Refugees W. R. Smyser, 1987 One of this century's greatest tragedies and one of our greatest challenges has been the movement of millions of refugees This book by an expert in the field gives a comprehensive view of where we have been and where we are likely to go in coping with this world's endless stream of refugees Senator Edward M Kennedy Chairman Subcommittee on Immigration and Refugee Affairs This survey of post World War II refugees by a former UN Deputy High Commissioner for Refugees focuses on those assisted through the United Nations and its affiliated Refugees UNHCR the International Committee for Migration and the World Food Program Smyser argues that refugee problems and crises are far from over and will continue to require urgent international cooperative treatment He presents a lengthy agenda with recommendations to preserve the global structure of refugee protection and care to help those who need help to prevent abuse and to bring refugee concepts and practices into a framework appropriate to our troubled times Choice *Prolonged Exile in Relative Isolation* Måns Fellelsson, 2003 Includes statistics *Songs of the Caged, Songs of the Free* Adelaida Reyes, 1999 Broadening the Edges Pirkko Kourula, 2023-12-11 This ground breaking volume brings the refugee issue out of the narrow confines of refugee law into the centre of international law and international relations It reviews the concept of the refugee and the international protection of refugees from the unconventional angle of the prospects and limitations of multilateralism in the post Cold War era This approach taking conflict prevention and resolution as its point of departure ensures that Broadening the Edges Refugee Definition and International Protection Revisited is not only novel but comprehensive and practical as well It is comprehensive because it offers a review of state practice within the United Nations and regional contexts as well as a review of the practice of the United Nations inter agency system It is practical because it is based on the personal experience of its author not on theoretical models The broadening concept of security affecting the attitudes of states towards refugees is the underlying theme of the book As a result the contemporary preoccupation with how best to provide international protection to all those in need of it is reviewed from a number of relevant perspectives including that of peacekeeping sanctions and coordination and competence within the United Nations Pirkko Kourula worked for some twelve years in UNHCR in Asia Europe and the USA and was Deputy Director of UNHCR Liaison Office at United Nations Headquarters in New York from 1991 to 1996 She was also Director for Humanitarian Assistance and Food Aid at FINNIDA the Finnish International Development Agency Ministry of Foreign Affairs

crisis has galvanized attention to one of the world's foremost challenges: forced displacement. The total number of refugees and internally displaced persons now at over 65 million continues to grow as violent conflict spikes. This report, *Forcibly Displaced: Toward a Development Approach Supporting Refugees, the Internally Displaced and Their Hosts*, produced in close partnership with the United Nations High Commissioner for Refugees (UNHCR), attempts to sort fact from fiction to better understand the scope of the challenge and encourage new thinking from a socioeconomic perspective. The report depicts the reality of forced displacement as a developing world crisis with implications for sustainable growth: 95 percent of the displaced live in developing countries and over half are in displacement for more than four years. To help the displaced, the report suggests ways to rebuild their lives with dignity through development support focusing on their vulnerabilities, such as loss of assets and lack of legal rights and opportunities. It also examines how to help host communities that need to manage the sudden arrival of large numbers of displaced people and that are under pressure to expand services, create jobs and address long-standing development issues. Critical to this response is collective action. As work on a new Global Compact on Responsibility Sharing for Refugees progresses, the report underscores the importance of humanitarian and development communities working together in complementary ways to support countries throughout the crisis from strengthening resilience and preparedness at the onset to creating lasting solutions.

Refugees, Civil Society and the State Ludger Pries, 2018-04-27 Ludger Pries explores the important moral, social and political challenge facing Europe and the international community: the protection of refugees as one of the most vulnerable groups on the planet.
