Regions and Regionalism in South Asian Studies: an Exploratory Study Robert I. Crane, 1967 Regionalism and Regional Security in South Asia Zahid Shahab Ahmed, 2016-04-08 Zahid Shahab Ahmed evaluates the progress of the South Asian Association for Regional Cooperation SAARC This study goes beyond economic integration to present a detailed appraisal of cooperation under the overarching themes of economic cooperation environmental security human welfare and cooperation in security matters According to the author SAARC is making progress in addressing the myriad of issues on its agenda The transition from agreements to actions and frequent interactions among the member states has boosted confidence The progress of SAARC is more evident in the less controversial areas of human security such as poverty alleviation health and safety human resources development and higher education Notwithstanding enthusiastic commitments reflected in agreements and action plans there is a gulf between rhetoric and implementation most notably in sensitive areas relating to traditional security In the light of the findings of this study the author proposes that greater cooperation in common human security areas has a potential to pave the way for a cooperation on issues of a contentious nature particularly terrorism Regions and Regionalism in South Asian Studies Duke University, 1967 **Regional Cooperation in South Asia and Southeast Asia** Kripa Sridharan, 2007 Provides a comparative sketch of regional cooperation in South and Southeast Asia in the light of various political economic and social developments in the two regions **South Asian Studies** , 2005 **Re-imagining Border Studies in South Asia** Dhananjay Tripathi, 2020-12-24 This book presents a radical rethinking of Border Studies Framing the discipline beyond conventional topics of spatiality and territoriality it presents a distinctly South Asian perspective a post colonial and post partition region where most borders were drawn with political motives ignoring the socio cultural realities of the region and economic necessities of the people The authors argue that while securing borders is an essential function of the state in this interconnected world crossing borders and border cooperation is also necessary The book examines contemporaneous and topical themes like disputes of identity and nationhood the impact of social media on Border Studies trans border cooperation water sharing between countries and resolution of border problems in the age of liberalisation and globalisation It also suggests ways of enhancing cross border economic cooperation and connectivity and reviews security issues from a new perspective Well supplemented with case studies the book will serve as an indispensable text for scholars and researchers of Border Studies military and strategic studies international relations geopolitics and South Asian studies It will also be of great interest to think tanks and government agencies especially those dealing with foreign relations Regions and Regionalism in South Asian Studies Duke University, 1967 **Regionalism in South Asia** Kishore C. Dash, 2008-02-19 The dramatic surge in regional integration schemes over the past two decades has been one of the most important developments in world politics Virtually all countries are now members of at least one regional grouping South Asia is no exception to this trend In December 1985

seven South Asian countries came together to establish South Asian Association for Regional Cooperation SAARC to address issues of peace and development in the region This book examines regionalism in South Asia exploring the linkages between institutional structures government capabilities and domestic actors preferences to explain the dynamics of regional cooperation It considers the formation and evolution of SAARC explaining why its growth in terms of institutional developments and program implementation has remained modest and slow over the past two decades It also addresses the impact of important issues such as the acquisition of nuclear capabilities by India and Pakistan the unending conflicts in Kashmir the war against global terror in Afghanistan and India s growing economy Drawing on a wealth of empirical research including elite interviews and trade transaction data this book sheds new light on the main cooperation issues in South Asia today and provides important information on the trends and prospects for regional cooperation in future years

Society in India: Continuity and change David Goodman Mandelbaum, 1970 November 2004 *Language, Religion and Politics in North India* Paul R. Brass, 2005 This book is recognized as a classic study both of the politics of language and religion in India and of ethnic and nationalist movements in general It received overwhelmingly favorable reviews across disciplinary and international boundaries at first publication characterized as a masterly conceptual analysis

of language religion ethnic groups and nationhood a monumental work of interest to all political scientists one that should be required reading for any politically concerned person in the United Kingdom from a TLS review a work whose value and importance can scarcely be overstated with no competitor in the same class

