Consuming Sport Garry Crawford, 2004-06-03 Consuming Sport offers a detailed consideration of how sport is experienced and engaged with in the everyday lives social networks and consumer patterns of its followers It examines the processes of becoming a sport fan and the social and moral career that supporters follow as their involvement develops over a life course The book argues that while for many people sport matters for many more it does not Though for some sport is significant in shaping their social and cultural identity it is often consumed and experienced by others in quite mundane and everyday ways through the media images that surround us conversations overheard and in the clothing of people we pass by As well as developing a new theory of sport fandom the book links this discussion to wider debates on audiences fan cultures and consumer practices The text argues that for far too long consideration of sport fans has focused on exceptional forms of support ignoring the myriad of ways in which sport can be experienced and consumed in everyday life *Assembling*

Consumption Robin Canniford, Domen Bajde, 2015-09-16 Assembling Consumption marks a definitive step in the institutionalisation of qualitative business research By gathering leading scholars and educators who study markets marketing and consumption through the lenses of philosophy sociology and anthropology this book clarifies and applies the investigative tools offered by assemblage theory actor network theory and non representational theory Clear theoretical explanation and methodological innovation alongside empirical applications of these emerging frameworks will offer readers new and refreshing perspectives on consumer culture and market societies This is an essential reading for both seasoned scholars and advanced students of markets economies and social forms of consumption **The Global Football League** P.

Millward, 2011-10-12 This book tackles issues of globalization in the English Premier League and unpicks what this means to fan groups around the world drawing upon a range of sociological theories to tell the story of the local and global repertoires of action emanating from the popular protests at Liverpool and Manchester United football clubs **Sports Agents and**

Labour Markets Giambattista Rossi, Anna Semens, Jean Francois Brocard, 2016-06-10 The sports agent has become a highly significant figure in contemporary sport business The role of the agent is essential to our understanding of labour markets and labour relations in an increasingly globalised sports industry Drawing on extensive empirical research into football around the world this book explains what agents do how their role has changed and why this is important for future sport business Offering analysis from economic legal social and historical perspectives the book explores key topics such as the history of sports agents including the emergence of the modern agent in US sport typologies and demographic profiles of agents in football valuations and organisational analysis of leading European agents and agencies relations between agents and clubs future directions for research into sports agents Focusing on the major European leagues this book goes further than any other in illuminating an important but under researched aspect of contemporary sport business It is a valuable resource for any student researcher or policy maker with an interest in sport business sport management sport policy the

economics of sport or labour economics Globalised Football Nina Clara Tiesler, Joao Nuno Coelho, 2013-10-31 When studying the social phenomena in and around football five major aspects of globalisation processes become evident international migration the global flow of capital the syncretistic nature of tradition and modernity in contemporary culture new experiences of time and space and the revolution in information technologies In an exploration of these themes the collection provides insight into academic studies of football in Portugal Germany England Spain Brazil Angola Mozambique China Japan South Korea Russia and the USA At examining football related phenomena under the headings of nations and migration myths and business the city and the dream it shows how modernised football itself is object and subject in processes of both neo liberal globalisation and counter hegemonic globalisation While the contributions highlight characteristics of particular local and national contexts the volume focuses on global centre periphery relations and migration trajectories of football professionals by analysing recent developments in post colonial Portuguese speaking areas The high ranking of Portuguese football not only serves in nationalist discourses or in order to emancipate the country from a marginal position it also turns Portugal into a football talent exporter confronting it partly with the same ambiguous consequences as Brazil and the African countries who lose their football talents to the European centre The receiving countries again include Portugal This book was previously published as a special issue of Soccer in Society **The Association Game** Matthew Taylor, 2013-10-18 The story of British football's journey from public school diversion to mass media entertainment is a remarkable one The Association Game traces British football from the establishment of the earliest clubs in the nineteenth century to its place as one of the prominent and commercialised leisure industries at the beginning of the twenty first century It covers supporters and fandom status and culture big business the press and electronic media and development in playing styles tactics and rules This is the only up to date book on the history of British football covering the twentieth century shift from amateur to professional and whole of the British Isles not just England The Legacy of Bosman Antoine Duval, Ben Van Rompuy, 2016-05-25 In December 1995 the Court of Justice of the European Union delivered its judgment in its most famous case to date the Bosman case Twenty years later this book explores in detail how this landmark judgment legally and politically transformed the relationship between the European Union and sport Written by leading academics in the field the ten contributions in this book reflect on how Bosman fundamentally shaped the application of EU law to sport and its transformative effects on sports governance The book's innovative perspectives on the Bosman ruling makes it important reading for scholars practitioners and policy makers concerned with EU law and Sports law With a foreword by Prof Dr Carl Otto Lenz Advocate General at the Court of Justice in the Bosman case Dr Antoine Duval is Senior Researcher for International and European Sports Law at the T M C Asser Instituut in The Hague He holds a Ph D on the interaction between Lex Sportiva and EU Law from the European University Institute in Florence where he was the conveyor of the Transnational Law Working Group Prof dr Ben Van Rompuy is a senior researcher at the T M C Asser Instituut where

Sport in Films Emma Poulton, Martin Roderick, 2019-05-30 Sport offers everything a good story should have heroes and villains triumph and disaster achievement and despair tension and drama Consequently sport makes for a compelling film narrative and films in turn are a vivid medium for sport Yet despite its regularity as a central theme in motion pictures constructions and representations of sport and athletes have been marginalised in terms of serious analysis within the longstanding academic study of films and documentaries In this collection it is the critical study of film and its connections to sport that are examined The collection is one of the first of its kind to examine the ways in which sport has been used in films as a metaphor for other areas of social life Among the themes and issues explored by the contributors are Morality tales in which good triumphs over evil The representation and ideological framing of social identities including class gender race and nationality The representation of key issues pertinent to sport including globalization politics commodification consumerism and violence The meanings spoken by films and the various readings which audiences make of them This is a timely collection that draws together a diverse range of accessible insightful and ground breaking new essays This book was published as a special issue of *Sport in Society*

Sports and Human Rights Véronique Boillet, Sophie Weerts, Andreas R. Ziegler, 2024-06-06 Based on a series of themes and case studies this book aims to illustrate the impact of sports policies and practices on individuals and their identities and to analyze the potential solutions offered by International human rights law IHRL for these infringements It bridges the gap between IHRL and sports studies and will be useful to scholars in both fields especially those unfamiliar with each other's work Furthermore by investigating the context of sport and its governance this collection offers a series of valuable insights enabling the development of an interpretation of law in context for legal scholars in the field of human rights As the governance and regulation of sport are seen as illustrations of other forms of normativity this book also contributes to the conversation about the transnational dimension of law and legal orders In this respect it illustrates that normative autonomy in the field of sport associated with the idea of *lex sportiva* tends to be relative regarding IHRL The sporting environment is not disconnected from major contemporary social issues it constitutes a public space in which injustices can be denounced but also the theater in which prejudices are perpetuated against various parties such as athletes or workers IHRL commonly addresses attacks on individual dignity and social justice issues by guaranteeing rights to individuals and offering them protection mechanisms In this context can IHRL solve the problems encountered in the sporting environment This is the question that animates this volume This is an open access book
