Da Capo Best Music Writing 2006 Mary Gaitskill, Daphne Carr, 2006-10-24 Essential reading for anyone who loves great music and impassioned writing about it Page 4 of cover *The SAGE Encyclopedia of African Cultural Heritage in North America* Mwalimu J. Shujaa, Kenya J. Shujaa, 2015-07-13 The Encyclopedia of African Cultural Heritage in North America provides an accessible ready reference on the retention and continuity of African culture within the United States Our conceptual framework holds first that culture is a form of self knowledge and knowledge about self in the world as transmitted from one person to another Second that African people continuously create their own cultural history as they move through time and space Third that African descended people living outside of Africa are also contributors to and participate in the creation of African cultural history Entries focus on illuminating Africanisms cultural retentions traceable to an African origin and cultural continuities ongoing practices and processes through which African culture continues to be created and formed Thus the focus is more culturally specific and less concerned with the broader transatlantic demographic

political and geographic issues that are the focus of similar recent reference works We also focus less on biographies of individuals and political and economic ties and more on processes and manifestations of African cultural heritage and continuity

Asian Popular Culture Anthony Y.H. Fung, 2013-05-29 This book examines different aspects of Asian popular culture including films TV music comedy folklore cultural icons the Internet and theme parks It raises important questions such as What are the implications of popularity of Asian popular culture for globalization Do regional forces impede the globalizing of cultures Or does the Asian popular culture flow act as a catalyst or conveying channel for cultural globalization Does the globalization of culture pose a threat to local culture It addresses two seemingly contradictory and yet parallel processes in the circulation of Asian popular culture the interconnectedness between Asian popular culture and western culture in an era of cultural globalization that turns subjects such as Pok mon Hip Hop or Cosmopolitan into truly global phenomena and the local derivatives and versions of global culture that are necessarily disconnected from their origins in order to cater for the local market It thereby presents a collective argument that whilst local social formations and patterns of consumption and participation in Asia are still very much dependent on global cultural developments and the phenomena of modernity yet such dependence is often concretized reshaped and distorted by the local media to cater for the local market
