A Reformation Debate John C. Olin, 2009-08-25 In 1539 Cardinal Jacopo Sadoleto Bishop of Carpentras addressed a letter to the magistrates and citizens of Geneva asking them to return to the Roman Catholic faith John Calvin replied to Sadoleto defending the adoption of the Protestant reforms Sadoleto's letter and Calvin's reply constitute one of the most interesting exchanges of Roman Catholic Protestant views during the Reformation and an excellent introduction to the great religious controversy of the sixteenth century These statements are not in vacuo of a Roman Catholic and Protestant position They were drafted in the midst of the religious conflict that was then dividing Europe And they reflect too the temperaments and personal histories of the men who wrote them Sadoleto's letter has an irenic approach an emphasis on the unity and peace of the Church highly characteristic of the Christian Humanism he represented Calvin's reply is in part a personal defense an apologia pro vita sua that records his own religious experience And its taut comprehensive argument is characteristic of the disciplined and logical mind of the author of *The Institutes of the Christian Religion*

Reformed Theology Henk Van Den Belt, 2008-01-01 This book discusses the concept of the self convincing authority of Scripture in the historical development of Reformed theology and advocates an emphasis on the autopistia in a postmodern context because truth and trust are inseparable

The Stripping of the Altars Eamon Duffy, 2005-05-28 This prize winning account of the pre Reformation church recreates lay people s experience of religion in fifteenth century England Eamon Duffy shows that late medieval Catholicism was neither decadent nor decayed but was a strong and vigorous tradition and that the Reformation represented a violent rupture from a popular and theologically respectable religious system For this edition Duffy has written a new Preface reflecting on recent developments in our understanding of the period From reviews of the first edition A magnificent scholarly achievement and a compelling read Patricia Morrison Financial Times Deeply imaginative movingly written and splendidly illustrated Duffy s analysis carries conviction Maurice Keen New York Review of Books This book will afford enjoyment and enlightenment to layman and specialist alike Peter Heath Times Literary Supplement An astonishing and magnificent piece of work Edward T Oakes Commonweal

The Authority of the Word Celeste Brusati, Karl A. E.. Enenkel, Walter Melion, 2011-11-11 This book examines scriptural authority and its textual and visual instruments asking how words and images interacted to represent and by representing to constitute authority both sacred and secular in Northern Europe between 1400 and 1700

Poverty in the Theology of John Calvin Bonnie L. Pattison, 2006-11-01 It is the thesis of this study that in Calvin s theology poverty and affliction not splendor and glory mark and manifest the kingdom of God on earth Poverty makes the kingdom visible to the eyes and therefore recognizable as divine Poverty acts to reveal or disclose that which is spiritual or that which is of God in the Christian faith This does not mean that Calvin sees the condition of physical poverty as revelatory in and of itself Rather poverty and affliction function as agents of divine revelation They are a condition or a chosen instrument God uses to disclose to humanity the nature of true spirituality godliness and poverty of spirit How this is demonstrated in Calvin s thought depends upon the specific doctrine under examination This study explores three particular areas in Calvin s theology where his theological understanding of spiritual poverty and physical poverty or affliction intersect his Christology his doctrine of the Christian life and his ecclesiology

Mestizo Democracy John Francis Burke, 2003-11-03 It can come as no surprise that the ethnic makeup of the American population is rapidly changing That there are political repercussions from these changes is also self evident How the changes can must and should alter our very understanding of democracy though may not be obvious Political theorist John Burke addresses these issues by offering a mestizo theory of democracy and tracing its implications for public policy The challenge before the United States in the coming century Burke posits will be to articulate a politics that neither renders cultures utterly autonomous from each other nor culminates in their homogeneous assimilation Fortuitously or ironically the way to do this comes from the very culture that is now necessitating the change Mestizo is a term from the Mexican socio political experience It means mixture and implies a particular kind of mixture that has resulted in a blend of indigenous

African and Spanish genes and cultures in Latin America This mixture is not a melting pot experience where all eventually become assimilated rather it is a mixture in which the influences of the different cultures remain identifiable but not static They all evolve through interaction with the others and the resulting larger culture also evolves as the parts do Mestizaje the collective noun form is thus process more than condition John Burke analyzes both American democratic theory and multiculturalism within political theology to develop a model for cultivating a democratic political community that can deal constructively with its cultural diversity He applies this new model to a number of important policy issues official language s voting and participation equal employment opportunity housing and free trade He then presents an intensive case study based on a parish multicultural committee and choir in which he has been a participant to show how the engaged dialogue of mestizaje might work and what pitfalls await it Burke concludes that in the United States we are becoming mestizo whether we know it or not and whether we like it or not By embracing the communitarian but non assimilationist stance of intentional mestizaje we can forge a future together that will be not only greater than the sum of its parts but also freer and more just than its past

John Calvin's Ecclesiology Gerard Mannion,Eddy van der Borght,2011-08-04 This unique work analyzes the crisis in modern society building on the ideas of the Frankfurt School thinkers Emphasizing social evolution and learning processes it argues that crisis is mediated by social class conflicts and collective learning the results of which are embodied in constitutional and public law First the work outlines a new categorical framework of critical theory in which it is conceived as a theory of crisis It shows that the Marxist focus on economy and on class struggle is too narrow to deal with the range of social conflicts within modern society and posits that a crisis of legitimization is at the core of all crises It then discusses the dialectic of revolutionary and evolutionary developmental processes of modern society and its legal system This volume in the Critical Theory and Contemporary Society by a leading scholar in the field provides a new approach to critical theory that will appeal to anyone studying political sociology political theory and law

Christ Jack Miles,2011-04-27 With the same passionate

scholarship and analytical audacity he brought to the character of God Jack Miles now approaches the literary and theological enigma of Jesus In so doing he tells the story of a broken promise God s ancient covenant with Israel and of its strange unlooked for fulfillment For having abandoned his chosen people to an impending holocaust at the hands of their Roman conquerors God in the person of Jesus chooses to die with them in what is effectively an act of divine suicide On the basis of this shocking argument Miles compels us to reassess Christ s entire life and teaching His proclivity for the powerless and disgraced His refusal to discriminate between friends and enemies His transformation of defeat into a victory that redeems not just Israel but the entire world Combining a close reading of the Gospels with a range of reference that includes Donne Nietzsche and Elie Wiesel Christ A Crisis in the Life of God is a work of magnificent eloquence and imagination
