Real Cooking:

The Lost Art of Real Cooking Ken Albala, Rosanna Nafziger Henderson, 2010-07-06 It's time to take back the kitchen. It's time to unlock the pantry and break free from the shackles of ready-made industrial food. It's time to cook supper. The Lost Art of Real Cooking heralds a new old-fashioned approach to food: laborious and inconvenient yet extraordinarily rewarding and worth bragging about. From jam, yogurt, and fresh pasta to salami, smoked meat, and strudel, Ken Albala and Rosanna Nafziger arm you with the knowledge and skills that let you connect on a deeper level with what goes into your body. Ken and Rosanna celebrate the patience it takes to make your own sauerkraut and pickles. They divulge the mysteries of capturing wild sourdoughs and culturing butter, the beauty of rendering lard, making cheese, and brewing beer, all without the fancy toys that take away from the adventure of truly experiencing your food. These foods were once made by the family in the home rather than a factory. And they can still be made in the smallest kitchens without expensive equipment, capturing flavors that speak of place and personality. What you won't find here is a collection of rigid rules for the perfect meal. Ken and Rosanna offer a wealth of recipes, history, and techniques that start with the basics and evolve into dishes that are entirely your own.

Look Who's Cooking Jennifer Rachel Dutch, 2018-08-03 Home cooking is a multibillion-dollar industry that includes cookbooks, kitchen gadgets, high-end appliances, specialty ingredients, and more. Cooking-themed programming flourishes on television, inspiring a wide array of celebrity chef-branded goods, even as self-described foodies seek authenticity by pickling, preserving, and canning foods in their own home kitchens. Despite this, claims that no one has time to cook anymore are common, lamenting the slow extinction of traditional American home cooking in the twenty-first century. In Look Who's Cooking: The Rhetoric of American Home Cooking Traditions in the Twenty-First Century, author Jennifer Rachel Dutch explores the death of home cooking narrative, revealing how modern changes transformed cooking at home from an odious chore into a concept imbued with deep meanings associated with home, family, and community. Drawing on a wide array of texts, cookbooks, advertising, YouTube videos, and more, Dutch analyzes the many manifestations of traditional cooking in America today. She argues that what is missing from the discourse around home cooking is an understanding of skills and recipes as a form of folklore. Dutch's research reveals that home cooking is a powerful vessel that Americans fill with meaning because it represents both the continuity of the past and adaptability to the present. Home cooking is about much more than what is for dinner; it's about forging a connection to the past, displaying the self in the present, and leaving a lasting legacy for the future.

Raising Real Men Hal Young, Melanie Young, 2010 Families with boys often find the world reacts to them in mock horror. Even though parents love their sons privately, they admit that boys can be a handful to raise; they are boisterous, competitive, reckless, distractable. The challenge of wills between parent and son starts early, and the quest to civilize young bulls may seem hopeless some days.

Yet believers know that God has given them children as a gift of heaven specially chosen for their particular families and marked as a blessing If that s so why does it seem so hard How can we prepare these boys to serve God when it s all we can do to make it through another day Isn t there a better way Raising Real Men Surviving Teaching and Appreciating Boys shows the answer is emphatically yes Written by the parents of six boys Raising Real Men provides hope and encouragement to families with sons Starting from the premise that God made boys to become men Hal and Melanie Young offer Biblical principles and tested practical ideas for training the manly virtues that can drive parents and teachers up the wall This is a practical guide to equipping the hearts and minds of boys without breaking or losing your own earthy realistic humorous and scriptural Douglas Wilson author Future Men This is just what the doctor ordered for parents who want to raise capable Christian men of character John Rosemond author Parenting By The Book

queerqueen Claire Maree,2020-06-30 From the twins Osugi and Peeco to longstanding icon Miwa Akihiro Claire Maree traces the figure of the Japanese queerqueen showing how a diversity of gender identifications sexual orientations and discursive styles are commodified and packaged together to form this character Representations of gay men's speech have changed in tandem with gender norms increasingly crossing over into popular media via the body of the authentic gay male up to and including the current LGBT boom in Japan In this context queerqueen demonstrates how commercial practices of recording transcribing and editing spoken interactions and use of on screen text encode queerqueen speech as inherently excessive and in need of containment Tackling questions of authenticity self censorship and the restrictions of heteronormativity within this perception of queer excess Maree shows how queerqueen styles reproduce stereotypes of gender sexuality and desire that are essential to the business of mainstream entertainment
