Limits and the Dismantling of State Legislative Professionalism Thad Kousser, 2005 The wisdom of term limits and professional politics has been debated since the time of Aristotle spurring reforms of legislatures in Athens Rome Venice and in the US under the Articles of Confederation This book examines recent trends in American states in order to investigate the age old question of how the rules that govern a legislature affect the behavior of its members and the policies that it produces The clear and consistent finding is that the two reforms have countervailing effects whatever professionalization has brought more of term limits have reduced This lesson comes from quantitative analyses of data from all fifty states and detailed examinations of legislative records from six states informed by interviews with over one hundred legislators staff assistants lobbyists journalists and executive officials **The Contemporary Pennsylvania Legislature** John J.

Kennedy, 1999 In *The Contemporary Pennsylvania Legislature* John J. Kennedy explores a variety of topics that are relevant for any small lawmaking institution He investigates to what degree current social and technological changes have affected the Pennsylvania legislature and how it has been transformed from a part time lawmaking body to a full time professional institution The data for Kennedy's study comes from a survey of legislators who served in the 1993 1994 Pennsylvania Assembly as well as candidates who ran for office but were defeated Noting that political parties are on the decline in the U S Kennedy examines whether lawmakers are more inclined to follow their own interests their parties or those of their constituents when voting on particular issues In addition to discussing the philosophical dispositions of legislators he also examines the electoral experiences of defeated candidates Kennedy's study is an important resource for those interested in American government the legislative process or political science *Burton Barr* Philip VanderMeer, 2014-11-06 Politics like poker requires timing and risk and Burton Barr of Arizona knew it The deal maker of Arizona politics would say You gotta know when to hold them For more than two decades Barr played his political cards with skill as he led Arizona through an era of enormous growth and success Considered perhaps the most influential person in Arizona's political development Burton Barr represented north central Phoenix in the Arizona House of Representatives for the twenty two years from 1964 to 1986 As the Republican House Majority Leader for twenty of those years he left his fingerprints on every major piece of legislation during those decades covering such issues as air pollution health care for indigents school aid the tax code prison reform child care groundwater management and freeway funding Burton Barr's political life unfolded during the very time his state and region shifted from being outliers to trendsetters His choices in policy making and his leadership style were

both an outcome and a creator of his sociopolitical environment Arizona politics in the 1960s and 70s was a rich brew of key elements a time when the economy was being transformed the nature and distribution of populations shifted partisan politics were in flux and the very lifeblood of the West water was being contested under increasing pressures of usage and depletion How Barr successfully responded to those challenges is the story of Arizona s development during those years At the heart of it Barr s political life and personality are inextricably bound up with the life of the West

The High Priests of American Politics Mark Carlton Miller,2002-03 Using a multidisciplinary approach Mark C Miller draws in large part on interviews he conducted with members of the U S House of Representatives the Ohio legislature and the Massachusetts legislature From this rich data he shows how American lawyers are socialized into a common legal ideology which in turn shapes the behavior of individual lawyer politicians legislative committees dominated by lawyers and the entire legislative institutions of government
