**The Regis Touch** Regis McKenna, 1986-01 Offers proven techniques for positioning products and companies in a changing marketplace creating new markets monitoring market shifts and maintaining a flexible market plan *Bad Magic* Evelyn Elliott, 2015-10-28 Spell Slave Book One Morality is relative At least that's what young sorcerer Regis Teller convinces himself He's done what he must to survive working for a witch since he was nine helping her throw the kingdom into anarchy and taking his only comfort in her mysterious son Crow And soon Regis is going to commit his first murder A do-gooder named Jonathan White has information the witch needs and it's Regis's job to get that information and slit Jonathan's throat But then Regis actually meets Jonathan And Jonathan is perfect a hero with a passion for justice and little regard for civility Lucky for Regis Jonathan has a weakness for attractive men Lucky for Jonathan Regis is fast developing a conscience and a heart But for Regis keeping both of them alive at their adventure's end means breaking a magical oath and surviving his ruthless boss all without telling Jonathan the truth Falling in love is never easy especially when everyone involved is lying through their teeth

**Mindwealth** William A. Jones, 2015-07-17 Intellectual property rights IPR are a force for good People could harness their power more The book describes the UK and global environment in which people can build personal wealth from IP At its core is the statistic that approximately 70 per cent of a firm's value is in its IP which is generated by people Changing the environment would help more people build personal wealth from IPR That includes a better industrialization environment that delivers national competitive advantage through IPR Author William Jones describes the ecosystem within which people generate and exploit IPR using many examples snapshots and observations as well as structured disciplines The book takes a look at this ecosystem through the lens of the individual and IPR and more specifically the underpinning idea is that people can build their wealth by ensuring that IP works for them It highlights factors that can influence an individual's ability to be successful It suggests new ideas to provide a better platform for building personal wealth The book doesn't fall neatly into any genre of for example investment economics law or politics Rather it integrates or synthesizes a different position and new genre which exists above or to one side of these

**Buyer Personas** Adele Revella, 2015-02-24 Named one of Fortune Magazine's 5 Best Business Books in 2015 See your offering through the buyer's eyes for more effective marketing Buyer Personas is the marketer's actionable guide to learning what your buyer wants and how they make decisions Written by the world's leading authority on buyer personas this book provides comprehensive coverage of a compelling new way to conduct buyer studies plus practical advice on adopting the buyer persona approach to measurably improve marketing outcomes Readers will learn how to segment their customer base investigate each customer type and apply a radically more relevant process of message selection content creation and distribution through the channels that earn the buyers trust Rather than relying on generic data or guesswork to determine what the buyer wants the buyer persona approach allows companies to ask the buyer directly and obtain more precise and

actionable guidance Buyer personas are composite pictures of the people who buy solutions services or products crafted through a unique type of interview with the people the marketer wants to influence This book provides step by step guidance toward implementing the buyer persona approach with the advice of an internationally respected expert Learn who buys what and why Understand your buyer s goals and how you can address them Tailor your marketing activities to your buyer s expectations See the purchase through the customer s eyes A recent services industry survey reports that 52 percent of their marketers have buyer personas and another 28 percent expect to add them within the next two years but only 14 6 percent know how to use them To avoid letting such a valuable tool go to waste access the expert perspective in Buyer Personas and craft a more relevant marketing strategy

