Regional Development In A Modern European Economy The Case Of Tuscany:

Regional Development in a Modern European Economy Robert Leonardi, Raffaella Nanetti, 1994 Since Tuscany was targeted as an Objective Two area to reverse industrial decline its development has made it a European Union success story This volume brings together for the first time in English a team of experts to examine the Tuscan Model of development and its link with European integration All aspects of the economy are examined from the textile industry to tourism It is shown that Tuscany has benefited from European integration and regional decentralisation with an expanding export market to other EU countries Crucially the principles and practice approach demonstrates how the model can be applied to other such regions and the book has applicability beyond the immediate scope of study Given the absolute necessity of a coherent industrial policy at European level this volume is an invaluable reference for students scholars and practitioners alike BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Globalization and the European Political Economy Steve Weber, Steven Weber, 2001 Exploring the impact of globalization on governance structures in the modern European political economy this volume evaluates a set of propositions about the effects of globalization in the context of several empirical settings including corporate governance and regional economic development

The Social Context of Economic Change in Britain Terrence Casey, 2002 This book examines a period of dramatic economic change in Britain during the Thatcher era

The Political Economy of Trust Henry Farrell, 2009-08-24 Trust and cooperation are at the heart of the two most important approaches to comparative politics rational choice and political culture Yet we know little about trust s relationship to political institutions This book sets out a rationalist theory of how institutions and in particular informal institutions can affect trust without reducing it to fully determine expectations It then shows how this theory can be applied to comparative political economy and in particular to explaining inter firm cooperation in industrial districts geographical areas of intense small firm collaboration The book compares trust and cooperation in two prominent districts in the literature one in Emilia Romagna Italy and the other in Baden W rttemberg Germany It also sets out and applies a theory of how national informal institutions may change as a result of changes in global markets and shows how similar mechanisms may explain persistent distrust too among Sicilian Mafiosi

The Coherence of EU Regional Policy John Bachtler, Ivan Turok, 2013-12-16 This book brings together a rich selection of up to date practical experience of EU regional policy from across Europe It provides different perspectives on the design and operation of regional development strategies under the Structural Funds from people closely involved in studying managing or advising on the process at EU national and regional levels It therefore offers a more comprehensive and detailed

understanding of the structural policies than has been available hitherto This will prove particularly useful to researchers practitioners and students interested in European regional policies and processes

Modern Italy, 1871 to the Present Martin Clark, 2014-06-06 This classic textbook covers the social economic and political history of Italy from unification in 1870 to the present time This new edition brings students right up to date with increased coverage of the the 1980 s and 90 s and a new section on the turbulent reign of Silvio Berlusconi Other changes include updating the coverage of Liberal Italy and Fascism in the light of recent scholarship and changes in historiographical approach additional material on Italian popular culture and a new chronology

OECD Territorial Reviews: Siena, Italy 2002 OECD, 2002-07-05 OECD s territorial review of the Italian province of Siena

Government and Politics of Italy Robert Leonardi, 2017-09-12 The political history of Italy has been an undeniably turbulent one The country s political system has been repeatedly threatened by the historical existence of extremist parties on the left and right an economy which struggles to adapt the cleavage between a developed north and an underdeveloped south the challenge posed by terrorist groups and organized crime high public debt and governments that last on average only ten months Paradoxically however Italy continues to muddle through from one political crisis to another with one of the world s highest standards of living and quality of life What is the secret of Italian politics

The Regions and the New Europe Martin Rhodes, 1995 The contributors argue that some regions such as Emilia Romagna Baden Wurttemberg and Rhone Alpes have been highly successful in launching regional development strategies Others such as the English and certain southern European regions lack the economic resources and institutional structures to follow these examples The book analyses the reasons for success and failure and considers the strategic development options open to the less developed European regions

Politics in Europe M. Donald Hancock, Christopher J. Carman, Marjorie Castle, David P. Conradt, Raffaella Y. Nanetti, Robert Leonardi, William Safran, Stephen White, Michelle Hale Williams, Mary N. Hampton, 2018-05-29 Politics in Europe Seventh Edition introduces students to the power of the European Union as well as seven political systems the UK France Germany Italy Sweden Russia Poland within a common analytical framework that enables students to conduct both single case and cross national analysis Each case addresses the most relevant questions of comparative political analysis who governs on behalf of what values with the collaboration of what groups in the face of what kind of opposition and with what socioeconomic and political consequences Packed with captivating photos and robust country descriptions from regional specialists the Seventh Edition enables students to think critically about these questions and make meaningful cross national comparisons

