The Regis Touch Regis McKenna, 1986 Qualitative Marketing Research David Carson, Audrey Gilmore, Chad Perry, Kjell Gronhaug, 2001-02-01 As the importance of marketing to business grows and as new concepts and applications of marketing emerge and evolve so too does the need for up to date market intelligence This book recognizes that the contribution which qualitative research can make to market understanding and insight is immense and that statistical information flows are never enough but need to be compounded by market intelligence gained through qualitative methods Qualitative Marketing Research clearly explains the use and importance of qualitative methods clarifying the theories behind the methodology and providing concrete examples and exercises which illustrate its application to Management Studies and Marketing This book is intended for all students of marketing who are required to complete their studies with a dissertation or research project **Business Modeling for Life Science and Biotech Companies** Alberto Onetti, Antonella Zucchella, 2014-03-21 Most books on the biotechnology industry focus on scientific and technological challenges ignoring the entrepreneurial and managerial complexities faced by entrepreneurs The Business Models for Life Science Firms aims to fill this gap by offering managers in this rapid growth industry the tools needed to design and implement an effective business model customized for the unique needs of research intensive organizations Onetti and Zucchella begin by unpacking the often used business model term examining key elements of business model conceptualization and offering a three tier approach with a clear separation between the business model and strategy focus exploring the different activities carried out by the organization locus evaluating where organizational activities are centered and modus testing the execution of the organization's activities The business model thus defines the unique way in which a company delivers on its promise to its customers The theory and applications adopt a global approach offering business cases from a variety of biotech companies around the world Impact (Volume 2 of 2) (EasyRead Super Large 24pt Edition) , *Impact (EasyRead Large Bold Edition)* , **Impact (Volume 2 of 2) (EasyRead Super Large 20pt Edition)** , Gonzo Marketing Christopher Locke, 2009-06-17 Ladies and gentlemen please return your tray tables to the fully upright and locked position suspend your disbelief and put on your tinfoil pyramid hats We are now entering cue lights cue music the Brand Dimension Gonzo Marketing is a knuckle whitening ride to the place where social criticism biting satire and serious commerce meet and where the outdated ideals of mass marketing and broadcast media are being left in the dust As master of ceremonies at the wake for traditional one size fits all marketing Locke has assembled a unique guest list from Geoffrey Chaucer to Hunter S Thompson to guide us through the revolution that is rocking business today as people connect on the Web to form powerful micromarkets These networked communities based on candor trust passion and a general disdain for anything that smacks of corporate smugness reflect much deeper trends in our culture which Locke illuminates with his characteristic wit Just as gonzo journalism arose in response to objective news standards that claimed to foster fairness but in practice discouraged

writers from speaking their minds in their own voices so too does gonzo marketing call for a similar response to assumptions about consumer behavior that no longer relate to how people actually live their lives Gonzo Marketing is not yet another nostrum for hoodwinking the unwary It s about market advocacy It describes how the artist formerly known as advertising must do a 180 It s about transforming the marketing message from we want your money to we share your interests It s about tapping into listening to and even forming alliances with emerging on line markets who probably know more about your company than you do It s a hip hop cover of boring old best practices played backwards The paradox is that companies that support and promote these communities can have everything they ve always wanted greater market share customer loyalty brand equity Irreverent penetrating profoundly simple and on the money Gonzo Marketing is the raucous wake up that no one interested in any aspect of twenty first century business from the trading floor right up to the boardroom can afford to ignore
