## **Regional Problems Problem Regions And Public Policy In The U K:**

**Regional Policy in Britain** Paul N. Balchin, 2021-07-11 Originally published in 1990 this book examines the extent to which the north south divide in the UK has been a reality in recent years It also reveals the degree to which the gap between the two parts of Britain has worsened An issue of enduring relevance particularly given the political drive to level up the regions the book focusses particularly on the 1980s a period when regional assistance became a victim of both monetarism and free market ideology The book reviews legislation and considers whether regional policy has been effective and consistent To widen the debate the author questions some common assumptions about regional imbalance and argues that intraregional disparities and the plight of Inner London were causes of concern no less serious than the problem of the north south imbalance

**Regional Policy in Britain** Gavin McCrone, 2017-09-05 Originally published in 1973 At that time imbalance in the economic performance of regions had become of increasing concern to politicians and economists in many European countries British policy was of particular interest not only because the changes of the 1960s made it more comprehensive than in most other countries but as some sort of regional policy had been in operation for more than thirty years many lessons could be learned from its evolution This book provides a comprehensive study of this aspect of British policy It starts by outlining the nature of the British regional problem the case for a policy and the contribution of economic theory to the understanding of the regional question In later Parts the development of British policy up to 1967 is described along with its impact on the performance of individual regions and different measures are evaluated with a view to increasing the effectiveness of policy The final chapter outlines the regional policy of the European Economic Community and shows what effect membership would have on British policy

The Rise of the English Regions? Irene Hardill, Paul Benneworth, Mark Baker, Leslie Budd, 2006-10-03 A critical look at regional development and governance examining the causes of the South East domination and comparing each region in terms of its characteristics and its experience of devolution

*Regional Identity and Behavior* Max Sugar, 2012-12-06 The author proposes that the four earliest British North American colonies in the United States promoted the development of distinct regional identities and that this cultural legacy affected identity development as well as behavioral patterns differently in each region He compares data from the North American colonies to the situation in England and discovers that the findings in the latter s eight standard regions are very similar to those in the United States

**Strategic Planning for Regional Development in the UK** Harry T. Dimitriou, Robin Thompson, 2007-08-07 With contributions from leading academics and practitioners Strategic Planning for Regional Development in the UK is the most up to date treatment of a fast changing subject The book discusses The evolution of regional planning in the UK and the strategic thinking involved The spatial implications of regional economic development policies The methods and techniques needed for the implementation of strategic planning for regional development How strategic planning for regional development is currently put into practice in three UK regions with different priorities

Strategic Planning for Regional Development in the UK is essential reading for students and academics working within strategic and regional planning and provides policy makers and practitioners with a comprehensive and thought provoking introduction to this critically important emerging field

**Regional Development in the 1990s** Ron Martin, Peter Townroe, 2013-10-18 This book documents the changing nature and challenge of regional development in Britain and Ireland in the final decade of this century In the first half of this book region by region profiles review the experience of the eighties and reflect on the present climate assessing problems and opportunities The second half provides 25 commentaries on changes influencing the development of regions from questions of industry technology and employment to the impact of national policy and 1992 and the prospects and capacity for regional policy and development

**A Bibliography of British History, 1914-1989** Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index

*European Cities, Planning Systems and Property Markets* J.N. Berry, W.S. McGreal, 2003-09-02 This book provides a comprehensive analysis of the interaction between the planning systems and property markets in 17 key European cities

**Global Challenge and Local Response** Walter B. Stöhr, 1990 The volume grew out of research undertaken as a part of the UN University's European Perspectives Project It addresses the consequences of the failure of large scale industrial enterprise and the inability of central government policies to cope with the results of economic restructuring in a series of comparative case studies showing how local communities throughout Europe East and West rural and industrial have responded to economic dislocation and decline and how these local initiatives have become the basis for economic regeneration Annotation copyrighted by Book News Inc Portland OR

Routledge Library Editions: Housing Gentrification and Regional Inequality Paul N. Balchin, 2022-07-30 Originally published in 1979 and 1990 the 2 volumes in this set Analyse the economic and social rationale of housing improvement in London Review the progress of improvement legislation as applied to London Identifies the connection between grant distribution and socio economic change within Housing Action Areas in the 1960s and 70s Provide introductory background to regional imbalance and policy in Britain Examine the economic and social data suggestive of a North South divide Question well known assumptions about regional imbalance

**England** Tomaney, John, Mawson, John, 2002-07-24 It provides the first up to date and comprehensive picture of the state of regionalism in England Charting the regionalisation of England that has occurred over recent years the book examines the background to the English Question outlines factors leading to regionalisation in England presents a new region by region analysis of the social economic and political conditions considers the arguments for regional government Policy makers practitioners academics students journalists and others who need to understand and keep up to date with the development of governance of the English regions will find this book to be an indispensable resource

**Territory, Identity and Spatial Planning** Mark Tewdwr-Jones, Philip Allmendinger, 2006-09-27 This book provides a multi disciplinary study of territory identity and space in a devolved UK through the lens of spatial planning It draws together leading internationally renowned researchers from a variety of disciplines to address the implications of devolution upon spatial planning and the rescaling of UK politics Each contributor offers a different perspective on the core issues in planning today in the context of New Labour's regional project particularly the government's concern with business competitiveness and key themes are illustrated with important case studies throughout

