Brody, 1974 This anthology brings together 59 classic and contemporary readings on the philosophy of religion which stress in particular the analytical viewpoint

Philosophy of Religion Michael L. Peterson, William Hasker, Bruce Reichenbach, 2014 Incorporating ten new readings and expanded pedagogical features the fourth edition of Philosophy of Religion Selected Readings is the most complete and economically priced introductory anthology in the philosophy of religion It presents seventy eight selections more than any other collection organized into fourteen thematic sections providing instructors with great flexibility in organizing their courses Addressing both classical concepts and a host of contemporary issues the readings cover all of the standard subjects including religious experience divine attributes theistic arguments the problem of evil and miracles as well as more recent topics like reformed epistemology process theism the kalam cosmological argument the religion science controversy religious ethics and the diversity of world religions While it deals primarily with the Western and analytic traditions in philosophy the book also incorporates readings representing continental feminist and Asian perspectives The fourth edition offers enhanced pedagogy including substantially expanded section introductions numerous new glossary terms and updated suggestions for further reading It also provides ten new selections including pieces by Daniel Dennett Stephen T Davis and Gottfried Leibniz

and work on various issues in religion and science by William Dembski Philip Kitcher John Lennox and John Polkinghorne As in the previous edition study questions appear at the end of each selection Amazon com **Readings in Religious Philosophy** Geddes MacGregor, John Wesley Robb, 1962 **Readings in the Philosophy of Religion**, 1965 *Philosophy of Religion* Michael L. Peterson, 2010 Incorporating ten new readings and expanded pedagogical features the fourth edition of *Philosophy of Religion Selected Readings* is the most complete and economically priced introductory anthology in the philosophy of religion It presents seventy eight selections more than any other collection organized into fourteen thematic sections providing instructors with great flexibility in organizing their courses Addressing both classical concepts and a host of contemporary issues the readings cover all of the standard subjects including religious experience divine attributes theistic arguments the problem of evil and miracles as well as more recent topics like reformed epistemology process theism the kalam cosmological argument the religion science controversy religious ethics and the diversity of world religions While it deals primarily with the Western and analytic traditions in philosophy the book also incorporates readings representing continental feminist and Asian perspectives The fourth edition offers enhanced pedagogy including substantially expanded section introductions numerous new glossary terms and updated suggestions for further reading It also provides ten new selections including pieces by Daniel Dennett Stephen T Davis and Gottfried Leibniz and work on various issues in religion and science by William Dembski Philip Kitcher John Lennox and John Polkinghorne As in the previous edition study questions appear at the end of each selection An excellent stand alone text for courses in the philosophy of religion *Philosophy of Religion Selected Readings Fourth Edition* is also a perfect companion to the editors textbook *Reason and Religious Belief Fifth Edition* OUP 2012 as the two books share the same topical organization *Readings in the Philosophy of Religion - Second Edition* Kelly James Clark, 2008-02-14 Like the first edition the second edition of *Readings in the Philosophy of Religion* covers topics in a point counterpoint manner specifically designed to foster deep reflection Unique to this collection is the section on the divine attributes The book s focus is on issues of fundamental human concern God s suffering hell prayer feminist theology and religious pluralism All of these are shown in a lengthy introduction to relate to the standard issues in philosophical theology omnipotence omniscience immutability goodness and eternity For this second edition each major section ends with an extended reflection by a philosopher who shows how to think through the issues raised in the preceding essays Also included are a new section on the ontological argument with classical discussions by Anselm and Gaunilo along with a new essay by Laura Garcia a new section on religious language new essays on the free will defense theodicies and feminist theology and a new version of the cosmological argument that does not rely on the principle of sufficient reason

Readings in the Philosophy of Religion John Arthur Mourant, 1970 **Rethinking the Gods** Peter van Nuffelen, 2011-12-01 Ancient philosophers had always been fascinated by religion From the first century BC onwards the traditionally hostile attitude of Greek and Roman philosophy was abandoned in favour of the view that religion was a source

of philosophical knowledge This book studies that change not from the usual perspective of the history of religion but as part of the wider tendency of Post Hellenistic philosophy to open up to external non philosophical sources of knowledge and authority It situates two key themes ancient wisdom and cosmic hierarchy in the context of Post Hellenistic philosophy and traces their reconfigurations in contemporary literature and in the polemic between Jews Christians and pagans Overall Post Hellenistic philosophy displayed a relatively high degree of unity in its ideas on religion which should not be reduced to a preparation for Neoplatonism

Philosophy of Religion William L. Rowe, William J. Wainwright, 1998 This third edition of Philosophy of Religion offers a wide variety of readings designed to introduce students to important issues in the philosophy of religion The authors have coupled new readings including essays by Robert M Adams Peter Van Inwagen and William P Alston with readings from classical philosophers offering students an even more comprehensive and well focused text Many of the essays are particularly accessible to beginning philosophy students New essays cover religious pluralism teleological and moral arguments for God's existence and the problem of evil Philosophy of Religion 3e is an excellent choice for use as a main text or as a supplement for introductory courses in philosophy and religion

God Matters, 2007 Readings in Religious Philosophy. Geddes MacGregor, J. Wesley Robb Geddes MacGregor, J. Wesley Robb, Lucius Garvin, 1962

The Challenge of Religion Frederick Ferré, Joseph J. Kockelmans, John Edwin Smith, 1982 To use a book like this either for the professor who may have adopted it for a course or for the person who may simply be reading it out of interest is to call for creative imagination There are many different way in which these readings might be approached Our own editorial discussions about groupings and orderings were themselves quite lively
