Thomas Merton and the Monastic Vision Lawrence Cunningham, 1999 Cunningham, theology U of Notre Dame explores Merton's monastic life and his subsequent growth into a modern day spiritual master. Starting from Merton's entrance into the Abbey of Gethsemani in 1941, he highlights the development of Merton's monastic life against the cultural background of the American experience and the vast upheavals in the Roman Catholic Church, thus showing how his writings and continuing influence can only be understood against the background of his contemplative experience as a Trappist monk. Father Timothy Kelley, the current abbot of the Abbey of Gethsemani and a former novice under Merton, provides a foreword. Annotation copyrighted by Book News Inc. enthusiasm of this young and fervent group More than one hundred sisters and friars from a dozen countries have come together with the common desire to follow the Gospel of Jesus Christ after the example of Saint Francis and the tradition of the Capuchin reform Well known for their work with the poor and homeless in the South Bronx and other deprived areas these Franciscans communicate a deep sense of the joy and love of those trying to be totally committed to living the Gospel in an increasingly de Christianized world

Through the Year With Thomas Merton Thomas P. McDonnell, 1985-09-04 A meditation a day from Thomas Merton This convenient day book is a compendium of inspiring passages from the writings of one of this century's spiritual giants It offers daily challenges for thoughtful meditation intended to stimulate provoke and lead to grace Here are some enduring thoughts found in these pages We cannot be happy if we expect to live all the time at the highest peak of intensity Happiness is not a matter of intensity but of balance and order and rhythm and harmony Every moment and every event of every man's life on earth plants something in his soul Nothing is more suspicious in a man who seems holy than an impatient desire to reform other men Pay as little attention as you can to the faults of other people and none at all to their natural defects and eccentricities The wise heart lives in Christ Wisdom manifests itself and yet is hidden The more it hides the more it is manifest and the more it is manifest the more it is hidden For God is known where he is apprehended as unknown and he is heard when we realize that we do not know the sound of his voice God utters me like a word containing a partial thought of himself Our full spiritual life is life in wisdom life in Christ The darkness of faith bears fruit in the light of wisdom Love cannot come of emptiness It is full of reality

Follow the Ecstasy John Howard Griffin, 2010 In 1969 one year after Thomas Merton's tragic and suspicious death John Howard Griffin was invited to write a biography of America's most famous monk a monk who strangely had become a best selling theologian The result was *Follow the Ecstasy The Hermitage Years of Thomas Merton* 1983 Both Merton and Griffin were converts to Catholicism and they had become fast friends during Griffin's occasional retreats to the Trappist Abbey of Gethsemani where Merton was cloistered As Robert Bonazzi writes in his Foreword With natural humility and intense spirituality they taught each other by example and silence Merton and Griffin were both photographers as well as writers Griffin wrote about Merton's painting and photography in *A Hidden Wholeness The Visual World of Thomas Merton* 1970 They also shared a fascination with the French theologian Jacques Maritain as well as French modernists Pierre Reverdy George Braque and Albert Camus Griffin fell ill before he could finish his biography of Merton and the mantle of official biographer passed to Michael Mott author of *The Seven Mountains of Thomas Merton* an essential compendium of the monk's life Yet *Follow the Ecstasy* gets closer to the man a portrait made by one who shared not only personal histories and interests with Merton but an intuitive perspective of solitude

New Seeds of Contemplation Thomas Merton, 2007-10-18 One of the best loved books by one of the great spiritual authors of our time with a new introduction by best selling author Sue Monk Kidd New Seeds of Contemplation is one of Thomas Merton's most widely read and best loved books Christians and non Christians alike have joined in praising it as a notable successor in the meditative tradition of St John of the Cross The Cloud of Unknowing and the medieval mystics while others have compared Merton's reflections with those of Thoreau New Seeds of Contemplation seeks to awaken the dormant inner depths of the spirit so long neglected by Western man to nurture a deeply contemplative and mystical dimension in our lives For Merton Every moment and every event of every man's life on earth plants something in his soul For just as the wind carries thousands of winged seeds so each moment brings with it germs of spiritual vitality that come to rest imperceptibly in the minds and wills of men Most of these unnumbered seeds perish and are lost because men are not prepared to receive them for such seeds as these cannot spring up anywhere except in the soil of freedom spontaneity and love