Tight Knit Elizabeth L. Krause, 2018-08-17 The coveted Made in Italy label calls to mind visions of nimble fingered Italian tailors lovingly sewing elegant high end clothing The phrase evokes a sense of authenticity heritage and rustic charm Yet as Elizabeth L. Krause uncovers in Tight Knit Chinese migrants are the ones sewing Made in Italy labels into low cost items for a thriving fast fashion industry all the while adding new patterns to the social fabric of Italy s iconic industry Krause offers a revelatory look

into how families involved in the fashion industry are coping with globalization based on longterm research in Prato the historic hub of textile production in the heart of metropolitan Tuscany She brings to the fore the tensions over value money beauty family care and belonging that are reaching a boiling point as the country struggles to deal with the same migration pressures that are triggering backlash all over Europe and North America Tight Knit tells a fascinating story about the heterogeneity of contemporary capitalism that will interest social scientists immigration experts and anyone curious about how globalization is changing the most basic of human conditions making a living and making a life The Connected City Zachary P. Neal,2012-08-06 The Connected City explores how thinking about networks helps make sense of modern cities what they are how they work and where they are headed Cities and urban life can be examined as networks and these urban networks can be examined at many different levels The book focuses on three levels of urban networks micro meso and macro These levels build upon one another and require distinctive analytical approaches that make it possible to consider different types of questions At one extreme micro urban networks focus on the networks that exist within cities like the social relationships among neighbors that generate a sense of community and belonging At the opposite extreme macro urban networks focus on networks between cities like the web of nonstop airline flights that make face to face business meetings possible This book contains three major sections organized by the level of analysis and scale of network Throughout these sections when a new methodological concept is introduced a separate method note provides a brief and accessible introduction to the practical issues of using networks in research What makes this book unique is that it synthesizes the insights and tools of the multiple scales of urban networks and integrates the theory and method of network analysis

Unraveled Elizabeth L. Krause,2009-09-17 Deftly bridging literary conventions this compelling work exposes the cultural origins of a quiet revolution that occurred over the course of the twentieth century Elizabeth Krause combines novelistic and ethnographic techniques to illuminate population dynamics that have raised alarm across Europe and the United States and manifested for example in Italy s extremely low birthrate But what actually motivates people to have fewer children Krause turns to the evocative story of one woman Emilia Raugei who was born in a Tuscan hill town in 1920 and worked as a straw weaver in a rapidly globalizing economy to better understand this question Based on extensive fieldwork including indepth conversations with Emilia herself Krause draws on her rich and unconventional memories to create an engaging portrait of life in a rural village during Mussolini s rise to power it is a tale of migration love and loss political turmoil and the struggle to make a living during hard times Giving voice to a largely silent history that is at once local and global Unraveled A Weaver s Tale of Life Gone Modern will challenge us to find innovative approaches to understanding the transformative shift to a modern way of life Publisher s website *Clusters, Networks and Innovation* Stefano Breschi,Franco Malerba,2005-12-22 Examining the role of the much vaunted concepts of regional clusters in the prosperity and economic expansion of countries this work looks at the different experiences of industrial districts and high tech regions such as Silicon Valley Boston s

biotech region and Hsinchu Taipei Encyclopedia of Contemporary Italian Culture Gino Moliterno, 2023-06-14 This rigorously compiled A Z volume offers rich readable coverage of the diverse forms of post 1945 Italian culture With over 900 entries by international contributors this volume is genuinely interdisciplinary in character treating traditional political economic and legal concerns with a particular emphasis on neglected areas of popular culture Entries range from short definitions histories or biographies to longer overviews covering themes movements institutions and personalities from advertising to fascism and Pirelli to Zeffirelli The Encyclopedia aims to inform and inspire both teachers and students in the following fields Italian language and literature Arts Humanities and Social Sciences European Studies Media and Cultural Studies Business and Management Art and Design It is extensively cross referenced has a thematic contents list and suggestions for further reading

Regional Innovation Systems Hans-Joachim Braczyk, Philip Cooke, Martin Heidenreich, 2024-11-01 Since the first edition of this book in 1995 there has been a worldwide innovation led economic boom and a subsequent slump meaning enormous change has also occurred at the level of regional economies The new edition registers this change and provides an interesting test of the robustness of the original arguments in the book Not least more industrial policy making is influenced by the RIS analysis and many national and regional governments have adopted RIS approaches along with related instruments like promotion of industry clusters academic entrepreneurship regional venture capital and science led development strategies

The Italian Urban System Piero Bonavero, Giuseppe Dematteis, Fabio Sforzi, 2019-06-04 First published in 1999 this volume situates the Italian urban system within a European context examining the best approach to integration Connections between urban development territorial cohesion and the European urban system have been clearly identified by Europe 2000 1991 and identified as primary instruments for achieving social and economic cohesion and competitiveness as per the Treaty of Maastricht and the White Paper Growth Competitiveness Employment 1993 This book aids this endeavour through featuring contributions on cities as nodes of transport networks economic change the demographic transition the local milieu regional cohesion and global networks and how the system can integrate into European urban networks

A Handbook of Industrial Districts Giacomo Becattini, Marco Bellandi, Lisa De Propriis, 2014-05-14 A Handbook of Industrial Districts is a very well organized and structured collection of scientific works on the theory of industrial districts Roberta Capello Regional Studies In this comprehensive original reference work the editors have brought together an unrivalled group of distinguished scholars and practitioners to comment on the historical and contemporary role of industrial districts
