overcome egotism and the falseness of life to overcome self seeking through love the sham of life through truth illness through health giving thoughts that put us into immediate accord with the harmonies of the universe because they flow from the harmonies of the harmonies of the universe Rudolf Steiner Steiner examines the inner history of Christianity explaining its relationship to ancient Judaism Hellenism Romanism Gnosticism and Egypto Chaldean initiation He describes the hidden spiritual battle raging today and the need for a renewal of the mysteries in a modern form Today s road to Christ must involve a new formative thinking whose Christian character is shown in the advent of selflessness health and a sense for truth George O Neil describes the nature of these lectures in his foreword As always Rudolf Steiner spoke freely without using notes Most of his audience had studied or were at least familiar with his written works and the published lecture cycles on the Gospels and related themes A similar background will be needed for reading How Can Mankind Find the Christ Again Such a background will prepare the reader for challenges and vistas not encountered elsewhere Steiner s message of the new Christ Light midst the shadow existence of our age speaks to the modern soul in search of a cognitive reach How Can Mankind Find the Christ Again is a translation of *Wie kan die Menschheit den Christus wiederfinden Das dreifache Schattendasein unserer Zeit und das neue Christus Licht* GA 187 Avicenna and I Manoucher Parvin,2006 Avicenna and I is a love saga spanning here and the hereafter it is a journey of spirits toward immortality Together two lovers explore the city of Hamadan in north west of Iran one of the oldest residences of civilisation where the tomb of one of history s most remarkable thinkers Avicenna lies To ascend from what they are to what they dream to be the lovers seek and find the spirit of Avicenna From him the prince of medicine and the leading wise man they learn how to heal the body the mind the spirit and even love and how to tend to a wounded nature They discover the path to immortality Avicenna and I strips history naked of its pretensions and shatters the myth of the East as a place of unreason deserving to be subjugated by the West and establishes that the Italian Renaissance was merely a continuation of the Persian Renaissance which occurred in the Golden Era of Avicenna In this unforgettable novel the future and the past recreate one another and set the present afire with passion for immortal wisdom and immortal love and truth The reader is invited to view the mind and the universe intuition and reason science and faith and life and death with a profoundly new understanding The trials and tribulations of the characters even history on their transcendental journey are recounted with a pen searching for the beginning and the end of everything for the answers God never created So humans must invent the answers as we have invented many things God did not create This novel is a chapter in the book of answers **30 Years Among the Dead** Dead Carl Wickland,2023-12-21 In 30 Years Among the Dead Dead Carl Wickland presents a compelling exploration of psychical research and the realm of spirits drawn from his extensive experience as a psychiatrist The book intricately weaves anecdotal evidence with rigorous observations drawing upon Wickland s encounters with deceased entities through mediums and his own innovative therapeutic practices Literary in its approach Wickland s style is both accessible and scholarly situating his findings within

the broader context of early 20th century spiritualism and mental health discourse which often intersected with supernatural beliefs during that era Wickland a pioneering figure in the field of spirit release therapy was influenced by his encounters with patients suffering from what he termed spirit possession His professional background as a psychiatrist armed him with a unique perspective allowing him to approach spiritual phenomena with a scientific rigor rarely seen in his contemporaries His dedication to understanding the intersection of the mental and the metaphysical led him to document his experiences extensively culminating in this revealing work Highly recommended for those with an interest in the paranormal psychical research and the philosophical implications of life after death 30 Years Among the Dead serves as both an enlightening account and a unique methodological contribution to the discourse surrounding the spiritual and psychological dimensions of human experience *Imagining Karma* Gananath Obeyesekere,2002-11-11 With *Imagining Karma* Gananath Obeyesekere embarks on the comparison of rebirth concepts across a wide range of cultures The book makes a case for disciplined comparison a humane view of human nature and a theoretical understanding of family resemblances and differences across great cultural divides U.L.T ,1914 Your Psychic Powers and how to Develop Them Hereward Carrington,1920

Trusting in Spirit—The Challenge Dr. Bob Woodward,2018-04-17 In this unique book Spirit Guides are invited to communicate to us teachings which they consider relevant and important at this time However the author also questions and challenges what the Guides have to say instead of just acquiescing to their messages The book is intended to help awaken people to the reality that they each have Spirit Guides who are more than willing to be of help and service to them However since they always respect our free will they depend on us taking the initiative to get to know them This is precisely the challenge of learning to trust in Spirit and in our own potential abilities I can honestly say that when I read the manuscript I was amazed at its power to inspire and heal As you read this book your spirit guide will be close and help you understand the teachings that are relevant to you Anne Lewis Spiritual Medium and Healer You are only limited in your abilities by your own set beliefs and expectations If your beliefs grow and widen then so do your abilities to contact beings on all different levels Philip The Angel Methodist Magazine and Quarterly Review ,1920
