have been undervalued or misunderstood by critics since is time Wimsatt s book is the first to survey Simms s fiction and much of his other writing against the background of his life and literary career and the first to make extensive use of his immense correspondence It is an important study of a neglected author who once served as the leafing symbol of literary activity in the South It fills what has heretofore been a serious gap in southern literary studies **The American Novel** Donna Lorine Gerstenberger,George Hendrick,1961 *The American Novel: 1960-1968* Donna Lorine Gerstenberger,George Hendrick,1970 Lists selected 20th century criticism of specific novels general studies and bibliographies of individual authors *Richard M.
