Reflections on British Royalty Jennifer J. Purcell,Fiona Courage,2024-02-22 In this original volume Jennifer J Purcell and Fiona Courage curate and contextualize the rich archival materials of social research organisation Mass Observation on the British popular imagination of the monarchy and the royal family between 1937 and 2022 From the coronation of George VI in 1937 to Elizabeth II s death via war weddings a jubilee and a tragedy this book incorporates everything from diaries and detailed responses to questionnaires internal organisational documents and published reports on popular attitudes to royalty in order to reveal the complex nature of Britain s relationship with its monarchy in the modern era How does the British public imagine the monarchy and its role in British society and governance What is the relationship between the British people and the Crown Using material from Mass Observation which has been asking these questions for over 80 years **Reflections on British Royalty** gets to the heart of these issues and more besides **British Art for Australia, 1860-1953**

Matthew C. Potter,2018-12-21 Traditional postcolonial scholarship on art and imperialism emphasises tensions between colonising cores and subjugated peripheries The ties between London and British white settler colonies have been comparatively neglected Artworks not only reveal the controlling intentions of imperialist artists in their creation but also the uses to which they were put by others in their afterlives In many cases they were used to fuel contests over cultural identity which expose a mixture of rifts and consensuses within the British ranks which were frequently assumed to be homogeneous **British Art for Australia 1860 1953** The Acquisition of Artworks from the United Kingdom by Australian National Galleries represents the first systematic and comparative study of collecting British art in Australia between 1860 and 1953 using the archives of the Australian national galleries and other key Australian and UK institutions Multiple audiences in the disciplines of art history cultural history and museology are addressed by analysing how Australians used British art to carve a distinct identity which artworks were desirable economically attainable and why and how the acquisition of British art fits into a broader cultural context of the British world It considers the often competing roles of the British Old Masters e g Romney and Constable Victorian e g Madox Brown and Millais and modern artists e g Nash and Spencer alongside political and

economic factors including the developing global art market imperial commerce Australian Federation the First World War and the coming of age of the Commonwealth

British Painting Eric Newton, 1945 The British Aesthetic Tradition Timothy M. Costelloe, 2013-03-18 The British Aesthetic Tradition From Shaftesbury to Wittgenstein is the first single volume to offer readers a comprehensive and systematic history of aesthetics in Britain from its inception in the early eighteenth century to major developments in Britain and beyond in the late twentieth century The book consists of an introduction and eight chapters and is divided into three parts The first part The Age of Taste covers the eighteenth century approaches of internal sense theorists imagination theorists and associationists The second The Age of Romanticism takes readers from debates over the picturesque through British Romanticism to late Victorian criticism The third The Age of Analysis covers early twentieth century theories of Formalism and Expressionism to conclude with Wittgenstein and a number of views inspired by his thought

Art Crossing Borders Jan Dirk Baetens, Dries Lyna, 2019-02-11 Art Crossing Borders offers a thought provoking analysis of the internationalisation of the art market during the long nineteenth century Twelve experts dealing with a wide variety of geographical temporal and commercial contexts explore how the gradual integration of art markets structurally depended on the simultaneous rise of nationalist modes of thinking in unexpected and ambiguous ways By presenting a radically international research perspective Art Crossing Borders offers a crucial contribution to the field of art market studies

The Burlington Magazine Michael Levey, 2003-01-01 For a century the Burlington Magazine has maintained a high reputation for authoritative writing on art history

British Art and the Environment Charlotte Gould, Sophie Mesplède, 2021-07-21 This book explores the nature of Britain based artists engagement with the transformations of their environment since the early days of the Industrial Revolution At a time of pressing ecological concerns the international group of contributors provide a series of case studies that reconsider the nature culture divide and aim at identifying the contours of a national narrative that stretches from enclosed lands to rising seas By adopting a longer historical view this book hopes to enrich current debates concerning art s engagement with recording and questioning the impact of human activity on the environment The book will be of interest to scholars working in art history contemporary art environmental humanities and British studies

Edwardian Bloomsbury S. Rosenbaum, 2016-07-27 This is the second volume of a formidable enterprise and part of a series of publications by the same author that may entitle him to the position as the leading scholar of the Bloomsbury Group Rosenbaum has managed to write with freshness and insight about Forster s novels no matter how much they have been analyzed before The next volume will deal with the effect of that exhibition upon the Group s writing and much more I am sure of its early literary history The work is eagerly awaited Peter Stankys English Literature in Transition 1880 1920 Edwardian Bloomsbury is a continuation of the early literary history of the Bloomsbury Group begun with Victorian Bloomsbury but it can also be read independently as an account of the Group s interrelated writings during the first decade of the twentieth century

