Pink Floyd and Philosophy George A. Reisch,2007 What does the power of great art have to do with madness Should psychedelic drugs make us doubt the evidence of our senses How did power sadism and conformity turn education into mind control not that we need either Can a rock band keep its identity as its members change What can we learn from the synchronicities between *The Dark Side of the Moon* and *The Wizard of Oz* Did Friedrich Nietzsche foreshadow Syd Barrett When did you realize that you are the hole in reality How can you have any pudding if you don t eat yer meat

Pink Floyd in the 1970s Georg Purvis,2021-02-09 It may have all started with Syd Barrett but the persistence and creativity of Roger Waters Rick Wright Nick Mason and David Gilmour meant that Pink Floyd went from one of England s top underground psychedelic bands to one of the biggest rock bands on the planet all thanks to an album wondering if there really was a dark side of the moon *Pink Floyd in the 1970s* *Decades* focuses on the band throughout the 1970s undoubtedly the peak of their success from the weird brilliance of *Atom Heart Mother* to the epic autobiographical storytelling of *The Wall* In between the band achieved tremendous success with *Meddle* and *Dark Side of the Moon* yet struggled to come to terms with their place in the pantheon

of rock music on *Wish You Were Here* and *Animals*. The decade of Pink Floyd's greatest successes was dominated by shifting musical trends and a balance in power in the band changing from democratic equality to Waters calling most of the shots. These factors and the looming spectre of Barrett, their erstwhile founder, inspired some of the greatest albums of all time. The book explores the music, the defining moments and the personality clashes that very nearly destroyed the band. The author, Georg Purvis, is the author of *Queen: The Complete Works*, currently in its third edition. While Queen was his gateway band, he has come to appreciate all kinds of music over the years and considers himself lucky that his first ever concert, at the age of 10, was on Pink Floyd's *The Division Bell* tour at Veteran's Stadium on June 2, 1994. He has since turned his love of writing about music into a hobby with several unfinished manuscripts collecting dust on an external hard drive. He lives in Philadelphia with his wife Meredith and their two cats, Spencer and William.

Inside Out Nick Mason, 2018-02-08
UPDATED FOR 2017 WITH A NEW CHAPTER. The definitive history of Pink Floyd, one of the world's great bands, by founder member Nick Mason. Pink Floyd is one of the most creative, successful and enduring bands of all time. As the only member to have been part of the band throughout the 50 years of its existence and the first to write a personal take on their history, Nick Mason gives unique insights into Pink Floyd's highs and lows, from their emergence in the late 1960s underground to the huge worldwide success of *The Dark Side of the Moon* and the rifts and pressures that developed within the group. In a new chapter, Nick Mason looks back at the years following the band's final performance at Live 8 in July 2005 and reflects on the huge changes that have occurred since the irreplaceable losses, the new releases and the impact on the Floyd's continued success of both digital technology and social media. Intelligent, original and self-deprecating, *Inside Out* is the first-hand story of a band that has become a legend, as celebrated by the Victoria and Albert Museum's landmark Pink Floyd exhibition in 2017.