**Defining the Age** Paul Starr, Julian E. Zelizer, 2022-02-01 The sociologist Daniel Bell was an uncommonly acute observer of the structural forces transforming the United States and other advanced societies in the twentieth century The titles of Bell s major books *The End of Ideology* 1960 *The Coming of Post Industrial Society* 1973 and *The Cultural Contradictions of Capitalism* 1976 became hotly debated frameworks for understanding the era when they were published In *Defining the Age* Paul Starr and Julian E Zelizer bring together a group of distinguished contributors to consider how well Bell s ideas captured their historical moment and continue to provide profound insights into today s world Wide ranging essays demonstrate how Bell s writing has informed thinking about subjects such as the history of socialism the roots of the radical right the emerging postindustrial society and the role of the university The book also examines Bell s intellectual trajectory and distinctive political stance Calling himself a socialist in economics a liberal in politics and a conservative in culture he resisted being pigeon holed especially as a neoconservative *Defining the Age* features essays from historians Jenny Andersson David A Bell Michael Kazin and Margaret O Mara sociologist Steven Brint media scholar Fred Turner and political theorists Jan Werner Müller and Stefan Eich While differing in their judgments they agree on one premise Bell s ideas deserve the kind of nuanced and serious attention that they finally receive in this book

industry the tools needed to design and implement an effective business model customized for the unique needs of research intensive organizations Onetti and Zucchella begin by unpacking the often used business model term examining key elements of business model conceptualization and offering a three tier approach with a clear separation between the business model and strategy focus exploring the different activities carried out by the organization locus evaluating where organizational activities are centered and modus testing the execution of the organization s activities The business model thus defines the unique way in which a company delivers on its promise to its customers The theory and applications adopt a global approach offering business cases from a variety of biotech companies around the world

**Managing Aerospace Projects** Jimmy Williams, 2017-09-12 Over the next twenty years the role and contributions of successfully managed projects will continue to grow in importance to aerospace organizations especially considering the demands of emerging markets The accompanying challenges will be how to effectively reduce product and process cost where known incremental and unknown transformational technological innovation is required Managing Aerospace Projects brings together ten seminal SAE technical papers that support the vision of a more holistic and integrated approach to highly complex projects Using the concept of project management levers Dr Jimmy Williams Jr the editor of this title expands on the critical importance of correctly deciding on Organizational strategies Technology and product strategy Global portfolio strategy Project portfolio strategy Sub optimized strategies result in and contribute to a portfolio of misdirected projects and organizational dissatisfaction with project management outcomes unrelated to the actual project management process As an example ensuring the convergence and readiness of technologies that are critical for the design development and assembly of aircraft requires a disciplined and flexible approach for product and technology development Operating in an environment in which customer needs and supplier capabilities are dynamic requires continual focus on a portfolio of projects initiatives and capabilities that result in sustaining competitive advantage and influence Managing Aerospace Projects stresses the positive impact of project classification and the specific handling and leadership knowledge requirements so that these endeavors are indeed successful Some comparisons and lessons from the automotive industry are offered The notion that project management competence and capabilities are embedded in distinct ways of coordinating and combining multiple competencies suggests that failing to recognize the required organizational adaptations could be a major contributor to sub optimized project management outcomes

**Make It New** Barry M. Katz, 2015-09-11 The role of design in the formation of the Silicon Valley ecosystem of innovation California s Silicon Valley is home to the greatest concentration of designers in the world corporate design offices at flagship technology companies and volunteers at nonprofit NGOs global design consultancies and boutique studios research laboratories and academic design programs Together they form the interconnected network that is Silicon Valley Apple products are famously Designed in California but as Barry Katz shows in this first ever extensively illustrated history the role of design in Silicon Valley began decades before Steve Jobs and Steve

Wozniak dreamed up Apple in a garage Offering a thoroughly original view of the subject Katz tells how design helped transform Silicon Valley into the most powerful engine of innovation in the world From Hewlett Packard and Ampex in the 1950s to Google and Facebook today design has provided the bridge between research and development art and engineering technical performance and human behavior Katz traces the origins of all of the leading consultancies including IDEO frog and Lunar and shows the process by which some of the world s most influential companies came to place design at the center of their business strategies At the same time universities foundations and even governments have learned to apply design thinking to their missions Drawing on unprecedented access to a vast array of primary sources and interviews with nearly every influential design leader including Douglas Engelbart Steve Jobs and Don Norman Katz reveals design to be the missing link in Silicon Valley s ecosystem of innovation
