Rediscovering Groups A Psychoanalysts Journey Beyond Individual Psychology:

Rediscovering Groups Marshall Edelson, David N. Berg, 1999 Edelson and Berg use stories to present reflect on and learn from experience The authors deplore the tendency to rely on individual psychology for understanding problems in groups or organizations and so emphasizing the psychopathology of individuals to blame them for what is going on *The Journey from Psychoanalysis to Group Analysis* Malcolm Pines, 2025-05-20 The Journey from Psychoanalysis to Group Analysis presents a selection of papers from Malcolm Pines's long career documenting his profound contribution to group analysis and its applications John Schlapobersky editor is a well established author who organised the collection in History Development of Method Metapsychology Neurology Final Papers The compilation distils the life's work of a pioneer in many fields psychiatrist psychoanalyst group analyst editor and author Pines's writing encompasses psychoanalytic and group analytic theory developmental psychology neuroscience ethology social science language theory and mythology He seeks their integration in the crucible of group analysis The book will become an essential text in psychotherapy and therapeutic communities of value to students and readers in psychoanalysis and psychotherapy politics social and neurological sciences humanities and language theory **Beyond the Anti-Group** Morris Nitsun, 2014-11-27 Beyond the Anti group survival and transformation builds on the success of Morris Nitsun's influential concept of the Anti group taking it into new domains of thought and practice in the current century The concept focuses on anxiety and hostility within towards and between groups as well as the destructive potential of groups In Beyond the Anti group Morris Nitsun continues his inquiry into the clinical implications of the anti group but also explores the concept beyond the consulting room in settings as wide ranging as cultural and environmental stress in the 21st century the fate of public health services and the themes of contemporary art Groups are potentially destructive but also have the capacity for survival creativity and transformation Focusing on the interplay between the two Morris Nitsun explores the struggle to overcome group impasse and dysfunction and to emerge stronger By tracking this process in a range of cultural settings the author weaves a rich tapestry in which group psychotherapy organizational process and the arts come together in unexpected and novel ways The author draws on group analysis and the Foulkesian tradition as his overall discipline but within a critical frame that questions the relevance of the approach in a changing world highlighting new directions and opportunities Readers of Beyond the Anti group Survival and Transformation will be stimulated by the depth breadth and creativity of the author's analysis and by the excursion into new fields of inquiry The book offers new impetus for psychotherapists group analysts and group practitioners in general students of group and organizational processes and those working on the boundary between psychotherapy and the arts The Large Group Re-visited Stanley Schneider, Haim Weinberg, 2003 This important and thought provoking book explores the workings and dynamics of the large group with clear descriptions of both theory and technique Engaging with a broad set of contexts this book will be of practical use to all those who seek fuller understanding of the social and psychological processes

underlying group dynamics Building on Bion-- Roots Robert M. Lipgar, Malcolm Pines, 2003 This collection of papers by distinguished international contributors explores formative influences affecting Bion's emotional and intellectual development The authors revisit in depth the origins of Bion's ideas his contact with Trotter and his later work with the Tavistock Clinic and psychoanalysis **The Social Unconscious** Earl Hopper, 2003 The social unconscious and its manifestations in group analysis are the focus of this important new book of Earl Hopper's selected papers Drawing on sociology psychoanalysis and group analysis he argues that groups and their participants are constrained unconsciously by social cultural and political facts and forces Traumatic Experience in the Unconscious Life of Groups Earl Hopper, 2003 Working within the traditions of Bion Turquet Foulkes and Pines and drawing on concepts and data from psychoanalysis group analysis and sociology this volume develops Earl Hopper's theory of the fourth basic assumption in the unconscious life of groups and group like social systems within a social cultural and political context **Using Groups to Help People** Dorothy Stock Whitaker, 2003-09-02 This new edition of Using Groups to Help People focuses on anticipating and solving problems in group work The new edition reflects the changes of the last decade and will prove valuable to all those involved in group work **Group Action** Martin Ringer, 2002-01-15 Martin Ringer an internationally known consultant and writer on group psychology here outlines techniques for understanding groups that will be relevant to those who lead teams in any setting The result is an accessible guide both to leading a group and to understanding the necessary dynamics that will result in the best team work *Reframing Academic Leadership* Lee G. When Christ's Body Is Broken Leanna K. Fuller, 2016-03-03 When Christ s Body Is Broken tells the stories of two

congregations in conflict Although these churches had very different problems they faced similar struggles to articulate a faithful response to their concerns and to cope with the discord that threatened to tear their communities apart Pastoral theologian Leanna K Fuller shares these stories as a way of exploring the sources and dynamics of conflict in congregations She argues that at the heart of such conflict lies anxiety triggered by encounters with difference Bringing together resources from pastoral theology psychodynamic theory and social psychology Fuller offers a theological reframing of conflict through categories of diversity vulnerability and hospitality categories that she argues can encourage human beings to sit with the anxiety stirred by communal life and remain connected across differences This reframing provides fertile ground out of which Fuller imagines concrete practices designed for conflicted communities and their leaders [The British National](#)
