Prosody In Conversation Interactional Studies:

Prosody in Conversation Elizabeth Couper-Kuhlen, Margret Selting, 1996-07-11 The essays in this volume are all original contributions dealing in one way or another with the analysis of prosody primarily intonation and rhythm and the role it plays in everyday conversation They take as their methodological starting point the contention that the study of prosody must begin with genuine interactional rather than pre fabricated laboratory data Through close empirical analysis of recorded material from genuine English German and Italian conversations the prosody emerges here as a strategy deployed by interactants in the management of turn taking and floor holding in the negotiation of conversational activities such as repair assessments announcements reproaches and news receipts and in the keying of the tone or modality of interactional sequences

Prosody in Conversation Elizabeth Couper-Kuhlen, Margret Selting, 1996 The Handbook of Conversation Analysis Jack Sidnell, Tanya Stivers, 2012-08-03 Presenting a comprehensive state of the art overview of theoretical and descriptive research in the field The Handbook of Conversation Analysis brings together contributions by leading international experts to provide an invaluable information resource and reference for scholars of social interaction across the areas of conversation analysis discourse analysis linguistic anthropology interpersonal communication discursive psychology and sociolinguistics Ideal as an introduction to the field for upper level undergraduates and as an in depth review of the latest developments for graduate level students and established scholars Five sections outline the history and theory methods fundamental concepts and core contexts in the study of conversation as well as topics central to conversation analysis Written by international conversation analysis experts the book covers a wide range of topics and disciplines from reviewing underlying structures of conversation to describing conversation analysis relationship to anthropology communication linguistics psychology and sociology

Interactional Linguistics Elizabeth Couper-Kuhlen, Margret Selting, 2018 Reviewing recent findings on linguistic practices used in turn construction and turn taking repair action formation and ascription sequence and topic organization the book examines the way linguistic units of varying size sentences clauses phrases clause combinations particles are mobilized for the implementation of specific actions in talk in interaction A final chapter discusses the implications of an interactional perspective for our understanding of language as well as its variation diversity and universality Supplementary online chapters explore additional topics such as the linguistic organization of preference stance footing and storytelling as well as the use of prosody and phonetics and further practices with language

Conversation Analytic Perspectives to Digital Interaction Aino Koivisto, Heidi Vepsäläinen, Mikko T. Virtanen, 2023-06-22 This book offers a collection of state of the art conversation analytic work on the impact of different types of digital technologies and media on social interaction It furthers our understanding of whether and to what extent the varying practices of digital interaction can be considered adaptations of the basic organisations and resources of co present face to face interaction The chapters explore the emerging practices in contemporary digital interaction and in interaction

related to digital technologies The volume is organised into four sections according to the platform or type of digital interaction mobile messaging social media video conferencing and human computer interaction Each of the chapters highlights an interactional or linguistic phenomenon an action a practice a sequence or a larger structure Some of these are unique to online environments such as emojis or hashtags whereas some occur in both online and offline interaction such as repair initiators and proposal sequences

Doing Conversation Analysis Paul ten Have, 2007-09-25 This is the book for introducing and getting to grips with conversation analysis Accessible comprehensive and very applied Steven Wright Lancaster University A clearly written book It puts CA into perspective by presenting exemplary studies and differentiating CA from other approaches to discourse It is full of advice concerning the technicalities of recording transcription and analysis It will be most useful to my students Spiros Moschonas University of Athens The Second Edition of Paul ten Have's classic text *Doing Conversation Analysis* has been substantially revised to bring the book up to date with the many changes that have occurred in conversation analysis over recent years The book has a dual purpose to introduce the reader to conversation analysis CA as a specific research approach in the human sciences and to provide students and novice researchers with methodological and practical suggestions for actually doing CA research The first part of the book sets out the core theoretical concepts that underpin CA and relates these to other approaches to qualitative analysis The second and third parts detail the specifics of CA in its production of data recordings and transcripts and its analytic strategies The final part discusses ways in which CA can be applied in the study of specific institutional settings and for practical or critical purposes

Conversation Analysis Rebecca Clift, 2016-09-08 The first linguistics based textbook on conversation analysis illuminating the universals of interaction across a rich array of languages

Stance in Talk Ruey-Jiuan Regina Wu, 2004-06-22 Guided by the methodology of conversation analysis CA this book explores how participants in Mandarin conversation display stance in the unfolding development of action and interaction and in particular how this is accomplished through the use of two Mandarin final particles Through a close examination of the sequential environments of these two particles and the interactional work accomplished by their use the research presented in this book seeks to demonstrate how a participant oriented action based micro approach to data can help us gain analytic leverage in understanding the functions and meanings of these particles an area which has long posed a challenge to Chinese linguists On the other hand in utilizing a CA based framework applied to Mandarin this study also seeks to contribute to conversation analytic research by revealing previously uninvestigated language specific phenomena while at the same time showing how talk in interaction in a non western language i e Mandarin can also display the same striking systematicity and orderliness as observed in many western languages As one of the pioneering CA studies of Mandarin this book will be of interest to researchers in Chinese linguistics and conversation analysis as well as those in fields which touch upon the relationships between languages and cultures
