MYSTERY OF REINCARNATION J Danelek,2007-05-27 What if you found out that the life you re living today is not the only one you ll ever

live but just one of many How would it change the way you look at the world around you and the people in it In this objective and balanced look at one of the great mysteries of our age you ll not only explore reincarnation s western roots and examine the compelling evidence to support it as well as examine the chief objections to it offered by the scientific and religious communities but explore the mechanics of reincarnation as well how it works on a practical level what it s trying to do on a spiritual level and what it all means to you as you go about your day to day life It s sure to not only get you thinking about your past but will force you to consider your present and future in ways you never imagined possible before

Beyond Death Gary R. Habermas,J. P. Moreland,2004-01-29 Death and what lies beyond is not something you consider every day But the thought of it raises some intriguing questions Are there good reasons for believing in life after death What is the afterlife like How valid are the reports of near death experiences Do heaven and hell exist And if so how can hell be reconciled with a loving God By sharing the very latest scientific philosophical anthropological ethical and theological evidence on life after death noted Christian scholars Habermas and Moreland present a strong case for immortality with this book They begin by taking up the question of whether life after death is real and what evidence supports its reality They then explore what the afterlife is like and go on to show how having this reality in your future should affect the way you live here and now This book will reassure you that there s no need to fear death as long as you re prepared eternity that follows It s also a great aid in developing a serious biblical rational and even scientific defense for the belief in life beyond the grave

Ideal and Actual in the Story of the Stone Dore Jesse Levy,1999 Levy explores the classic Chinese novelThe Story of the Stone also known as The Dream of the Red Chamber illuminating the work by interpreting its four major themes the inversion of traditional family dynamics the function of illness and medicine in a Buddhist society the role of poetry in a dynastic Chinese society and the use of poetry as a vehicle for spiritual retribution
