The New Quest for Paul and His Reading of the Old Testament Timo Laato, Bror Erickson, 2023-06-27 The author is known as a strong opponent of the so called New Perspective

on Paul In this book he seeks to move beyond that debate and open new vistas in Pauline research There is a need for much revision The author first dives in to a detailed exegetical study of 2 Corinthians 3 a chapter that has a reputation of being an exegetical nightmare He examines the interpretational problems associated with the opposition between the letter that kills and the Spirit that gives life Fresh insights emerge Ultimately the whole issue turns on the question whether to understand the Old Testament according to the literal letteral or literal spiritual sense As a consequence Paul breaks up with Judaism and pulls down the works of the law since he competes against the view of observing the Torah in flesh and according to the literal letteral meaning of the text He regards such a religious pursuit as the worst form of human self righteousness and self praise despite the serious efforts to true piety On the other hand Christians have undergone a transformation in terms of regeneration regeneration resurrection or revitalization The Spirit gives them life He reigns in them Hence Christians do fulfill the whole Mosaic law Yet they fulfill it in Spirit and not in flesh in other words according to the literal spiritual and not literal letteral sense of Scripture As a consequence they do not bolster their self righteousness and self praise To corroborate his thesis the author draws on similar wordings in other Pauline letters and several passages in the Old Testament from Exodus Jeremiah and Ezekiel The author concludes that the New Perspective on Paul has run its course A New Quest for Paul is needed Therefore this book is needed Readings in Interpretation Andrzej Warminski, 1987
