## Red Wyvern:

The Red Wyvern Katharine Kerr, 2011-08-03 Katharine Kerr's richly imagined cycle of novels set in Deverry and the Westlands has earned a devoted following and a reputation as the finest Celtic fantasy being written today. Now she returns to Deverry's war-ravaged past. In a kingdom torn by civil war, young Lillorigga seeks to shield her dawning powers from her cruel mother Merodda's manipulation. Mistress of a magic that untamed could kill her, Lilli brings her terrifying visions under the kindlier tutelage of the mysterious dweomermaster Nevyn. But soon she must choose between her own clan and the true king who fights to claim his rightful throne between sanctuary and blood feud, loyalty and love. Little does she dream that the slaughter she invites and the malevolence she defies could stalk her across the ages, twisting and twining the strands of timeless destinies.

Fallen Gods (The Complete Series) Pablo Andrés Wunderlich Padilla, The enemy has infiltrated the empire and gained enough political and military influence to subvert it from within. The venom of darkness spills from the heart of the kingdom. Politicians and civilians alike have been tamed and subdued, rendered incapable of recognizing right from wrong, good from evil. Evil spreads like a terminal disease, unchallenged, unhindered, and unrestrained. In a small village on the outskirts of the kingdom, an innocent young shepherd tends to his sheep and helps on the family farm. His family's estate is hastening toward economic ruin due to the untimely death of his grandfather. It all falls on him to honor his family's legacy. When the young shepherd sets off on a seemingly dull journey to a nearby village, he encounters a terrible darkness. His quest will become an epic battle of survival, love, and ultimate sacrifice. As he accepts the call to arms, his innocence will be lost. He must save his country and awaken his people from slumber. Will he be in time to save them all? Ghost Dragon Craig A. Price, A spaceship crashes onto a planet completely filled with dragons. When crash landing onto a planet filled with flying, fire-breathing beasts, Daniel is uncertain he can step up as the captain; his crew needs to escape the strange planet. Daniel is an Unwanted. His parents didn't want him. The Space Academy didn't want him. The shipyard he worked at for years barely wanted him. But here he was, clawing through the ranks of them all to become the captain of his very own ship. The Ghost. After one successful, accidental mission and a second, mediocre one, he is now the captain of an exploratory crew. To go where no one has gone before and all that jazz. It's always been his dream. But when he crash lands on a planet full of dragons, not dinosaurs. Dragons. Yes, you heard that right. Dragons. Fire-breathing, Ice Breathing, and lots of other elemental breathing, flying dragons. Daniel doesn't know what to do. They may not be intelligent life, but he's stranded with a small crew, and they must fight their way out, fix their ship, and get as far away from what Daniel is calling Dragon Planet Original I know, and onto his next exploratory mission, if he can survive.