Virginia Woolf's Portraits of Russian Writers Darya Protopopova, 2019-02-05 Virginia Woolf always stayed ahead of her time Championing gender equality when women could not vote publishing authors from Pakistan France Austria and other parts of the world while nationalism in Britain was on the rise and befriending outcasts and social pariahs As such what could have possibly interested her in the works of nineteenth century Russian writers austere and at times misogynistic thinkers preoccupied with peasants priests and paroxysms of the soul This study explains the chronological and cultural paradox of how classic Russian fiction became crucial to Woolf's vision of British modernism We follow Woolf as she begins to learn Russian invents a character for a story by Dostoevsky ponders over Sophia Tolstoy's suicide note and proclaims Chekhov a truly modern writer The book also examines British modernists' fascination with Russian art looking at parallels between Roger Fry's articles on Russian Post Impressionists and Woolf's essays on Chekhov Dostoevsky Tolstoy and Turgenev *Thoughts on the relative value of fresco and oil painting, as applied to the architectural decorations of the Houses of parliament [a paper.]*. Reflections on British Paintings Roger Fry, 1934 Contemporary British Art Grant Pooke, 2012-11-12 The last few decades have been among the most dynamic within recent British cultural history Artists across all genres and media have developed and re-fashioned their practice against a radically changing social and cultural landscape both national and global This book takes a fresh look at some of the themes ideas and directions which have informed British art since the later 1980s through to the first decade of the new millennium In addition to discussing some iconic images and examples it also looks more broadly at the contexts in

which a new post conceptual generation of artists those typically born since the late 1950s and 1960s have approached and developed aspects of their professional practice Contemporary British Art is an ideal introduction to the field To guide the reader the book is organised around genres or related practices painting sculpture and installation and film video and performance The first chapter explores aspects of the contemporary art market and some of the contexts within which art is made supported and exhibited The chapters that discuss various genres of art practice also mention books that may be useful to support further reading Extensively illustrated with a wide range of work both known and less well known from artists such as Chris Ofili Rachel Whiteread Damien Hirst Banksy Anthony Gormley Jack Vettriano Sam Taylor Wood Steve McQueen and Tracey Emin and many more "Artwriting, Nation, and Cosmopolitanism in Britain " MarkA. Cheetham,2017-07-05

Arguing in favour of renewed critical attention to the nation as a category in art history this study examines the intertwining of art theory national identity and art production in Britain from the early eighteenth century to the present day The book provides the first sustained account of artwriting in the British context over the full extent of its development and includes new analyses of such central figures as Hogarth Reynolds Gilpin Ruskin Roger Fry Herbert Read Art Language Peter Fuller and Rasheed Araeen Mark A Cheetham also explores how the Englishing of art theory which came about despite the longstanding occlusion of the intellectual and theoretical in British culture did not take place or have effects exclusively in Britain Theory has always travelled with art and vice versa Using the frequently resurgent discourse of cosmopolitanism as a frame for his discourse Cheetham asks whether English traditions of artwriting have been judged inappropriately according to imported criteria of what theory is and does This book demonstrates that artwriting in the English tradition has not been sufficiently studied and that English Art Theory is not an oxymoron Such concerns resonate today beyond academe and the art world in the many heated discussions of resurgent Englishness *Bibliotheca Britannica; Or, A General Index to British and Foreign Literature* Robert Watt,1824 ***Bibliotheca Britannica; Or a General Index to British and Foreign Literature.***

By Robert Watt, M.D. in Two Parts: - Authors and Subjects ,1824 The Broadview Anthology of British Literature: Concise Volume B - Second Edition Joseph Black,Leonard Conolly,Kate Flint,Isobel Grundy,Don LePan,Roy Liuzza,Jerome McGann,Anne Lake Prescott,Barry Qualls,Claire Waters,2013-08-20 In all six of its volumes The Broadview Anthology of British Literature presents British literature in a truly distinctive light Fully grounded in sound literary and historical scholarship the anthology takes a fresh approach to many canonical authors and includes a wide selection of work by lesser known writers The anthology also provides wide ranging coverage of the worldwide connections of British literature and it pays attention throughout to issues of race gender class and sexual orientation It includes comprehensive introductions to each period providing in each case an overview of the historical and cultural as well as the literary background It features accessible and engaging headnotes for all authors extensive explanatory annotations and an unparalleled number of illustrations and contextual materials Innovative authoritative and comprehensive The Broadview

Anthology of British Literature has established itself as a leader in the field. The full anthology comprises six bound volumes together with an extensive website component; the latter has been edited, annotated, and designed according to the same high standards as the bound book component of the anthology and is accessible by using the passcode obtained with the purchase of one or more of the bound volumes. The two-volume Broadview Anthology of British Literature Concise Edition provides an attractive alternative to the full six-volume anthology. Though much more compact, the Concise Edition nevertheless provides instructors with substantial choice, offering both a strong selection of canonical authors and a sampling of lesser-known works. With an unparalleled number of illustrations and contextual materials, accessible and engaging introductions, and full explanatory annotations, this edition of the acclaimed Broadview Anthology provides concise yet wide-ranging coverage for British literature survey courses. Sylvia Townsend Warner, Stevie Smith, J. M. Coetzee, Eavan Boland, and Zadie Smith are among those given full author entries for the first time. There are also new selections by a number of authors who were already included in the anthology, among them Seamus Heaney, Margaret Atwood, and Carol Ann Duffy. There are new contextual materials as well, including material on The Natural, the Supernatural, and the Sublime in the Age of Romanticism; section and material on The New Art of Photography in the Victorian Era. The new edition concludes with a new section offering a range of poetry, fiction, and non-fiction prose under the heading Literature, Politics, and Cultural Identity in the Late Twentieth and Early Twenty-first Centuries. The Concise edition will also now include a substantial website component, providing for much greater flexibility. And an increasing number of works from the full six-volume anthology or from its website component are being made available in stand-alone Broadview Anthology of British Literature editions. Tennyson's In Memoriam, for example, which was previously included in these pages, will now be available both as part of a stand-alone Broadview Anthology of British Literature edition of Tennyson's selected poetry and as part of the website component of the anthology's Concise Edition.