Study On International Politics In Contemporary China Yuyan Zhang, 2020-07-14 China's guiding principle for foreign relations and its focus on states and regions has shifted a lot from the first 30 years of the founding of the People's Republic of China PRC in 1949 to 1978 and beyond after reform and opening up However PRC's diplomatic practice has been continuous whether it was participation in the Korean War breaking up with the former Soviet Union after a honeymoon period China's self defense war over Sino Indian border participation in the Vietnam War breakthrough in the Sino US relation or PRC's self defense war over the Sino Vietnamese border These historical events brought the need for theoretical study in International Politics IP The development of China's IP research was slow and filled with complications but it signified a breakthrough from scratch This book has filled gap by depicting a complete scroll of China's IP research in over 60 years since 1949 This book has followed two principles one is according to the classification of the IP discipline and the other is to recommend adaptations according to China's actual conditions

Regional Security in South Asia and the Gulf Umer Karim, Saloni Kapur, 2023-02-24 As we move towards a world without superpowers the dynamics within and between regions are of growing significance Against this backdrop this book explores the links between South Asia and the Gulf which have existed for centuries but are undergoing important shifts in the transition to multipolarity With a special focus on India Pakistan Iran Bangladesh Saudi Arabia the United Arab Emirates Sri Lanka and Oman this volume brings together scholars from across these regions to investigate what the decentring world order means for the relationship between South Asia and the Gulf It employs Regional Security Complex Theory to examine the changing global patterns of power and their impact on the inter regional patterns of amity and enmity between states in South Asia and the Gulf It employs both constructivist and realist approaches seeking to understand how power and social processes influence the political and security linkages between these regions

Modern Practices in North East India Lipokmar Dzüvichü, Manjeet Baruah, 2017-11-13 This book brings together essays on North East India from across disciplines to explore new understandings of the colonial and contemporary realities of the region Departing from the usual focus on identity and politics it offers fresh representations from history social anthropology culture literature politics performance and gender Through the lens of modern practices the essays in this volume engage with diverse issues including state making practices knowledge production and its politics history writing colonialism role of capital institutions changing locations of orality and modernity production and reception of texts performances and literatures social change and memory violence and gender relations along with their wider historical geographical and ideational mappings In the process they illustrate how the specificities of the region can become useful sites to interrogate global phenomena and processes for instance in what ways ideas and practices of modernity played an important role in

framing the region and its people Further the volume underlines the complex ways in which the past came to be imagined produced and contested in the region With its blend of inter disciplinary approach analytical models and perspectives this book will be useful to scholars researchers and general readers interested in North East India and those working on history frontiers and borderlands gender cultural studies and literature *The Language of Planning* Albert Z. Guttenberg,1993-08

Imagining Architects Ajay J. Sinha,2000 *Imagining Architects* explores the nature of visual inventions in the religious architecture of India using an analytical framework that gives makers of religious monuments a visibility commonly denied to them in the historiography of Indian art and architecture The exploration is based on a series of unusual formal experiments documented in a group of stone temples built in the eleventh century in the Karnataka region of southern India The author shows in these experiments a deliberate search for a new architectural principle using textual evidence and inscriptions referring to architects The author also demonstrates a self conscious modernity of Karnataka s makers who negotiated architectural traditions and religious ideas to radically change a previous architectural norm dominating the region **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved **Regions and Regionalism in South Asian Studies** Robert I. Crane,1973 **China's International Relations** Yunling Zhang,Binhong Shao,2021-10-23 This book provides scholars in the English speaking world with a window to understand China s perspectives on diplomatic theories and policies This book is a study of China s diplomatic theories and Chinese foreign practice analysis Along with the recent diplomatic strategy adjustments diplomatic practices and changes it discusses China s international relations with its neighbors the USA Japan India the Middle East and SAARC as well as the One Road and One Belt initiative *Globalising the Regional, Regionalising the Global: Volume 35, Review of International Studies* Rick Fawn,2009-04-30 A collection of leading international scholars examine the concept of regions from a range of perspectives and assess leading contemporary examples
