The Role of Multinational Companies in the Middle East Mamarinta P. Mababaya, 2002 This study investigated whether known economic and international business theories available in the literature are meaningful enough to explain the nature existence and role of multinational companies MNCs in the Middle East particularly Saudi Arabia Two sets of questionnaires were distributed in major cities of Saudi Arabia one set for 100 multinational managers and another for 280 multinational customers 234 questionnaires were collected 45 from multinational managers and 189 from customers This represents a total response rate of 62 percent which is adequate for this study The empirical results supported with comprehensive secondary data confirmed virtually all of the research hypotheses The study found that joint ventures are the dominant form of multinational business in Saudi Arabia both in manufacturing and service industries The core roles of MNCs in the Saudi foreign ventures are evident in the cross border value adding activities of marketing trading manufacturing consulting contracting project management insurance hotel operation and banking Likewise MNCs provide licensing franchising financing services and various auxiliary roles in the Kingdom Therefore the multinationality of a firm or a group of firms operating across national boundaries is not necessarily synonymous with international production the main subject of contemporary multinational theories The respondents generally perceived the competitiveness of MNCs operating in Saudi Arabia as a function of a number of economic management marketing technological and other variables They also perceived the contributions of MNCs to the Kingdom s socio economic developments as significant and positive The study also found that understanding Islamic values and ethics is important for MNCs In this regard the researcher looked at some objective indicators of business success and related them to selected measures of MNCs local cultural awareness and responsiveness The results indicate that the business success of multinationals operating in Saudi Arabia is positively related to their local cultural awareness and responsiveness Along this line this study covers some vital elements of Islamic culture which will help MNCs understand further the cultural needs values and sensitivities of the Saudi people and Muslims in general

Success in a Strange Cultural Environment Mamarinta P. Mababaya,2003 The book focuses on the cultural aspect of the author s published PhD thesis entitled The Role of Multinational Companies in the Middle East The Case of Saudi Arabia which he has carried out at the University of Westminster It explores the success of multinational enterprises doing business in Saudi Arabia vis vis their cultural awareness and responsiveness The empirical findings discussed in this book reveal that international business success in a strange cultural environment depends partly on the ability of multinational managers to understand the local culture The cultural subject in this book pertains to Islam in its entirety The findings may seem strange to many readers who are not familiar with Islamic culture in its purest form Many newcomers to Saudi Arabia especially non Muslim foreign investors businessmen and workers often find many things strange about the Kingdom its people and cultural values Some feel it odd that many Muslims give more importance to prayer than business Some are disappointed when they find commercial establishments like shopping centres closed as Muslim workers go to the mosques to attend to their daily prayers Business visitors find strange the fact that in the midst of their meetings with their Saudi or Muslim counterparts the latter excuse themselves for prayer They have these strange feelings due to their lack of understanding of true Islamic culture The cultural aspect of this book will help businessmen and concerned institutions worldwide gain understanding of Islam and reconcile their cultural differences with the Muslim world Through this book international companies will be able to have a better understanding of authentic Islamic culture which will help them gain greater competitive advantages in the Saudi marketplace **Contemporary ELT Strategies in Engineering Pedagogy** S. Unilateral Sanctions in International Law Surya P Subedi,2021-05-06 This is the first book that explores whether there are any rules in international law applicable to unilateral sanctions and if so what they are The book examines both the lawfulness of unilateral sanctions and the limitations within which they should operate In doing so it includes an analysis of State practice the provisions of various international legal instruments dealing with such sanctions and their impact on other areas of international law such as freedom of navigation aviation and transit and the principles of international trade investment regional economic integration and the protection of human rights and the environment This study finds that unilateral sanctions by a state or a group of states against another state as opposed to smart or targeted sanctions of limited scope would be unlawful unless they meet the procedural and substantive requirements stipulated in

international law. Importantly the book identifies and consolidates these requirements scattered in different areas of international law including the additional rules of customary international law that have emerged out of the recent practice of States and that increase the limitations on the use of unilateral sanctions.

