From the Trade Paperback edition. **The Secret Life of Kids** James W. Peterson, 2000-10-29 It all began when James Peterson was a camp counselor and two children watching him meditate described the colors they saw around his form: we saw colors coming out of his stomach. And the outside was purple then it was blue then it was yellow then reddish and light yellow in the middle. Studies indicate that almost seven percent of young children have such psychic experiences. For the most part they don't tell anybody about them for fear of being ridiculed. But the author believes it would be psychologically healthy for them to relate such occurrences to adults if they feel the need. In this book Peterson has put together a charming collection of case histories about such psychic episodes. He believes they should be accepted as factual that frequently they emanate from the wisdom of innocence present in youngsters. The question of the secret life of kids is examined by Peterson from the point of view of philosophy, occultism, and child psychology. He suggests why and how such experiences manifest and their potential value to the child's growth pattern. **Your Hidden Riches** Janet Bray Attwood, Chris Attwood, Sylva Dvorak, Ph.D., 2014-10-21 From the New York Times bestselling authors of *The Passion Test* comes a book that will teach readers to harness the power of ritual to unlock their unique gifts and create a life of love, wealth, and happiness. Rituals are the common feature of every ancient culture on Earth. Yet modern society has lost touch with the power and value of ritual to create a rhythm for daily life, balance, and a connection with others. In the process many of us have lost touch with ourselves. *Your Hidden Riches* is a call to reignite the power of personal and community rituals to sustain us in the midst of an ever-increasing onslaught of information and expectations and to sustain our world by reawakening the awareness of our interconnection with all life. In the book you will learn to engage with o Rituals for Magical Relationships o Rituals for Diet, Health, and Beauty o Creating Wealth Through Ritual o Rituals for the Seasons of Life o Rituals for a Closer Family Circle Embracing ritual will allow you to finally live the life of health, wisdom, and love that you deserve. **Reincarnation** Lynn Kear, 1996-07-22 Over 500 books are described. Each entry includes full bibliographic information, a description of the contents, and additionally in most cases an excerpt is included that gives the flavor of the book. Pro and anti reincarnation sources are featured for this highly controversial subject. An appendix lists organizations that are concerned with reincarnation. This will be of interest to religious scholars and students and anyone interested in this fascinating topic. **The Secret Life of Algernon Pendleton** Russell H. His solitary life punctuated by occasional visits to a shop where he trades artifacts for ready cash would be lonely if not for his

The Secret Life of Puppets Victoria Nelson,2003-11-01 In one of those rare books that allows us to see the world not as we ve never seen it before but as we see it daily without knowing Victoria Nelson illuminates the deep but hidden attraction the supernatural still holds for a secular mainstream culture that forced the transcendental underground and firmly displaced wonder and awe with the forces of reason materialism and science In a backward look at an era now drawing to a close The Secret Life of Puppets describes a curious reversal in the roles of art and religion where art and literature once took their content from religion we came increasingly to seek religion covertly through art and entertainment In a tour of Western culture that is at once exhilarating and alarming Nelson shows us the distorted forms in which the spiritual resurfaced in high art but also strikingly in the mass culture of puppets horror fantasy literature and cyborgs from the works of Kleist Poe Musil and Lovecraft to Philip K Dick and virtual reality simulations At the end of the millennium discarding a convention of the demonized grotesque that endured three hundred years a Demiurgic consciousness shaped in Late Antiquity is emerging anew to re divinize the human as artists like Lars von Trier and Will Self reinvent Expressionism in forms familiar to our pre Reformation ancestors Here as never before we see how pervasively but unwittingly consuming art forms of the fantastic we allow ourselves to believe
