I had dreamed of being a mother for some time These dreams were complete with expectations of how and when I would give birth and what motherhood would look and feel like Now that I am a mother I realize that my projected expectations in light of my true experience provide a conflicting story While adjusting to reality has not always been easy the experiences in unknown territory have brought beauty joy sadness pride and love in ways I never imagined I believe that the only way to fully grasp the intensity of the experience of motherhood is to actually live through it In this sense the significance of documenting the motherhood experience is to capture the emotions and the reality of being a mother I hope to put images to the continual conversation conflict and emotional battle that wages inside of me I feel driven to document this experience not only to preserve these feelings for my own sake but also to shed light on what I see as a misperception of motherhood My experience with motherhood as subject matter for my artwork has led me to feel a sense of judgment that to talk about motherhood in a fine art context is almost by nature taboo I find this strange as certainly we all have or have had mothers I hope to question this perceived negativity in the discussion of this relationship I also desire to give those who share my feelings regarding motherhood a voice to be confident in their experience their love for their children and to celebrate the common yet extraordinary role of being a mother Reflections Of Motherhood Belle Papierie, 2019-05-21 Do you need some time for nurturing and self care Every mom does and it s especially important when your new baby arrives To be the best mother and the best version of yourself you need to create those moments of quiet and peace for yourself even if it s just for 5 minutes a day Use this Journal to write down your thoughts about motherhood and the changes in your life or use it just to regain your sense of self Enjoy the peace of journaling and clearing your mind This journal has been sized perfectly for you to take with you wherever you need to go for your quiet time It is 6x9 inches 15 24 x 22 86 centimetres and contains 110 pages 55 sheets with lines on white paper and is finished off with an elegant matte softcover This Is Motherhood Jill Koziol, Liz Tenety, 2019-03-12 By Moms for Moms Redefining Motherhood for a New Generation With This Is Motherhood the cofounders and contributors of the Motherly online community present a collection of essays and practices to celebrate motherhood in all its complexity Here you ll find reflections on each phase of the wild ride of motherhood including the soaring highs of meeting your new baby the ground shaking lows that make you doubt everything you ve ever known and all the beauty and pain in between Each chapter closes with practices from Motherly's team of wellness experts to help you define clarify process and celebrate your journey This book was created to inspire and guide you through some of the most miraculous and stressful milestones of your life such as New Mama get ready for the mysterious unpredictable and beautiful start to your new life as a mother Firsts each step is brand new to you and your baby and a chance to discover your way to learn and love Mental Load even with the worries the to do lists the midnight emergencies you deserve time and attention too Village how to find the support that s all around you because you aren t meant to do this alone Transformation discover and embrace the powerful loving capable woman who s been molded by motherhood There are many ways to get motherhood
