Partel, 2011-03 *The Chess Players* is both a naval story and a love story and opens with an audacious espionage mission a Soviet submarine penetration of Stavanger Norway and closes with a thrilling bizarre episode between a missile equipped Russian nuclear submarine and a US Navy destroyer escort in the Mediterranean Sea Commander Pebbles Operations Officer of anti submarine carrier Essex on a career track for admiral mentors the well educated and competent but inexperienced young Ensign Cannon Based in part on untold historical events typical of the Cold War at sea their task group encounters several provocative incidents at the hands of the Russian Bear above the Arctic Circle and in the Mediterranean Sea prior to and after the 1967 Six Day Arab Israeli War The love story begins when beautiful Laetitia Martin a Ph D candidate in art history meets Ensign Cannon both members of a wedding on Martha's Vineyard shortly before Essex deploys for NATO exercises in the Eastern Atlantic She is a consummate believer with a growth motive and catches a whiff of the women's movement and begins to find her upper class life stifling Cannon doesn't flinch at women's liberation but he

has other anxiety producing issues related to women Her research into the turbulent life of the painter Caravaggio the novel's fourth character if you will will also take her to Europe in the summer of 1967 and provides the opportunity for their romance to bud and bloom in London and in Malta as she succeeds in explaining Caravaggio's self-destructive behavior in modern psychological terms

American Fiction in the Cold War Thomas H. Schaub, 1991 In *American Fiction in the Cold War* Thomas Hill Schaub makes it clear that Trilling's summary was in itself a mythic reconstruction a prominent example of the way liberal writers in the late 1940s and 1950s came to terms with their political past Schaub's book brilliantly analyzes their efforts to reshape an old liberalism alleged to hold naively optimistic views of human nature scientific reason and social progress into a new skeptical liberalism that recognized the persistence of human evil the fragility of reason and the ambiguity of moral decision Most important as *American Fiction in the Cold War* demonstrates these liberal reassessments of history politics human nature and destiny what Schaub calls the liberal narrative mediated the critical and imaginative production of the literary community after World War II Schaub shows that the elements of this narrative are visible in a wide spectrum of cultural narratives in American history political philosophy and social criticism during the Cold War era His analysis of the dominant critical communities of the late 1940s led by critics such as Lionel Trilling and Irving Howe Cleanth Brooks and Allen Tate recovers the political meanings embedded within their debates over the nature of literary realism the definition of the novel and speculations on its death In the second part of his study Schaub turns to Ralph Ellison Flannery O'Connor Norman Mailer and John Barth His readings of their fiction isolate the political and cultural content of works often faulted for their apparent efforts to transcend social history Reviewing John Barth's *End of the Road* for example he shows the politics of culture concealed within what seems to be a philosophical narrative In novel after novel he demonstrates the liberal narrative is operating from within tuning and steering the direction of the plot and the creation of the character Schaub's penetrating exploration of the relationship between U.S. political and social thought and the literary consciousness in the early postwar years will be of interest to intellectual historians and to students of American literary culture

One Against the World; Or, Reuben's War. A Novel John Saunders (Novelist.),1876 Rethinking Cold War Culture Peter J. Kuznick,James Gilbert,2013-04-09 This anthology of essays questions many widespread assumptions about the culture of postwar America Illuminating the origins and development of the many threads that constituted American culture during the Cold War the contributors challenge the existence of a monolithic culture during the 1950s and thereafter They demonstrate instead that there was more to American society than conformity political conservatism consumerism and middle class values By examining popular culture politics economics gender relations and civil rights the contributors contend that while there was little fundamentally new about American culture in the Cold War era the Cold War shaped and distorted virtually every aspect of American life Interacting with long term historical trends related to demographics technological change and economic cycles four new elements dramatically influenced American politics and culture the threat of nuclear annihilation the use of surrogate and covert warfare the intensification of anticommunist ideology and the rise of a powerful military industrial complex This provocative dialogue by leading historians promises to reshape readers understanding of America during the Cold War revealing a complex interplay of historical norms and political influences From Coldwar Communism to the Global Emancipatory Movement Peter Waterman,2014-12-12 Boaventura de Sousa Santos says This is an admirable memoir of an intellectual activist who has lived most intensely the progressive struggles of the last sixty years of world history because despite being born in Europe Peter in the best tradition of communist internationalism participated in struggles and movements not only in Central and Eastern Europe but also in Africa and most recently in Latin America But this is much more than a memoir It is so well documented that in this personal experience there are reflected some of the most decisive events of contemporary history It is a living history book But even more than this this book is so clearly and vividly written that at times it reads like the script for an imaginary documentary of our times This book should be read by all concerned with our recent history in order to get a much more complex inside view of what happened while it was happening In particular it should be read by the youth in order to get a close up of the difficulties and possibilities in building another possible world at a time where there existed a vibrant international communist movement It is up to such youth to evaluate

whether difficulties are now or more daunting the possibilities less of more luminous *The Aesthetic Cold War* Peter J. Kalliney, 2024-12-10 How decolonization and the cold war influenced literature from Africa Asia and the Caribbean How did superpower competition and the cold war affect writers in the decolonizing world In *The Aesthetic Cold War* Peter Kalliney explores the various ways that rival states used cultural diplomacy and the political police to influence writers In response many writers from Africa Asia and the Caribbean such as Chinua Achebe Mulk Raj Anand Eileen Chang C L R James Alex La Guma Doris Lessing Ng g wa Thiong o and Wole Soyinka carved out a vibrant conceptual space of aesthetic nonalignment imagining a different and freer future for their work Kalliney looks at how the United States and the Soviet Union in an effort to court writers funded international conferences arts centers book and magazine publishing literary prizes and radio programming International spy networks however subjected these same writers to surveillance and intimidation by tracking their movements tapping their phones reading their mail and censoring or banning their work Writers from the global south also suffered travel restrictions deportations imprisonment and even death at the hands of government agents Although conventional wisdom suggests that cold war pressures stunted the development of postcolonial literature Kalliney s extensive archival research shows that evenly balanced superpower competition allowed savvy writers to accept patronage without pledging loyalty to specific political blocs Likewise writers exploited rivalries and the emerging discourse of human rights to contest the attentions of the political police A revisionist account of superpower involvement in literature *The Aesthetic Cold War* considers how politics shaped literary production in the twentieth century **North vs. South: 40+ Civil War**
