## **Redcaps British Military Police:**

*The Redcaps* G. D. Sheffield, 1994 The red capped military policeman standing on traffic duty on vital crossroads has become a familiar and respected figure to the 20th century British soldier Although generals as diverse as Wellington and Haig can be numbered among its admirers the role of the Royal Military Police and its antecedents is much less well known outside the army *Redcaps* Mike Chappell, 1997-05-15 The story of Britain's provost forces necessarily focuses attention on some of the less glorious episodes of British Army history Had every British soldier over the centuries been an obedient and dutiful soul there would have been no need for provost of military police Sadly armies particularly in time of war have always been home for the criminal and the British Army has had its share of thieves and cut throats as well as its drunken and licentious element How these were contained or dealt with is the main subject of this book The men who tamed the lawless are its subject **Redcaps** Roger Mills, Kevin Mann, 1995 Tied to a six part BBC1 television series this book focuses on the Royal Military Police to show who they are how they operate and how they compare with the civilian police force It follows the progress of selected cases and examines both the policing and detective aspects of their work

**European Police Forces and Law Enforcement in the First World War** Jonas Campion, Laurent López, Guillaume Payen, 2019-11-08 This book offers a global history of civilian military and gendarmerie style policing around the First World War Whilst many aspects of the Great War have been revisited in light of the centenary and in spite of the recent growth of modern policing history the role and fate of police forces in the conflict has been largely forgotten Yet the war affected all European and extra European police forces Despite their diversity all were confronted with transnational factors and forms of disorder and suffered generally from mass conscription During the conflict societies and states were faced with a crisis situation of unprecedented magnitude with mass mechanised killing on the battle field and starvation occupation destruction and in some cases even revolution on the home front Based on a wide geographical and chronological scope from the late nineteenth century to the interwar years this collection of essays explores the policing of European belligerent countries alongside their empires and neutral countries The book's approach crosses traditional boundaries between neutral and belligerent nations centres and peripheries and frontline and rear areas It focuses on the involvement and wartime transformations of these law enforcement forces thus highlighting underlying changes in police organisation identity and practices across this period

The History of the Corps of Royal Military Police Stephens Forster Crozier, 1951 Om udviklingen af det kongelige engelske militærpolit og specielt om dets indsats i Den 2 Verdenskrig Historie 1511 1939 *British Fighting Methods in the Great War* Paddy Griffith, 2013-07-23 This collection points out the very real and substantial evolution of tactics that went on in response to new warfare and how this had a real effect on the positive performance of the British Army from 1916 onwards

**Exporting British Policing During the Second World War** Clive Emsley, 2017-07-13 Exporting British Policing is a comprehensive study of British military policing in liberated Europe during the Second World War Preventing and detecting

thefts receiving and profiteering together with the maintenance of order in its broadest sense are in the peacetime world generally confided to the police. However the Second World War witnessed the use of civilian police to create a detective division of the British Army's Military Police SIB and the use of British civilian police alongside American police as Civil Affairs Officers to restore order and civil administration. Part One follows the men of the SIB from their pre-war careers to confrontations with mafiosi and their investigations into widespread organised crime and war crimes during which they were constantly hampered by being seen as a Cinderella service commanded by temporary gentlemen. Part Two focuses on the police officers who served in Civil Affairs who tended to come from higher ranks in the civilian police than those who served in SIB. During the war they occupied towns with the assault troops and then sought to reorganise local administration at the end of the war in the British Zones of Germany and Austria they sought to turn both new Schutzmannen and police veterans of the Third Reich into British Bobbies. Using memoirs and anecdotes Emsley critically draws on the subjective experiences of these police personnel assessing the successes of these wartime efforts for preventing and investigating crimes such as theft and profiteering and highlighting the importance of historical precedent given current difficulties faced by international policing organizations in enforcing democratic police reform in post conflict societies.

