**Rediscovering Christ in Asia** Kenneth Fernando, 2005      Rediscovering Jesus David B. Capes, Rodney Reeves, E. Randolph Richards, 2015-07-08 Who is your Jesus This textbook introduction gives an enjoyable and challenging look at how we encounter Jesus in Scripture and our culture from the New Testament to the gnostic gospels historical Jesus studies Islam Mormonism Hollywood and Americana Follow the path to seeing Jesus truly and notice the difference it makes for faith and life      *Jesus in Asia* R. S. Sugirtharajah, 2018-02-19 Jesus in the sutras stele and suras The heavenly elder brother A Judean jnana guru The non-existent Jesus A Jaffna man's Jesus Jesus as a Jain tirthankara An Upanishadic mystic A minjung messiah Jesus in a kimono Conclusion Our Jesus their Jesus      **The Oxford Handbook of Anglican Studies** Mark David Chapman, Sathianathan Clarke, Martyn Percy, 2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44 essays in this volume embrace a wide range of academic disciplines theological historical demography and geography and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter-disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn't impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world      Buddhism and Christianity in Dialogue Perry Schmidt-Leukel, 2005 This book is written for a general as well as a more specialist readership On the one hand it introduces basic topics of Buddhist-Christian dialogue on the other hand it opens up new ground particularly insofar as the Buddhist and the Christian contributors all write comparatively      Any Room for Christ in Asia? Leonardo Boff, Virgilio P. Elizondo, 1993      **Rediscovering Paul** David B. Capes, Rodney Reeves, E. Randolph Richards, 2017-11-21 For some of us the apostle Paul is intimidating prickly and unpredictable But maybe it's time to get to know Paul on his own terms Drawing on the best of contemporary scholarship and with language shaped by conversations with today's students this expanded edition of *Rediscovering Paul* gives fresh consideration to Paul's conversion call and his ongoing impact on church and culture      Christian Art in Asia William A. Dyrness, 1979      Theologia Crucis in Asia A.A. Yewangoe, 2024-08-19      **Theology from the Womb of Asia** C.S. Song, 2005-07-07 With *Theology from the Womb of Asia* Song continues to demonstrate that he is one of the most creative and important

theologians of our time He forces us to expand the horizons of our theological vision not only by drawing on the resources of Asian thought and experience but also by insisting that we do theology with passion Here he offers images fables poems parables and visions woven together with his own compelling prose The biblical stories with which we thought we were familiar become new and more compelling stories when we revisit them with this able and wise guide And our whole approach to life and living is transformed by the freshness he breathes into all that he surveys with us Robert McAfee Brown Professor Emeritus of Theology and Ethics Pacific School of Religion In Theology from the Womb of Asia C S Song shows how the story of God s compassion in Jesus and the many heartrending stories and poems of the Asian people are reaching out towards each other Doing theology in this perspective is not a matter of application of doctrine but of recognition of a relation between the suffering God and suffering humanity which transcends many artificial and alienating distinctions The book is an appeal to Asian theologians but at the same time a necessary challenge to a Western academic theology and missionary thinking Bert Hoedemaker Professor of Missions and Christian Ethics University of Groningen the Netherlands A splendid example of doing theology with Asian resources A breath of fresh air to liven up traditional theology using original reflections and observations with the backing of close knowledge of traditional theology A book no theological college can do without Yeow Choo Lak The South East Asia Graduate School of Theology Singapore C S Song is Professor of Theology and Asian Cultures at Pacific School of Religion His recent publications include *The Believing Heart* **Christian Mission Among the Peoples of Asia** Jonathan Y. Tan ,2014-08-21 Rediscovering Japan, Reintroducing Christendom Samuel Lee,2010-03-01 In *Rediscovering Japan Reintroducing Christendom* Japan s unvoiced Christian history and cultural roots are examined from an alternative perspective It is commonly believed that Christianity was introduced to Japan by the Spanish and Portuguese missionaries during the 1500s however Samuel Lee draws on various forms of cultural religious and linguistic evidence to argue that Christianity was introduced to Japan through the Lost Tribes of Israel who were converted to Christianity through the missionary efforts of the Assyrian Church of the East around A D 500 Much of the evidence he discusses has become submerged into many Japanese folkloric songs festivals and is to be found in temples There are for example approximately 300 words in Japanese and Hebrew Aramaic that are similar Further Dr Lee outlines the history of Catholicism in Japan during the 1500s the systematic persecution of Christians from 1600s to the 1800s and the rise of Protestant Church in Japan The historical portion of the book ends with an analysis and discussion of 21st century Japanese society Lastly in *Rediscovering Japan Reintroducing Christendom* Samuel Lee questions the missiological methods of Western Christianity and advocates an approach based in dialogue between Christianity and other cultures *The Blackwell Companion to Jesus* Delbert Burkett,2011-07-07 *The Blackwell Companion to Jesus* features a comprehensive collection of essays that explore the diverse ways in which Jesus has been imagined or portrayed from the beginnings of Christianity to the present day Considers portrayals of Jesus in the New Testament and beyond Jesus in non Christian religions philosophical

and historic perspectives modern manifestations and representations in Christian art novels and film Comprehensive scope of coverage distinguishes this work from similar offerings Examines both Christian and non Christian perspectives on Jesus including those from ethnic and sexual groups as well as from other faiths Offers rich and rewarding insights which will shape our understanding of this influential figure and his enduring legacy Sola Scriptura in Asia Yongbom Lee, Andrew R. Talbert, 2018-11-09 The echo of Luther's hammer resounds in Asia five hundred years after the Wittenberg controversy the cross is a flashpoint in China Korea seeks ecclesiastical reform the mystical union thrives in Laos even Kant whispers in old Batavia The diversity of ideas and influences of the Reformation is as broad and fascinating as the continent resisting reduction to the postcolonial movement and demonstrating an affinity with Protestant foundations that somehow remains uniquely Asian This volume brings together the reflections of Christian academics from the continent to offer a sample of the theological work that remains largely inaccessible to the broader scholarly community with contributions in the fields of theology biblical studies philosophy and Christian higher education If the quincentennial of the Reformation has revealed anything it is the inauguration of Asia as the locus of biblical and theological scholarship for the next five hundred years