**European Economic Integration** Miroslav Jovanovic, 2002-09-11 In this major new text Miroslav N Jovanovic presents an analysis of all the major aspects of economic integration in the European Union Beginning with an overview of the origins of European integration he moves on to discuss in detail all the main policy areas These include monetary policy competition policy industrial policy fiscal policy trade policy the Common Agricultural Policy foreign direct investment regional policy The volume also includes a discussion of less well known policy areas such as social policy environmental policy and transport policy Containing an excellent blend of theory and practice and presenting a highly complex issue in an accessible and non technical way this text will be an invaluable resource for students of international economics international business and European studies

**The Renaissance of the Scottish Economy?** Charlotte Lythe, Madhavi Majmudar, 2021-10-12 Originally published in 1982 written at a time when Scotland was emerging from a recession it offered a comprehensive appraisal of the Scottish economy The book shows that long term regional problems had not gone away and that the presence of North Sea oil was not a guarantee of future economic health in Scotland A major theme of the work is the key role of government expenditure in the then recent restructuring of the Scottish economy Many of the issues discussed remain pertinent today as Scotland once again discusses the future shape of its economy and political identity

**Human Geography of the UK** David Graham, Irene Hardill, Eleonore Kofman, 2013-01-11 This new key textbook for introductory courses in human geography provides first and second year undergraduates with a comprehensive thematic approach to the changing human geography of the UK at the end of the twentieth and beginning of the twenty first century Covering local regional national European and global issues it also explores in some detail topics which are part of the lived experience of undergraduates themselves such as crime unemployment social exclusion and AIDS User friendly textbook features include chapter introductions summaries and important theoretical principles up to date further reading and key on line sources case studies examples and revision questions

**"Foundations of an Ever Closer Union"** Mark Callanan, 2007 Marking the fiftieth anniversary of the Treaty of Rome this publication examines some of the key developments in European integration from an Irish perspective The book explores different aspects of Ireland's relationship with the process of European integration including Ireland's relationship with the six founding members before it joined in 1973 and how European developments formed the backdrop to domestic debates over changing Irish economic policy in the 1950s and 1960s The increasing importance of the European Union in

different policy areas is also analysed as is the impact the Union has had on the work of ministers and the Oireachtas and how EU business is managed within government departments The publication also reflects on the different amendments to the Treaty of Rome and how Ireland has contributed to the negotiation of new treaties since the 1980s With contributions from both practitioners and academics the book offers a diverse range of perspectives on how European developments have impacted on Ireland as well as reflections on what Ireland has brought to the European integration project In these different ways the authors offer interesting new insights into Ireland's involvement in the integration process and illustrate how Ireland's position within the European Union has matured and entered a new phase of development

**BOOK JACKET** *The UK Regional-National Economic Problem* Philip McCann, 2016-03-10 In recent years the United Kingdom has become a more and more divided society with inequality between the regions as marked as it has ever been In a landmark analysis of the current state of Britain's regional development Philip McCann utilises current statistics examines historical trends and makes pertinent international comparisons to assess the state of the nation The UK Regional National Economic Problem brings attention to the highly centralised top down governance structure that the UK deploys and demonstrates that it is less than ideally placed to rectify these inequalities The North South divide in the UK has never been greater and the rising inequalities are evident in almost all aspects of the economy including productivity incomes employment status and wealth Whilst the traditional economic dominance of London and its hinterland has continued along with relative resilience in the South West of England and Scotland in contrast the Midlands the North of England Northern Ireland and Wales lag behind by most measures of prosperity This inequality is greatly limiting national economic performance and the fact that Britain has a below average standard of living by European and OECD terms has been ignored The UK's economic and governance inequality is unlikely to be fundamentally rebalanced by the current governance and connectivity trends although this definitive study suggests that some areas of improvement are possible if they are well implemented This pivotal analysis is essential reading for postgraduate students in economics and urban studies as well as researchers and policy makers in local and central government

*Spatial Policy in a Divided Nation* Richard T. Harrison, Mark Hart, 2002-09 This re evaluation of the role of regional policy in the UK has been accompanied by a much closer identification of regional policy with national economic policymaking This book drawing upon the contributions of a large number of experts in the field in the UK sets the debate on the future of spatial policy explicitly within the context of the economics and politics of the North South divide Recent policy debates in the United Kingdom have highlighted two major issues which will shape future policy developments and their impact in the 1990s the persistence of pronounced regional economic and social imbalances and the shift away from traditional perceptions of the role of regional policy with a new emphasis on inner city as opposed to regional problems In this collection by leading researchers in the field the role of regional policy in the UK is re evaluated against a background of renewed debate on the economic disparities inherent in the north south divide and an assessment of the implications for

future policy      **Regional Behaviour** Dimitrios C. Christopoulos,2018-02-06 This title was first published in 2001 In the framework of the EU a number of policies have been devised for regions in order to facilitate their balanced economic development The author argues that the focus on regional planners and their actions in academic literature has obscured the importance of regional elites in this process The author compares Western Scotland and the west of Crete focusing on the wider regional political and business elites within these regions and attempting a comparison of elite attitudes within regions and between regions      **Putting science and engineering at the heart of government policy** Great Britain: Parliament: House of Commons: Innovation, Universities, Science and Skills Committee,2009-07-23 A report that considers the broad issue of why science and engineering are important and why they should be at the heart of Government policy It also considers three more specific issues the debate on strategic priorities the principles that inform science funding decisions and the scrutiny of science and engineering across Government
