Muncie, David Wilson, 2013-02-01 Written by some of the leading criminologists in the country this new title is a one stop shop for those who teach study or are interested in criminology and the criminal justice systems of the UK      *The Corporate Criminal* Steve Tombs, David Whyte, 2015-03-27 Drawing upon a wide range of sources of empirical evidence historical analysis and theoretical argument this book shows beyond any doubt that the private profit making corporation is a habitual and routine offender The book dissects the myth that the corporation can be a rational responsible citizen It shows how in its present form the corporation is permitted licensed and encouraged to systematically kill maim and steal for profit Corporations are constructed through law and politics in ways that impel them to cause harm to people and the environment In other words criminality is part of the DNA of the modern corporation Therefore the authors argue the corporation cannot be easily reformed The only feasible solution to this crime problem is to abolish the legal and political privileges that enable the corporation to act with impunity      *European Developments in Corporate Criminal Liability* James Gobert, Ana-Maria Pascal, 2011-06-10 When corporations carry on their business in a grossly negligent manner or take a cavalier approach to risk management the consequences can be catastrophic The harm may be financial as occurred when such well regarded companies as Enron Lehman Brothers Worldcom and Barings collapsed or it may be environmental as illustrated most recently by the Gulf oil spill Sometimes deaths and serious injuries on a mass scale occur as in the Bhopal gas disaster the Chernobyl nuclear explosion the Paris crash of the Concorde the capsizing of the Herald of Free Enterprise and rail crashes at Southall Paddington and Hatfield in England What role can the law play in preventing such debacles and in punishing the

corporate offenders This collection of thematic papers and European country reports addresses these questions at both a theoretical and empirical level The thematic papers analyse corporate criminal liability from a range of academic disciplines including law sociology criminology economics philosophy and environmental studies whilst the country reports look at the laws of corporate crime throughout Europe highlighting both common features and irreconcilable differences between the various jurisdictions
