DRURY,2013-12-11 **Cost Accounting for Management Decisions** Patel Bhavesh M,1997 *Business Information Sources* Lorna M. Daniells,1993 This is the reference work that librarians and business people have been waiting for Lorna Daniells s updated guide to selected business books and reference sources Completely revised with the best most recent information available this edition contains several new sections covering such topics as competitive intelligence economic and financial measures and health care marketing Handbooks bibliographies indexes and abstracts online databases dictionaries directories statistical sources and periodicals are also included Speedy access to up to date information is essential in the competitive computerized business world This classic guide will be indispensable to anyone doing business research today **Memorial Articles for 20th Century American Accounting Leaders** Stephen Zeff,2016-03-31 This collection of memorial articles and selected obituaries highlights the careers and contributions to accounting practice the accounting profession and the accounting literature of leading American figures in the 20th century The memorial articles do much more than recite their subject s career More importantly they discuss and assess their subject s role in influencing the course of accounting practice and the profession as well as the evolution of their influential writings revealing the names of the accounting leaders and leading thinkers of the past century Memorial Articles for 20th Century American Accounting Leaders is useful in providing students and young researchers with a rich source of intelligence on the leaders who have established norms of practice advanced the profession and set the terms of debate in the literature leaders who are cited and even quoted but who are known mostly as names without a full bodied treatment of their backgrounds and broader roles in shaping the accounting literature **Accounting for Common Costs** Murray C. Wells,2006 During the 1960s and 1970s a remarkable series of books was produced by academic staff in the field of accounting at the University of Sydney It was a period when academic research was largely analytical rather than empirically based For the most part the interests of academics at Sydney were largely directed at questioning the status quo either in the way accounting or auditing was practiced or in the conventional wisdom expressed in textbooks of the time The Sydney Accounting Classics series reflects the diversity of interests of the Sydney school at that time It also recognises the tremendous impact of the foundation professor of accounting R J Chambers This reprint series ensures that the ideas developed during this period remain available to new generations of scholars and researchers The Sydney Accounting Classics series is an initiative of the

Accounting Foundation in association with Sydney University Press Accounting for Common Costs The editor of the 1978 edition called this a seminal work in one of the most difficult allocation problems in accounting Accounting for Common Costs contains a comprehensive historical study of the allocation of costs in accounting practice as well as discussion of points of difference and the need to promote economic efficiency *Developing Control Concepts in the Twentieth Century (RLE Accounting)* Lee Parker, 2013-12-04 This book examines the conceptual development of control in the literature of both management and accounting disciplines from 1900 to 1980 In order to portray the development of control concepts over time the chapters are organized into sections relating to the schools of thought from which they emanated and a model of control is constructed to represent each group of concepts and their hypothesised inter relationships Having traced the development of control models a comparative analysis of historical development in the two streams of management and accounting literature is undertaken This analysis reveals a pronounced lag of accounting development behind that of management literature The reasons for this are then discussed Issues in Cost Accounting for Health Care Organizations Steven A. Finkler, David Marc Ward, 1999 The Second Edition of Issues in Cost Accounting for Health Care Organizations is based upon a thorough literature review of all cost accounting articles published in the last five years it is a resource of readings on the topic of health care cost measurement and analysis and provides the insights of leading authorities in the area of health care costs Each article is linked with the conceptual discussion in the companion volume Essentials of Cost Accounting for Health Care Organizations *Performance Indicators in Social Care for Older People* David Challis, Paul Clarkson, 2017-03-02 The growing focus on performance review and monitoring means that awareness and use of performance indicators has increased throughout a number of public services Set within a national context this book reviews the historical development and measurement issues of performance indicators within social care and the public sector for older people It then provides an approach to effective local performance measurement in services for older people and an organizing framework within which organizations can arrange their performance appraisal for older people's services The development of performance review in social care of older people is examined as is the process of developing local performance measures and engaging staff in enquiry and quality management The book also reviews the process of developing performance indicators and their utilization at an agency level Performance Indicators in Social Care for Older People will be of particular interest in the UK for local service providers who are developing approaches for local performance review It will also be of interest internationally especially in countries where services for older people are currently developing in a similar direction