*Love & Terror in Malaya* Michael Baudrier, 2005. *Love and Terror* has a historic background the Malay Emergency actually a guerilla war fought between Malaysians and Japanese occupiers of Malaya 1942-45 that later became a war against the returning British by Malaysian communists mostly of Chinese extraction and lasted until the late fifties. Spike a British sapper together with two comrades is flown to Singapore in 1947. The Japanese are still in Malaya but in POW work camps. Spike soon adapts to the Malay culture, learns the language with the help of Malay friends and lovers and is transferred to a Malay training battalion as interpreter. He also meets and has an affair with a Chinese Malaysian taxi dancer Angelene aka Aiwa Kam, sister of Ying Kam, a communist leader. His first love the Malay woman Kamariah has a young son Daud who is kidnapped by the communist terrorists. CTs in an attempt to persuade Kamariah to get information from Spike about a cache of arms hidden in the house in which he was quartered, Daud is executed by Ying Kam. Spike accepts Islam and marries Kamariah. She tries to remain in Malaya but is repatriated to Britain. When Ying Kam is betrayed by a comrade who is seeking the large reward offered by the British, he is ambushed and injured but escapes. Incognito in a hospital where Kamariah's sister is a nurse, Ying Kam is exposed and captured by Kamariah. She assists in the capture of other CTs and becomes a rich woman. Comrades of Spike have different encounters in Malaya and later in Britain. Taffy marries a Chinese Malaysian and stays on as an estate manager. He is ambushed and assassinated by CTs. The book *Love and Terror* illustrates many features of Malay, Chinese and British culture and how they interact. East and West do meet in many instances.

*The Barbarization of Warfare* George Kassimeris, 2006-09. The images from Abu Ghraib prison in Baghdad have been a grim reminder of warfare's undiminished capacity for brutality and indiscriminate excess. What happened in Abu Ghraib has happened before the World War II and

more recent wars and insurgencies in Algeria Congo Angola Vietnam Bosnia Kosovo Chechnya and many others all bear witness to the ever present human capacity to commit barbaric acts if circumstances allow What drives people to mistreat humiliate and torment others In an age when real time war violence and torture are becoming addictive forms of entertainment it is now more critical than ever to deepen our understanding of the extraordinary distortions of the human psyche and spirit that occur in wartime Eight distinguished scholars explore in this first collective effort the effects of the barbarization of warfare on our cultures and societies Contributors Joanna Bourke Niall Ferguson Jay Winter Richard Overy David Anderson Hew Strachan Paul Rogers Kathleen Taylor Marilyn Young Paul Rogers Anthony Dworkin Amir Weiner Mary Habeck and David Simpson      *Loos 1915* Nick Lloyd,2008-10-01 In little over three weeks of intensive fighting which not only witnessed the first British use of poison gas but also the debut of New Army divisions filled with citizen volunteers British forces at Loos managed to drive up to two miles into the German positions However they were unable to capitalise on their initial gains After suffering nearly 60 000 casualties three times the number suffered by their opponents and being driven from the German lines in disorder bitter recrimination followed Nick Lloyd presents a reassessment of the Battle of Loos arguing that it was vital to the development of new strategies and tactics He places it within its political and strategic context as well as discusses command and control and the tactical realities of war on the Western Front during 1915

Winning and Losing on the Western Front Jonathan Boff,2012-07-05 The Hundred Days campaign of 1918 remains a neglected aspect of the First World War Why was the German army defeated on the Western Front Did its morale collapse or was it beaten by the improved military effectiveness of a British army which had climbed a painful learning curve towards modern combined arms warfare This revealing insight into the crucial final months of the First World War uses state of the art methodology to present a rounded case study of the ability of both armies to adapt to the changing realities they faced Jonathan Boff draws on both British and German archival sources some of them previously unseen to examine how representative armies fought during the Hundred Days campaign Assessing how far the application of modern warfare underpinned the British army's part in the Allied victory the book highlights the complexity of modern warfare and the role of organisational behaviour within it

Behind the Front Craig Gibson,2014-03-27 This book uncovers the vital relationships between British troops and local inhabitants in France and Belgium during the First World War      **Companion to the**

**British Army** George Forty,2009-10-01 To encapsulate the British Army in one book is no easy task but here George Forty presents it as it was during the Second World War When war was declared in 1939 the British Army was very much the Cinderella of the three armed services with a total strength of around 865 000 men However just four years later when the Allies invaded north west Europe the British Army had grown into a powerful well organised and well equipped fighting force of 3 million men and women George Forty presents a comprehensive overview of the British Army during this important time He includes full details of mobilisation and training higher organisation and arms of the service divisional organisations and
