## **Rehabilitation Counseling Basics Beyond:**

Rehabilitation Counseling Randall M. Parker, 1987      *Rehabilitation Counseling* Randall M. Parker, Edna Szymanski, 1992-01-01      *The Professional Practice of Rehabilitation Counseling* Dennis R. Maki, Vilia M. Tarvydas, 2011-07-28 Print CourseSmart      **Handbook of Rehabilitation Counseling** T. F. Riggart, 2004 Print CourseSmart      **The Oxford Handbook of Social Class in Counseling** William Ming Liu, 2013-04-26 Social class is a pervasive facet of all lives regardless of one's own social class and status. One would think its ubiquity would make it necessary for all helping professionals to understand social class and discuss it in therapy and research. Yet social class and classism are one of the most confusing and difficult concepts to understand and integrate into research and counseling practice mostly due to the relative lack of psychological theories, research, and quantitative data. Fulfilling this need, this handbook summarizes and synthesizes available research on social class and classism in counseling practice and research areas. The 32 chapters included offer up-to-date fascinating and provocative applications of social class and classism as seasoned chapter authors provide an overview of theories related to social class and classism and its application toward research, education, training, and practice. Chapters include comprehensive coverage of lifespan issues related to social class such as unique aspects of social class and classism in the lives of children, adolescents, and older adults; how social class is studied and empirically understood through research; assessment and practice implications of social class in career counseling, psychological assessment and diagnosis, and the therapy relationship; how social class is implicated in positive psychology, career and work psychology, and health psychology; social class and classism and its connection to whiteness, racism, sexual orientation, religion, and spirituality; and social justice. This book offers the first compendium of counseling-related resources on social class and classism and will be a comprehensive must-have reference for professionals and academics in counseling psychology and related fields for years to come.

**Orientation to Professional Counseling** Sylvia C. Nassar, Spencer G. Niles, 2018-01-30 Ideal for use in introductory counseling courses, *Orientation to Professional Counseling* is fully aligned with the 2016 CACREP Standards and contains historical perspectives on the foundations of the profession, an overview of counseling specialties and contemporary issues in the field, and a discussion of anticipated future trends. Throughout the book, Nassar, Niles, and other counseling leaders emphasize the core content and expertise common within a unified counseling identity. To deepen practical application, chapters include learning objectives and activities, review questions, illustrative text sidebars, and Voices From the Field. Complimentary instructor materials including chapter outlines, tests, and PowerPoint slides are available by request to ACA. Requests for digital versions from ACA can be found on [www.wiley.com](http://www.wiley.com). To request print copies, please visit the ACA <https://imis.counseling.org/store/detail>.
