The Entangled Trinity Ernest L. Simmons, 2014 The Doctrine of the Trinity is an exercise in wonder It is drawn from the wonder of our own existence and the diverse experiences of the divine encountered by the early Christian community From the earliest days of Christianity theologians of the church have drawn upon the most sophisticated language and understandings of their time in an attempt to clarify and express that faith In this volume Ernest Simmons ssks what the current scientific understanding of the natural world might contribute to our reflection upon the relationship of God and the world in a Triune fashion Kierkegaard and the Concept of Religious Authorship Keith H. Lane, 2010 Keith H Lane examines Soren Kierkegaard s concept of religious authorship and argues for Kierkegaard s status as a religious author He elucidates how such authorship may have similarities to philosophical authorship particularly philosophy as envisioned by Ludwig Wittgenstein and wherein the two differ Starting with Kierkegaard s Concluding Unscientific Postscript and giving special attention to The Point of View and other later writings Lane investigates aspects of thought and expression that may be unique to religious authorship and explores the particular constraints challenges and opportunities for one who writes from within a framework of religious belief and commitment including such issues as protectionism apologetics persuasion

and the tension between certainty and uncertainty that attends religious authorship *The Concept of Faith* William Lad Sessions,1994 Faith lies at the heart of human life and not just in religious contexts But just what is faith In this book William Lad Sessions ventures a new approach to this age old problem Viewing it in global terms he provides an effective and insightful set of analytical tools for deepening our understanding of the ideas of belief *Understanding Reality Religion* Hiley Ward,2007-08 You know the Big questions When did it all begin Before creation what Before that Where was I 10 000 years ago When will it all end But I suppose that the question that bothers people most is How can God the omnipotent the Creator be good when there is so much evil in the world Here is an attempt to face up to the eternal unsolvable contradictory questions about God Jesus the church and the practice of faith in the Christian life Without negating traditional religion concepts God is embraced in all of his attributes He has a dark side He is jealous egotistical cruel tyrannical killer of innocent hordes He is also recognized as a great deliverer lover of good supporter of mankind and a generally good companion The Christian opts to address this second image of God the beneficent The author has struggled with the definition and nature of God all his life He has found that he can question God and acknowledge his her dark side while at the same time love God and bask in his presence and love Here is a new kind of spiritual journey intellectually honest and committed in faith
