Regionalism In The New Asiapacific Order Vol :

Regionalism in the New Asia-Pacific Order Joseph A. Camilleri, 2003-01-01 Regionalism in the Asia Pacific is a complex and rapidly evolving phenomenon This volume explores the relationship between globalization and regionalization between states markets and civil society and between US hegemony and Asian aspirations Indian Ocean Regionalism Dennis Rumley, Timothy Doyle, 2016-04-14 Pan regional constructions in the Indian Ocean are of relatively recent origin are contested and remain relatively weak at present Sub regional constructions on the other hand have tended to be more focussed especially in terms of security and have generally been more successful The principal purpose of this volume is to critically evaluate the debates surrounding these issues and to elucidate some of the main strengths and weaknesses of regionalism at both scales The discussion begins at the pan regional scale with an evaluation of pan regional contestation followed up by a chapter on the main pan regional grouping Indian Ocean Region Association for Regional Cooperation IOR ARC which was renamed Indian Ocean Rim Association IORA in 2013 Thereafter key examples of sub regional groupings South Asia ASEAN SADC and GCC are critically discussed in turn The principal readership for this volume will be scholars of geography politics and international relations students of Indian Ocean studies regionalism experts bureaucrats and politicians both within and outside the Indian Ocean Region **Asia-Pacific Geopolitics** Joseph A. Camilleri, 2007-01-01 Despite significant cultural exchange mutual trust and understanding remains fragile between Asia Pacific countries The community faces complex and seemingly intractable problems violent civil conflicts geopolitical tensions and economic uncertainties proliferation of nuclear weapons and flashpoints that may lead to war The authors of this book argue that common reflection and dialogue is imperative Their achieved aim is to bring together distinguished scholars and experts on public policy social ethics defence human security and sustainability to consider the future of the Asia Pacific region and appropriate responses by both states and civil society *The Future of Global Relations* T. Paupp, 2009-06-22 The collapse of US global hegemony means that the future of global relations will be defined by an integrated and mutually co operative world order of regions in which there are multiple centres of power These centres will continue to mature under the ideology of regionalism and through the long historical process of regionalization *China's Multilateral Co-operation in Asia and the Pacific* Chien-peng Chung, 2010-06-24 Explores the meaning scope and repercussion in the drive that a rising China has for institutionalizing multilateral cooperative processes in the Asia Pacific region the extent to which its actions are motivated by concerns of politics economics or security and the obstacles it faces for so doing *Contested Ideas of Regionalism in Asia* Baogang He, 2016-09-13 Deepening regionalism in Asia demands new leadership Strong elites who are committed to a supranational identity are a minimum requirement of successful regionalism Regional leaders are increasingly seen as a new set of leaders

in Europe Currently Asian regional leaders largely come from the diplomacy community or trade and economic sectors Yet further regionalization demands a new type of leadership from civil society and citizens In this context it is important to cultivate new regional leadership through the development of regional citizenship This book examines contested ideas of regionalism in Asia with a particular focus on two competing ideas of pan Asianism and Pacificism It also identifies a new trend and contestation the fundamental shift from a civilization understanding of regionalism to a technocratic and functional understanding of regionalism in the form of regulatory regionalism It also examines the other contested imaginations of regionalism in Asia including elitist versus participatory approaches to regionalism and democracy centric versus nationalism centric approaches to regionalism New Free Trade Agreements in the Asia-Pacific C. such as ASEAN **Rivalry And Cooperation In The Asia-Pacific: The Dynamics Of A Region In Transition (In 2 Volumes)** Mark Beeson, 2019-09-23 Rivalry and Cooperation in the Asia Pacific provides a comprehensive and accessible introduction to the most important strategic and economic region in the world Asia Pacific is a region that is undergoing a major transformation largely as a consequence of the rise of China and its growing rivalry with the United States Whatever happens in the Asia Pacific will profoundly influence global events not just regional ones Looking ahead the region's future direction and even its name is contested and uncertain This two volume reference work by one of the world's leading analysts of regional affairs places these events in historical context and considers what they may mean for future political economic and strategic relations By focusing on the United States China and the region's most significant middle powers the book explains why and how the Asia Pacific has become the fulcrum of international events Regionalism in International Law Ján Klučka, 2017-12-01 International Law Aspects of Regionalism evaluates regionalism in its various relationships and forms with respect to international law as well as the importance and duties of international law in respect to the establishment and functioning of various forms of regional groups A great deal of attention has been paid to regionalism from the global political economic security aspects but a complex evaluation of the impact it has had on international law and vice versa is still lacking The main purpose of this volume is to eliminate this gap and present the latest state of knowledge on the topic This text will be of interest both to students at an advanced level academics and reflective practitioners It addresses the topics with regard to international law and regionalism and will be of interest to academics dealing with legal aspects of current regionalism and for the specialized courses in the faculties of law as well as anyone studying diplomacy and international studies international relations regional integration law EU law international law and international relations

Michael, 2009-11-09 By placing the conflict in its historical ideological ethno political and geostrategic context the book extends beyond conventional realist approaches and lays bare those less visible dimensions that are often ignored by analysts and policy makers alike Governance and Regionalism in Asia Nicholas Thomas, 2009-01-13 In the decade since the Asian financial crisis the ten states of Southeast Asia that form ASEAN together with China Japan and South Korea have formed the basis of a community intended to support the well being of its member states markets and peoples This highly successful regionalisation was not anticipated by the region's leaders however and as a result policy makers are increasingly talking about meeting fatigue and the need to find a better way to govern regional affairs Among the reforms being considered is a shift towards a more rules based culture as well as the more explicit incorporation of both private sector and civil society organisations into the policy processes In short ASEAN 3 is seeking to develop new norms and processes for its networks and institutions This book explores the pressures currently influencing East Asian regionalist policy debates analysing the trend towards deeper integration and the emergence of a governance model for managing regional processes Combining state and subnational perspectives in conjunction with an examination of

the role of the business community and civil society organisations this book highlights the policy challenges confronting regionalism and governance in East Asia including key issues such as the rule of law financial cooperation and a case study on disaster management **Advancing East Asian Regionalism** Melissa Curley,Nicholas Thomas,2012-10-12

Developments in East Asia have progressed rapidly in terms of regionalism since the 1997 crisis The end of the Asian miracle called into question not only the capacity of regional states to meet the needs of their attendant peoples but also challenged the viability of regional organizations such as ASEAN to adapt and respond to the changing circumstances Advancing East Asian Regionalism looks at the ways in which ASEAN has expanded since the crisis and evaluates the potential of East Asia to come together in a regional formation one capable of representing the region as a whole akin to the European Community It draws upon the knowledge and perspectives of academics and policy makers actively engaged in the contradictory issues of regionalism Coupling case study material on regionalism institutions and sectoral cooperation with theoretical debates on regionalization this book is an invaluable resource that pushes our understanding of East Asian regionalism forward The Far East and Australasia 2003 Europa Publications,2002 A unique survey of each country in the region It includes an extensive collection of facts statistics analysis and directory information in one accessible volume **India as an Asia**
