this denomination here by re examining a series of crucial psychoanalytic themes addiction fanaticism love slavery and torture Drawing from the work of Freud Lacan Badiou Agamben and others Psychoanalysis is an Antiphilosophy offers a radical reconstruction of the operations and import of key psychoanalytic concepts and a renewed sense of the indispensable powers of psychoanalysis for today

Lacan and the Destiny of Literature Ehsan Azari, 2011-10-27 In contemporary academic literary studies Lacan is often considered impenetrably obscure due to the unavailability of his late works insufficient articulation of his methodologies and sometimes stereotypical use of Lacanian concepts in literary theory This study aims to integrate Lacan into contemporary literary study by engaging with a broad range of Lacanian theoretical concepts often for the first time in English and using them to analyse a range of key texts from different periods Azari explores Lacan's theory of desire as well as his final theories of *littoral* and the *sinthome* and interrogates a range of poststructuralist interpretive approaches In the second part of the book he outlines the variety of ways in which Lacanian theory can be applied to literary texts and offers detailed readings of texts by Shakespeare Donne Joyce and Ashbery This ground breaking study provides original insights into a number of the most influential intellectual discussions in relation to Lacan and will fill a recognised gap in understanding Lacan and his legacy for literary study and criticism

The Žižek Dictionary Rex Butler, 2015-08-12 Slavoj Žižek is the most popular and discussed philosopher in the world today His prolific writings across philosophy psychoanalysis political and social theory film music and religion always engage and provoke The power of his ideas the breadth of his references his capacity for playfulness and confrontation his willingness to change his mind and his refusal fundamentally to alter his argument all have worked to build an extraordinary international readership as well as to elicit much critical reaction The Žižek Dictionary brings together

leading i ek commentators from across the world to present a companion and guide to i ekian thought Each of the 60 short essays examines a key term and crucially explores its development across i ek s work and how it fits in with other concepts and concerns The dictionary will prove invaluable both to readers coming to i ek for the first time and to those already embarked on the i ekian journey Beckett, Lacan and the Mathematical Writing of the Real Arka

Chattopadhyay,2019-01-01 Beckett Lacan and the Mathematical Writing of the Real proposes writing as a mathematical and logical operation to build a bridge between Lacanian psychoanalysis and Samuel Beckett s prose works Arka Chattopadhyay studies aspects such as the fundamental operational logic of a text use of mathematical forms like geometry and arithmetic the human obsession with counting the moving body as an act of writing and love and sexuality as a challenge to the limits of what can be written through logic and mathematics Chattopadhyay reads Beckett s prose works including How It Is Company Worstward Ho Malone Dies and Enough to highlight this terminal writing which halts endless meanings with the material body of the word and gives Beckett a medium to inscribe what cannot be written otherwise *Medieval English Literature*

Beatrice Fannon,2015-12-01 This volume brings together a wide range of original scholarly essays on key figures and topics in medieval literature by leading academics The volume examines the major authors such as Chaucer Langland and the Gawain Poet and covers key topics in medieval literature including gender class courtly and popular culture and religion The volume seeks to provide a fresh and stimulating guide to medieval literature *Obscenity, Psychoanalysis and Literature*

William Simms,2021-09-05 Obscenity Psychoanalysis and Literature offers a fascinating psychoanalytic reading of four landmark obscenity trials involving the texts of D H Lawrence and James Joyce By tracing the legal histories of Lawrence and Joyce from censorship to their eventual redemption and transformation into champions of sexual freedom the book draws a narrative of changing legal literary and cultural investments The book examines the four trials of these authors in detail to show how the literary text can function as a symbol of both life and death and the political uses of figuring them as such Taking a psychoanalytic perspective we can see how this narrative of sexual repression to sexual liberation may itself be an emergent form of the superego imperative to enjoy and consume Through close readings of trial transcripts and archival documents this book helps elucidate the fantasies operating throughout the trials the unquestioned assumptions of the nature of sexuality gender drugs and truth It demonstrates with clarity how through its attempt to suppress the sexual the law confronts its own nature as language and in doing so troubles the distinctions between law literature and desire that it usually wishes to protect Offering a uniquely psychoanalytic account of the obscenity trials of these authors this text will be of great interest to scholars from across the fields of psychoanalysis law and literature *Power and Feminist Agency in Capitalism*

Claudia Leeb,2017-04-03 According to postmodern scholars subjects are defined only through their relationship to institutions and social norms But if we are only political people insofar as we are subjects of existing power relations there is little hope of political transformation To instigate change we need to draw on collective power but appealing to a particular

type of subject whether working class black or women will always be exclusionary This issue is a particular problem for feminist scholars who are frequently criticized for assuming that they can make broad claims for all women while failing to acknowledge their own exclusive and powerful position mostly white Western and bourgeois Recent work in political and feminist thought has suggested that we can get around these paradoxes by wishing away the idea of political subjects entirely or else thinking of political identities as constantly shifting In this book Claudia Leeb argues that these are both failed ideas She instead suggests a novel idea of a subject in outline Over the course of the book Leeb grounds this concept in work by Adorno Lacan and Marx the very theorists who are often seen as denying the agency of the subject Leeb also proposes that power structures that create political subjects are never all powerful While she rejects the idea of political autonomy she shows that there is always a moment in which subjects can contest the power relations that define them