The Islamic Resistance Movement (Hamas): Studies of Thoughts & Experience Dr. Mohsen M. Saleh, Dr. 'Adnan Abu 'Amer, Prof. Ahmad Sa'id Nofal, Dr. Hafez al-Karmi, Mr. Belal M. Shobaki, Prof. Dr. Ishtiaq Hossain, Mr. Isma'il Haniyyah, Mr. Khalid Mish'al, Dr. Musa Abu Marzuq, Prof. Mustafa Abu Sway, Dr. Raid M. H. Nairat, Mr. Sameeh Hammoudeh, Mr. Sami N. Khater, Prof. Dr. Talal 'Atrissi, Mr. Usamah Hamdan, Mr. Yousef Abu Alswood, Prof. Yusuf Rizqa, 2017-08-15. Al Zaytouna Centre for Studies and Consultations in Beirut has launched the English version of the book *The Islamic Resistance Movement Hamas Studies of Thought and Experience* which was co-written by a group of professors specializing in the Palestinian issue and five senior Hamas leaders. The 704 page book is edited by Dr. Mohsen Saleh. The book examines Hamas's vision and experience in all its aspects. The work sticks to two main commitments: First, adherence to academic research methods and the accuracy, objectivity and extensive documentation necessary to them. The second is the attempt to present Hamas as it really is, whether by the contributions of specialized researchers who are well informed of Hamas and its experience or by the contributions of Hamas leaders who have addressed a number of issues and presented a more comprehensive picture of the Movement. Particularly so when the available literature is insufficient to clarify all the issues being researched, especially for Western audiences interested in understanding the Palestinian issue of which Hamas has become a key component in the past decade. The book falls in two parts. The first is a collection of eleven studies on Hamas and its experience in which chapter one presents an overview of the movement's experience and history. It discusses the background and inception and considers Hamas a continuation of the work of the Muslim Brothers (MB) movement that began in the form of popular advocacy through a network of branches and offices beginning in 1945. Interestingly, this chapter examines events that reflect the extent of the MB movement's participation in armed resistance as well as preaching activities in addition to their links to the establishment of the Fatah movement which was co-founded by MB figures. This chapter digs deeper into the stages that Hamas underwent, especially between 1987 and 2005. The second chapter gives the reader the chance to examine Hamas's political vision, addressing the wellsprings of Hamas's political ideology, its approach to religion and state law, and

constitution and its views on nationalism secularism and democracy Finally it addresses the rights of minorities in Hamas s political thought The chapter contains a plethora of answers to questions usually raised by those interested to learn about Hamas s ideas bearing in mind that it is difficult to find material that expresses Hamas s intellectual frameworks in such a comprehensive manner except through some of the interviews which still are no match for the topics covered by the book In the third chapter we delve into Hamas conceptualization of the other meaning Hamas s view of Israel Judaism Jews Zionism and Zionists which is the basis for understanding the background and future of the conflict The book in the fourth and fifth chapters continues to analyze the relationship between Hamas and the Palestine Liberation Organization PLO and its factions and Hamas s position on Islamic Palestinian movements including the Sufis and Salafis Hizb ut Tahrir and the Islamic Jihad Movement in Palestine PIJ explaining the convergences and divergences with these factions This is based on analyzing both Hamas s theoretical framework and policies drawing from primary sources The sixth chapter highlights an important issue namely the peace process Naturally readers will wonder how Hamas s actions and visions approach the peace process In this chapter the author examines the stages of evolution of Hamas s political position on the peace process whether through the movement s theoretical and intellectual frameworks or its practices on the ground The seventh chapter tackles in detail Hamas s vision for political and social reform in Palestine based on the set of principles the group has committed itself to including its insistence on political freedom for all and the rights of the Palestinian people Hamas s political reform project is not confined to internal Palestinian matters but also cover foreign relations especially with Arab and Muslim countries In addition Hamas s social reform platform focuses on combatting poverty as the entry point for comprehensive development and reform The eighth and ninth chapters overview at length Hamas s Arab and Islamic relations by analyzing the determinants objectives and dimensions of Hamas s relations an explaining its position towards the Arab Spring They also examine Hamas s relations with Turkey and Iran and their evolution The tenth chapter deals with Hamas s experience in government following the 2006 legislative elections This chapter explores the defects within the Palestinian political system in order to determine the environment and challenges that Hamas faced Finally it assesses Hamas performance in governance in the period 2006 2012 The eleventh chapter concludes the first part of the book by reviewing Western academic literature on Hamas with a view to answer the following fundamental question To what extent have these studies succeeded in understanding the true nature of Hamas The second part of the book includes contributions by five senior Hamas leaders attempting to answer a miscellany of questions regarding different issues appertaining to the Movement These include a study by Khalid Mish al head of Hamas Political Bureau which is entitled Hamas Milestones in Thought and Experience A second study entitled Hamas A Reading in the Vision and Governance Experience is contributed by Isma il Haniyyah the new Hamas politburo chief and prime minister of Hamas s caretaker government It also includes a contribution by Musa Abu Marzuq senior Hamas leader and former politburo chief titled Hamas Assessment of the Experience and a

contribution by Usamah Hamdan on Hamas International Relations The section also includes a paper prepared by Sami Khater Hamas politburo member regarding Hamas s Vision for Managing the Conflict with the Zionist Enemy The book includes an appendix of major documents related to Hamas and its experience since the issuance of its charter in 1987 until the memorandum of enforcement of the Palestinian reconciliation agreement between Fatah and Hamas Al Shati Agreement in 2014 besides key political documents issued in the intervening period