Sexual Difference Between Psychoanalysis and Vitalism Arun Saldanha, Hoon Song, 2015-03-24 Throughout the twentieth century psychoanalysis and feminism were the practico intellectual fields most systematic and subversive in demonstrating that humanity is sexually fissured More recently further advances in the philosophy of difference and renewed emphases on embodiment materiality and life offer possibilities for attending to dimensions of gender and sexuality that were previously underdeveloped This collection examines these possibilities insofar as they can either deepen or displace the traditional centrality of psychoanalysis in matters sexual The authors come from a wide range of backgrounds and defend their approaches to the problem of sexual difference in a variety of idioms drawing on key thinkers such as Lacan Irigaray Deleuze Foucault and Badiou It is rare to come across these thinkers together but sex is too crucial a site for critical thought not to mobilize every conceptual power available This book was originally published as a special issue of the journal *Angelaki* The Journal of the Theoretical Humanities

Thoughts of Love Fiona Peters, Gary Peters, 2013-07-29 Perhaps because love is a feeling rather than a thought there is a serious shortage of thinking on love available for the increasing number of students studying on courses devoted to the subject This volume aims to address this lack providing a much needed resource that will support and enliven research across a wide range of disciplines The essays collected here have been contributed by both established and emerging international scholars in the field and are drawn from a variety of subject areas including continental philosophy ethics critical theory psychoanalysis feminist theory post colonial theory literary theory and personal memoir Addressing a varied but overlapping set of concerns that speak of desire friendship obsession destructiveness sympathy and loss the writers here bring a shared commitment to the theme of love in the face of its denial and destruction in so many quarters so much of the time In such dark times it is work such as this that perhaps can restore our faith in the power of thinking This volume will be of interest to undergraduate and postgraduate students as well as researchers in the field but most of all is intended for all readers whether specialist or non specialist who wish to give some serious thought to the most human of human feelings love

Negotiating Difference John Clark, Juliane Noth, Birgit Hopfener, Brianne

Lacan and Romanticism Daniela Garofalo, David Sigler, 2019-03-25 Draws from the work of Jacques Lacan to provide innovative readings of Romantic literature in the long nineteenth century Lacan and Romanticism uses the work of psychoanalyst Jacques Lacan to deliver progressive readings of Romanticism by examining canonical Romantic authors such as William Wordsworth Mary Shelley John Keats and Jane Austen as well as lesser known writers such as the graveyard poets and Sarah Scott The contributors develop innovative approaches to Lacanian literary studies focusing on neglected or emergent areas of Lacan's thought and approaching Lacan's best known work in unexpected ways The essay topics include the visible and seeable war the death drive nonhuman sexualities sublimation loss and mourning utopia capitalism fantasy and topology and they range from the mid eighteenth through the early decades of the nineteenth centuries The book reveals new ways of thinking about art and literature with psychoanalytic theory and suggests how theoretical approaches can contribute meaningfully to literary studies in general Reading this book may well entice the Romanticist who isn't already engaged in psychoanalytic theory to do so and the Lacanian scholar who may have concluded erroneously that Lacan's last word on Romanticism was his criticism of some well known lines from the Immortality ode to reconsider the value of returning to Romantic literature and visual culture Guinn Batten author of The Orphaned Imagination Melancholy and Commodity Culture in English Romanticism

history of psychoanalysis Sean Homer's Jacques Lacan is the ideal introduction to this influential theorist *Works like a Charm* Robert O. McDonald, 2023-08-01 *Works like a Charm* addresses a simple question Why are incentives everywhere now From inducements to work harder at our jobs to tax rebates for corporations incentive names a general theory of motivation according to economists we are incentive driven creatures Yet far from being a neutral generalization this understanding of human behavior smuggles in a quintessentially economic way of seeing the world *Works like a Charm* applies Jacques Lacan's psychoanalytic concept of retroactive causality to explain the metastasis of the language and logic of incentives To discover an incentive is to place in the untouchable past an economic cause for a contextual historical force Tracing incentive from its roots in antiquity to its uptake by neoclassical and then Chicago school economists Robert O McDonald diagnoses the spread of incentives across the social cultural and political field and warns readers of the dangers of handing over causality to the economists Gender Perspectives in Indian Context Dipak Giri, 2021-02-11 Today gender studies as an interdisciplinary academic field has gained much momentum in India Contrary to conventional idea that a person born either as a boy or a girl must conform to his or her sex in his or her growth dress and behaviour modern Indian outlooks have rather started

changing with the fast approaching new gender free world crowded with agender bigender genderfluid genderqueer non binary and third gender people against conventional gender binary male and female Last few years apart from schemes for women's security and empowerment have also seen the announcement of many welfare schemes for the health and well being of third gender people of India and decriminalisation of homosexuality from Indian soil With same spirit the present anthology is an endeavour to shed some light on the glaring issues of rape abuse discrimination exploitation and violence arising out of gender essentialism in Indian context The anthology with an aim to serving larger sections of humanity covers twenty seven multidisciplinary articles hardly missing any aspect untouched from this field of study in Indian context

Prolegomena to Any Future Materialism Adrian Johnston, 2013-07-31 Adrian Johnston's *Prolegomena to Any Future Materialism* planned for three volumes will lay the foundations for a new materialist theoretical apparatus his transcendental materialism In this first volume Johnston clears an opening within contemporary philosophy and theory for his unique position He engages closely with Lacan Badiou and Meillassoux demonstrating how each of these philosophers can be seen as failing to forge an authentically atheistic materialism Johnston builds a new materialism both profoundly influenced by these brilliant comrades of a shared cause as well as making up for the shortcomings of their own creative attempts to bring to realization the Lacanian vision of an Other less One less ontology The Outcome of Contemporary French Philosophy yields intellectual weapons suitable for deployment on multiple fronts simultaneously effective against the mutually entangled spiritualist and scientistic foes of our post Enlightenment biopolitical era of nothing more than commodities and currencies
